CITIZENS SUMMARY

Findings in the audit of Caldwell County

Detention Center's Controls and Procedures	The Sheriff does not ensure detention center personnel timely disburse net proceeds earned from operating the commissary to the County Collector-Treasurer, as required by state law. In addition, the Sheriff has not established procedures to routinely follow up on outstanding checks for the detention center account.
Electronic Communication Policies	The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Caldwell County

We have audited certain operations of Caldwell County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

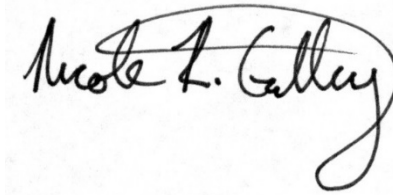

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Caldwell County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

State Auditor

Caldwell County

Management Advisory Report

State Auditor's Findings

1. Detention Center's Controls and Procedures

Controls and procedures at the detention center need improvement. Commissary bank account deposits totaled approximately \$790,000 during the year ended December 31, 2020.

1.1 Disbursements

The Sheriff does not ensure detention center personnel timely disburse net proceeds earned from operating the commissary to the County Collector-Treasurer, as required by state law. During 2020, detention center personnel disbursed commissary net proceeds totaling \$287,197 to the County Collector-Treasurer.

The disbursement of monthly net proceeds was not performed timely and averaged approximately 75 days after the end of each month. For example, October, November, and December 2019 net proceeds were not disbursed until March 2020 and April, May, and June 2020 net proceeds were not disbursed until August 2020. In addition, the February 2020 net proceeds check was dated May 14, 2020, but was not receipted by the County Collector-Treasurer until June 17, 2020. The Financial Officer indicated disbursements of net proceeds was several months behind when she started employment in August 2019, and it has taken time to catch up while also keeping up with the current workload.

To reduce the risk of loss, theft, or misuse of funds, commissary net proceeds should be disbursed to the County Collector-Treasurer monthly. Section 50.370, RSMo, requires county officials to turn over all fees to the County Collector-Treasurer monthly. Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining funds (net proceeds) of the commissary account into the county Inmate Prisoner Detainee Security Fund held by the County Collector-Treasurer.

A similar finding was noted in our prior audit.

1.2 Outstanding checks

The Sheriff has not established procedures to routinely follow up on outstanding checks for the detention center account. As of December 31, 2020, 147 checks totaling \$987 had been outstanding for more than a year with 47 checks totaling \$232 outstanding for more than 2 years. Detention center personnel indicated due to the number of old outstanding checks and their other duties in the office, they have not had time to follow up on these checks.

Procedures to routinely follow up on outstanding checks are necessary to prevent the accumulation of money in the account and ensure money is appropriately disbursed to the payee or as otherwise provided by state law.

Caldwell County
Management Advisory Report - State Auditor's Findings

Recommendations

The Sheriff:

- 1.1 Ensure existing and future commissary net proceeds not necessary to meet cash flow needs or current operating expenses are disbursed timely to the County Collector-Treasurer for deposit into the Inmate Prisoner Detainee Security Fund.
- 1.2 Establish procedures to routinely investigate outstanding checks. Old outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the money should be disposed of in accordance with state law.

Auditee's Response

- 1.1 *I agree and detention center personnel are now disbursing this money timely.*
- 1.2 *I agree and will work with detention center personnel to develop procedures for investigating old outstanding checks and disbursing them to the appropriate party.*

2. Electronic Communication Policies

The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.¹

Development of written policies to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

¹ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed October 18, 2021.

Caldwell County
Management Advisory Report - State Auditor's Findings

Auditee's Response

We agree and will work with other county officials to develop written records management and retention policies related to electronic communications.

Caldwell County

Organization and Statistical Information

Caldwell County is a township-organized, third-class county. The county seat is Kingston.

Caldwell County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 81 full-time employees and 13 part-time employees on December 31, 2020. The townships maintain county roads.

In addition, county operations include the Little Otter Creek Board (a watershed project board) and Senior Citizens Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
C.R. (Bud) Motsinger, Presiding Commissioner	\$	31,159
Rex J. Hibler, Associate Commissioner		29,039
Jonathan Abbott, Associate Commissioner		29,039
Julie Hill, Recorder of Deeds		43,469
Christine Owen, County Clerk (1)		46,069
Brady C. Kopek, Prosecuting Attorney		143,388
Jerry Galloway, Sheriff		47,715
Dana Brown, County Coroner		13,756
Richard Lee, Public Administrator		26,530
June Grooms, County Collector-Treasurer (2), year ended March 31,	50,368	
Beverly Alden, County Assessor, year ended August 31,		42,828

(1) Includes \$2,600 in commissions earned for preparing city property tax books.

(2) Includes \$6,501 of commissions earned for collecting city property taxes.

Use of Highway Funds**

Year Ended June 30, 2021

Report No. 2021-133

December 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Missouri State Highway Patrol's Use of Highway Funds

Background	Missouri state law requires the Missouri State Auditor to examine whether State Highways and Transportation Fund appropriations to the Missouri State Highway Patrol are used in accordance with the Missouri Constitution, which limits the use of these funds to activities related to administering and enforcing state motor vehicle laws or traffic regulations.
Methodology	Audit staff reviewed policies and procedures, financial records and other pertinent documents; interviewed agency personnel; and performed sample testing. Auditors also reviewed highway patrol calculations of amounts spent for non-highway activities; and the amounts spent for highway-related activities from other funding sources.
Conclusions	The audit determined the Missouri State Highway Patrol complied with legal provisions related to the use of highway funding for the 2021 fiscal year.

Because of the limited objective of this review, no overall rating is provided.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Sandra K. Karsten, Director
Department of Public Safety
and
Colonel Eric T. Olson, Superintendent
Missouri State Highway Patrol
Jefferson City, Missouri

We have audited the Department of Public Safety, Missouri State Highway Patrol's Use of Highway Funds, as required by Section 226.200.3, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2021. The objective of our audit was to determine whether the agency is in compliance with legal provisions related to the use of highway funds.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The Background, Methodology, and Conclusions present our comments concerning the overall compliance related to the Department of Public Safety, Missouri State Highway Patrol's Use of Highway Funds.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Missouri State Highway Patrol's Use of Highway Funds

Background, Methodology, and Conclusions

Background

The State Auditor is required to determine whether appropriations from the State Highways and Transportation Fund (State Highway Fund) to the Missouri State Highway Patrol (MSHP) are used for administering and enforcing state motor vehicle laws and traffic regulations pursuant to the constitution.

Limitations and requirements

Article IV, Section 30(b), Missouri Constitution, limits the MSHP's use of highway funds to activities related to administering and enforcing state motor vehicle laws or traffic regulations. In addition, Section 226.200.3, RSMo, provides, in part:

" . . . Appropriations allocated from the state highways and transportation department fund to the highway patrol shall only be used by the highway patrol to administer and enforce state motor vehicle laws or traffic regulations. Beginning July 1, 2007, any activities or functions conducted by the highway patrol not related to enforcing or administering state motor vehicle laws or traffic regulations shall not be funded by the state highways and transportation department fund, but shall be funded from general revenue or any other applicable source. Any current funding from the highways and transportation department fund used for activities not related to enforcing state motor vehicle laws or traffic regulations shall expire on June 30, 2007. The state auditor shall annually audit and examine the appropriations made to the highway patrol to determine whether such appropriations are actually being used for administering and enforcing state motor vehicle laws and traffic regulations pursuant to the constitution. The state auditor shall submit its annual findings to the general assembly by January fifteenth of each year."

During the year ended June 30, 2021, the MSHP used appropriations from the State Highway Fund as follows:

¹ Amounts exclude personal service expenditures totaling \$41,669,609 and expense and equipment expenditures totaling \$115,151 initially paid from MSHP appropriations from the State Highway Fund that were reclassified by the Office of Administration to Department of Public Safety appropriations from the State Emergency Management Federal Stimulus Fund for costs related to duties performed and expenses incurred in response to the Coronavirus Disease 2019 (COVID-19) emergency.

² The lapsed balances include withholdings made at the Governor's request totaling \$4,216,727.

Methodology

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the agency; and performing sample testing using judgmental selection. The results of our sample testing cannot be projected to the entire population from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objective and assessed the design, implementation, and operating effectiveness of such internal control to the extent necessary to address our audit objective. We also obtained an understanding of legal provisions that are significant within the context of the audit objective, and we assessed the risk that illegal acts, including fraud, and violations of other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

Missouri State Highway Patrol's Use of Highway Funds Background, Methodology, and Conclusions

To determine whether the MSHP complied with the limitations on the use of highway funds, we reviewed the MSHP calculations of amounts expended from the State Highway Fund for non-highway activities and the amounts expended by the MSHP for highway-related activities from other funding sources. We compared the amounts used in the MSHP calculations to expenditures recorded in the state accounting system (SAM II) and other supporting documentation. In addition, we tested certain expenditures to determine if the expenditures were properly recorded.

Conclusions

We concluded the MSHP is in compliance with legal provisions related to the use of highway funds. During fiscal year 2021, the MSHP spent approximately \$2,640,000 appropriated from the State Highway Fund for expenditures not related to highway activities. This amount included non-highway personal service expenditures made from the State Highway Fund from appropriations for administration, crime laboratories, training academy, and fringe benefits; and expense and equipment expenditures from appropriations for administration, gasoline, and fringe benefits. However, these expenditures were more than offset by personal service and/or expense and equipment expenditures totaling approximately \$4,251,000 from appropriations for crime laboratories, training academy, and technical services that were related to highway activities, but not paid from the State Highway Fund. As a result, approximately \$1,611,000 more was spent on highway-related activities than was paid from highway funds during fiscal year 2021.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to summarize the unemployment benefits and relief received by Missouri citizens, government entities, and nonprofit organizations related to the Coronavirus Disease 2019 (COVID-19) emergency from declaration of the emergency through October 2021.

In March 2020, Congress passed several legislative measures signed into law to provide assistance to citizens becoming unemployed due to the COVID-19 emergency. In August 2020, following expiration of a significant program in the initial legislation, the President issued an executive memorandum for a new short-term program. In December 2020, Congress passed another legislative measure signed into law extending provisions set to expire that month and establishing new or modified unemployment assistance programs. In March 2021, Congress passed another legislative measure signed into law extending provisions set to expire that month and establishing new or modified unemployment assistance programs. The unemployment assistance funding is processed through the state's Unemployment Insurance Trust Fund at the Department of Labor and Industrial Relations.

Through October 31, 2021, more than 740,000 Missouri citizens have received assistance totaling approximately \$5.37 billion from at least one of the unemployment benefit programs. Also, through that date, approximately 1,700 government entities and nonprofit organizations have received \$30.2 million in emergency unemployment relief. Missouri ended participation in all pandemic-related unemployment benefits effective June 12, 2021.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Federal Unemployment Funding for COVID-19 Response Through October 2021

Executive Summary

Executive Summary

Missouri citizens have received unemployment assistance under the following federal laws enacted or executive action taken in March, August, and December 2020 and March 2021:

- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Memorandum on Authorizing the Other Needs Assistance Program for Major Disaster Declarations Related to Coronavirus Disease 2019
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan (ARP) Act of 2021 (Public Law 117-2; H.R.1319)

The Families First Coronavirus Response Act included the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA).¹ That act provided, among other things, (1) emergency administrative grants to states; (2) emergency flexibilities to states related to temporarily modifying certain aspects of their unemployment compensation laws; (3) a short-term waiver of interest payments due and interest accrual on Title XII advances to states; and (4) full federal funding, under certain circumstances, of extended benefits (EB) paid through December 31, 2020. The EUISAA also required the U.S. Department of Labor to provide technical assistance and guidance to assist states in establishing, implementing, and improving employer awareness of the Short-Time Compensation (STC) program, also known as Shared Work or Work Share. The Consolidated Appropriations Act extended certain EUISAA provisions and STC program benefits to March 14, 2021. The ARP Act extended that date to September 6, 2021.

The CARES Act authorized the following provisions with changes and extensions authorized by the Continued Assistance Act (part of the Consolidated Appropriations Act) and the ARP Act:²

¹ U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 13-20*, pages 2-8, issued March 22, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 9-21*, pages 4-5 and 13, issued December 30, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-21*, pages 4 and 11, issued March 15, 2021.

² U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-20*, pages 3-6, issued April 2, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 9-21*, pages 6 and 10-12, issued December 30, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-21*, pages 5-9, issued March 15, 2021.

Federal Unemployment Funding for COVID-19 Response
Through October 2021
Executive Summary

Pandemic Unemployment
Assistance

The CARES Act authorized the Pandemic Unemployment Assistance (PUA) program, which provides up to 39 weeks of benefits and was available starting with weeks of unemployment beginning on or after January 27, 2020, and ending on or before December 31, 2020.

The program covered individuals who were self-employed, seeking part-time employment, or whom otherwise would not qualify for regular unemployment compensation (UC) or EB under state or federal law or Pandemic Emergency Unemployment Compensation (PEUC). Coverage also included individuals who had exhausted all rights to regular UC or EB under state or federal law, or PEUC.

The Continued Assistance Act extended the end of the period of applicability for the program, without interruption, to weeks of unemployment ending on or before March 14, 2021. The act increased the maximum number of weeks of PUA benefits from 39 weeks to 50 weeks. The number of weeks available continued to be reduced by any weeks of regular UC and EB that the individual receives with respect to the pandemic assistance period. Individuals could only collect these additional 11 weeks of benefits with respect to weeks of unemployment beginning on or after December 27, 2020.

The ARP Act extended the end of the period of applicability for the program, without interruption, to weeks of unemployment ending on or before September 6, 2021. The maximum number of weeks of PUA benefits increased from 50 weeks to 79 weeks. The number of weeks available continued to be reduced by any weeks of regular UC and EB that the individual received with respect to the pandemic assistance period. Generally, an individual must have exhausted all entitlement to regular UC, PEUC, and EB before being eligible for PUA. However, the ARP Act provided a "hold harmless" provision for an individual who previously exhausted PEUC and was receiving PUA, but, because of Section 9016(b), the ARP Act, became eligible for additional amounts of PEUC beginning on or after March 11, 2021. States could temporarily continue paying PUA to an individual currently receiving PUA who was newly eligible to receive PEUC due to the additional weeks of PEUC.

States had to continue to take new applications for PUA for 30 days after the date of termination or expiration (whichever came first) of the program. The state would backdate such claims, as appropriate, to the first week during the pandemic assistance period the applicant was eligible for benefits.

Pandemic Emergency
Unemployment Compensation

The CARES Act authorized the Pandemic Emergency Unemployment Compensation program, which provided up to 13 weeks of benefits and was available for weeks of unemployment beginning after the date on which the state entered into an agreement with the U.S. Department of Labor and ending with weeks of unemployment ending on or before December 31, 2020.

Federal Unemployment Funding for COVID-19 Response
Through October 2021
Executive Summary

This program covered individuals who: had exhausted all rights to regular UC under state or federal law; had no rights to regular UC under any other state or federal law; were not receiving compensation under the UC laws of Canada; and were able to work, available for work, and actively seeking work. However, states had to offer flexibility in meeting the "actively seeking work" requirement if individuals were unable to search for work because of COVID-19, including because of illness, quarantine, or movement restriction.

Among the requirements of this program was a non-reduction rule, which prohibited states from changing the computation method governing regular UC law in a way that resulted in the reduction of average weekly benefit amounts or the number of weeks of benefits payable (i.e., maximum benefit entitlement).

The Continued Assistance Act extended the end of the period of applicability for the PEUC program, without interruption, to weeks of unemployment ending on or before March 14, 2021. Individuals receiving PEUC as of the end of the program could continue to collect PEUC if they had remaining entitlement and were otherwise eligible to receive these benefits. However, no PEUC was payable for any week beginning after April 5, 2021. The maximum amount of PEUC benefits increases from 13 times the individual's average weekly benefit amount (WBA) to 24 times the individual's average WBA. Individuals could only collect the additional amount, 11 times their average WBA, with respect to weeks of unemployment beginning on or after December 27, 2020.

The ARP Act extended the end of the period of applicability for the PEUC program, without interruption, to weeks of unemployment ending on or before September 6, 2021. The maximum amount of PEUC compensation that could be established in an individual's account for the benefit year increased from 24 times the individual's average WBA to 53 times the individual's average WBA. No amount of benefits was payable by virtue of the amendments made by the ARP Act with respect to any week of unemployment ending on or before March 14, 2021.

If a state's UC law provided for claims to be backdated, the state had to continue to take new applications for PEUC as provided under state law for late filing of claims after the date of termination or expiration (whichever came first) of the program.

Federal Pandemic Unemployment
Compensation

The CARES Act authorized the Federal Pandemic Unemployment Compensation (FPUC) program, which provided an additional \$600 per week to individuals who were collecting regular UC (including Unemployment Compensation for Federal Employees and Unemployment Compensation for Ex-Servicemembers), PEUC, PUA, EB, STC, Trade Readjustment Allowances, Disaster Unemployment Assistance, and payments under the

Federal Unemployment Funding for COVID-19 Response
Through October 2021
Executive Summary

Self Employment Assistance program. The program was available for weeks of unemployment beginning after the date on which the state entered into an agreement with the U.S. Department of Labor and ending with weeks of unemployment ending on or before July 31, 2020.

The Continued Assistance Act reauthorized the FPUC program and modified it to provide \$300 per week in supplemental benefits for weeks of unemployment beginning after December 26, 2020, and ending on or before March 14, 2021. FPUC was not payable with respect to any week during the gap in applicability, that is, weeks of unemployment ending after July 31, 2020, through weeks of unemployment ending on or before December 26, 2020. The ARP Act extended the program at the same weekly benefit level through the week ending on or before September 6, 2021.

Individuals did not have to submit an application to receive FPUC benefits. If an individual was eligible to receive payment under a qualifying program, the state had to pay FPUC with respect to weeks of unemployment ending on or before the date of termination or expiration (whichever came first) of the program.

Mixed Earners Unemployment
Compensation

The Continued Assistance Act authorized the Mixed Earners Unemployment Compensation (MEUC) program for states that elected to participate. The program provided \$100 each week, in addition to FPUC, to individuals with \$5,000 or more in self-employment income in the previous tax year who were receiving unemployment benefits from a program other than PUA. MEUC was payable beginning with weeks of unemployment no earlier than week ending January 2, 2021, through the week of unemployment ending on or before March 14, 2021. The ARP Act extended that date to September 6, 2021.

If a state's UC law provided for claims to be backdated, the state had to continue to take new applications for MEUC as provided under state law for late filing of claims after the date of termination or expiration (whichever came first) of the program.

Emergency Unemployment Relief
for Governmental Entities and
Non-profit Organizations

The CARES Act provided for transfers to a state's account in the unemployment trust fund from the Federal Unemployment Account to provide partial reimbursements (generally 50 percent of the amount of payments in lieu of contributions) to state and local governmental entities, certain nonprofit organizations, and federally recognized Indian tribes for weeks of unemployment between March 13, 2020, and December 31, 2020. These partial reimbursements applied to all payments made during this time period, even if the unemployed individual was not unemployed as a result of COVID-19.

Federal Unemployment Funding for COVID-19 Response
Through October 2021
Executive Summary

The Continued Assistance Act extended the relief to weeks of unemployment ending on or before March 14, 2021. The ARP Act extended that date to September 6, 2021. With that extension, the amount of emergency relief for weeks of unemployment beginning after March 31, 2021, increased from 50 percent of compensation paid to 75 percent.

Waiting Week

Under the CARES Act, states that provided compensation to individuals for their first week of unemployment (i.e., states that did not require a waiting week) and that entered into an agreement with the U.S. Department of Labor could receive 100 percent federal funding for the total amount of regular UC paid to individuals for their first week of regular UC. This funding was available for weeks of unemployment beginning after the date on which the state entered into the agreement and ended with weeks of unemployment ending on or before December 31, 2020.

The Continued Assistance Act extended this benefit through weeks of unemployment ending on or before March 14, 2021. The amount of federal funding for reimbursement under this provision decreased from 100 percent to 50 percent for weeks of unemployment ending after December 31, 2020.

The ARP Act extended this benefit through weeks of unemployment ending on or before September 6, 2021. The act also retroactively re-established the amount of federal funding for reimbursement at 100 percent for weeks of unemployment ending after December 31, 2020.

Other Needs Assistance Program³ Through a Federal Emergency Management Agency (FEMA) administered grant for lost wages assistance from the Disaster Relief Fund, a state could provide eligible recipients a \$400 payment per week, which would reflect a \$300 federal contribution, to eligible claimants from the week of unemployment ending August 1, 2020. The state was responsible for \$100 of the weekly benefit. The President issued the memorandum on August 8, 2020.

This program was available until the Disaster Relief Fund balance reached \$25 billion or for weeks of unemployment ending not later than December 6, 2020, whichever occurred first, at which time the lost wages assistance program would terminate. In Missouri, this program ended in early September 2020. The program allowed states 90 days following the period of assistance for a period of performance to resolve outstanding program issues. Missouri received 6-month extensions for this work in March and August

Federal Unemployment Funding for COVID-19 Response
Through October 2021
Executive Summary

Assistance Provided
Through October 2021

2021. The second extension expires March 27, 2022. The closeout and liquidation period for the grant is extended to June 27, 2022.

Through October 31, 2021, more than 740,000 Missouri citizens have received assistance totaling approximately \$5.37 billion from at least one of these programs. Also, through that date approximately 1,700 government entities and nonprofit organizations have received \$30.2 million in emergency unemployment relief. Missouri ended participation in all pandemic-related unemployment benefits effective June 12, 2021. The state is required to process and pay benefits under the PUA, FPUC, PEUC, and MEUC programs for all weeks of unemployment ending on or before June 12, 2021, and comply with all responsibilities with respect to claims filed under these programs for those weeks, and processing claims with respect to those weeks that are filed after the state terminates participation in the programs.

Total all Programs	<u>\$ 5,396,066,062</u>			

¹ Benefits paid are reported on a cash basis, net of cancellations and recoupment of any overpayments.

² The start and end dates for benefit programs refer to the week of unemployment that is reported by the claimant after the week is over. If a claim is under review because of an issue, the payment for the week will be delayed until the issue is resolved. Issues may include reason for termination, other wages received, availability for work, etc. Missouri ended participation in all pandemic-related unemployment benefits effective June 12, 2021.

³ The state's portion of this program is not included in the total.

⁴ The total presented is through December 31, 2020. Beginning in 2021, the process of handling this benefit changed. The information for 2021 was not readily available.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance from the American Rescue Plan (ARP) Act in the month of November 2021 for the Coronavirus Disease 2019 (COVID-19) recovery and the cumulative financial activity since the state began receiving funding in May 2021.

In March 2021, Congress passed the ARP Act signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities for the COVID-19 recovery. The funding received by or made available to Missouri state government agencies will help pay for the state's recovery from the COVID-19 pandemic and provides (1) state and local recovery aid, (2) temporary additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, (3) funding for elementary and secondary schools and institutions of higher education, and (4) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. A large part of the funding authorized in this legislation will be sent directly to local government entities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In November, the state spent \$1.9 million from federal ARP Act assistance (Appendix A). Through the end of November, the state has received \$1.81 billion and spent \$344.6 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

State Auditor

Federal ARP Act Funding for COVID-19 Recovery

November 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the American Rescue Plan (ARP) Act of 2021 (Public Law 117-2, H.R.1319) signed into law in March 2021. Under the act, the state has also been awarded as of November 30, 2021, approximately \$10.9 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. The following sections discuss the amount and funding purpose of significant award sources.

State and local fiscal recovery funding

Of the awarded amounts, \$2.69 billion is for state fiscal recovery funding and \$2.473 billion is for local fiscal recovery funding. The local government recovery funding is \$1.192 billion for counties, \$831 million for cities with a population generally of 50,000 or more, and \$450 million for other local jurisdictions with populations generally below 50,000. The award also includes \$196.7 million from the Coronavirus Capital Projects Fund for the state.

These funds may be used to cover eligible costs incurred during the period that begins on March 3, 2021, and ends on December 31, 2024, as long as the award funds for the obligations incurred by December 31, 2024, are expended by December 31, 2026. Costs for projects incurred prior to March 3, 2021, are not eligible.

This funding can be used for the following purposes:

- Respond to the COVID-19 emergency and address its economic effects, including through aid to households, small businesses, nonprofit organizations, and industries such as tourism and hospitality. For example household assistance could be for rent, mortgage, or utility costs incurred by the household prior to March 3, 2021, provided the state did not incur the cost of providing such assistance prior to March 3, 2021. Funds may be used for vaccine incentive and back to work incentive programs.
- Provide premium pay to essential employees or grants to their employers. Premium pay cannot exceed \$13 per hour or \$25,000 per worker. Federal interim rules emphasize the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150 percent of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers. Recipients may provide premium pay retrospectively for work performed at any time since the start of the COVID-19 public health emergency. Such premium pay must be "in addition to" wages and remuneration already received and the obligation

Federal ARP Act Funding for COVID-19 Recovery
November 2021
Executive Summary

to provide such pay must not have been incurred by the recipient prior to March 3, 2021.

- Provide government services affected by a revenue reduction resulting from COVID-19. The federal government gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. The calculation of lost revenue begins with the recipient's revenue in the last full fiscal year prior to the COVID-19 public health emergency and includes the 12-month period ending December 31, 2020, but use of funds for government services must be forward looking for costs incurred by the recipient after March 3, 2021.
- Make investments in water, sewer and broadband infrastructure. Recipients may use awarded funds to cover costs incurred for eligible projects planned or started prior to March 3, 2021, provided that the project costs covered by the funds were incurred after March 3, 2021.

Counties and cities with populations primarily greater than 50,000 will receive their funding directly from the federal government. Other jurisdictions with populations primarily less than 50,000 will receive their funding distribution through the state and cannot receive more than 75 percent of their budget as of January 27, 2020. The state will have to distribute funds within 30 days of receiving them, subject to possible approved extensions. States that miss the deadline and any extensions would have to return any undistributed funds.

The funds will primarily be distributed in two distributions, with half delivered no later than 60 days after the date on which the state or local government receiving funding directly from the federal government submits the required certification form, and the remainder no earlier than a year later.

State and local governments cannot use the funds towards pensions or to offset revenue resulting from a tax cut enacted since March 3, 2021. They can transfer funds to private nonprofit groups, public benefit corporations involved in passenger or cargo transportation, and special-purpose units of state or local governments.

The state and cities and counties with populations of more than 250,000 residents had to file a Recovery Plan Performance Report by August 31, 2021, with the federal government and will have to file that report annually thereafter by the end of July. Each Recovery Plan Performance Report must be posted on the public-facing website of the recipient by the same date the recipient submits the report to the Department of the Treasury.

By January 31, 2022, the state and cities and counties receiving funding directly from the federal government also have to file a Project and Expenditure Report and then thereafter 30 days after the end of each quarter.

Federal ARP Act Funding for COVID-19 Recovery
November 2021
Executive Summary

Other jurisdictions receiving their distribution from the state must file that report by April 30, 2022, but only annually thereafter.

Medicaid (MO Healthnet) funding

For Medicaid Federal Medical Assistance Percentage (FMAP) ¹ funding the act:

- Provides a temporary (for 2 years after implementation) 5 percent FMAP increase for states that enact the Affordable Care Act's Medicaid expansion. Missouri began implementing Medicaid expansion by accepting applications on August 10, 2021, though the state did not begin processing applications until October 1, 2021. Coverage will be available retroactive to July 1, 2021, consistent with a state supreme court order.
- Increases the federal FMAP by 10 percent for state expenditures on home and community based services for 4 fiscal quarters if certain requirements are met. In September, the state received approval from the federal government for its projected spending plan to enhance, expand, and strengthen home and community-based services related to the increased FMAP.
- Provides an 85 percent FMAP for the first 3 years that a state covers mobile crisis intervention services for mental health or substance use disorders, expiring after 5 years.

The act also eliminates the cap on the rebate amount manufacturers are required to pay Medicaid on covered drugs, starting in 2024.

Education funding

The Department of Elementary and Secondary Education will receive \$1.96 billion from the act. At least 90 percent of that funding must be distributed to local school districts. The districts must reserve at least 20 percent of that funding to address learning loss. The department will also receive \$68.6 million for distribution to non-public schools. The funding will remain available through September 30, 2023.

Public and private institutions of higher education will receive \$627 million from the act. At least 50 percent of the allocated funding received must be

¹ Another federal act in early 2020 provides Missouri a 6.2 percent FMAP increase beginning January 1, 2020, for MO HealthNet and other applicable programs. That increase remains available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. The state had an FMAP percentage of approximately 66 percent prior to that act. The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to the 2020 increase.

Federal ARP Act Funding for COVID-19 Recovery
November 2021
Executive Summary

spent on emergency financial aid for students. The funding will remain available through September 30, 2023.

Spending status

In November, the state spent \$1.9 million from federal ARP Act assistance (Appendix A). Through the end of November, the state has received \$1.81 billion and spent \$344.6 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of November 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In November, the state spent \$116.4 million from federal COVID-19 assistance (Appendix A). Through the end of November, the state has received \$5.1 billion and spent \$4.82 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.3 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Federal Funding for COVID-19 Response

November 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of November 30, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
November 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of November 30, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

On December 14, 2021, the Department of the Treasury issued revised guidance to provide that a cost associated with a necessary expenditure incurred due to the public health emergency shall be considered to have been incurred by December 31, 2021, if the recipient has incurred an obligation with respect to such cost by December 31, 2021. The department defines obligation for this purpose as an order placed for property and services and entry into contracts, subawards, and similar transactions that require payment. Recipients are currently permitted to record their expenditures through September 30, 2022. Previous guidance had indicated for a cost to be considered to have been incurred, performance or delivery must occur during the covered period but payment of funds need not be made during that time.

² From the U.S. Department of the Treasury, CFDA number 21.019.

Federal Funding for COVID-19 Response
November 2021
Executive Summary

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
November 2021
Executive Summary

- Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.
4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
- Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
- Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.

Federal Funding for COVID-19 Response
November 2021
Executive Summary

- Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

Under the CARES Act, the state has also been awarded as of November 30, 2021, approximately \$3.85 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of November 30, 2021, approximately \$2.86 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of November 30, 2021, approximately \$10.9 billion of additional or new

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
November 2021
Executive Summary

funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

In November, the state spent \$116.4 million from federal COVID-19 assistance (Appendix A). Through the end of November, the state has received \$5.1 billion and spent \$4.82 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.3 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022, as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022, as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2022. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

³ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of St. Clair County, Missouri

The Office of the State Auditor contracted for an audit of St. Clair County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CliftonLarsonAllen, LLP, is attached.

INDEPENDENT AUDITORS' REPORT

County Commission
St. Clair County
Osceola, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the St. Clair County (the County), Missouri, which comprise cash and investments for each fund as of December 31, 2020 and 2019, and the related statements of cash receipts, disbursements and changes in cash and investment balances-budget and actual for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law as described in Note 1 of the accompanying financial statements. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2020 and 2019, or changes in financial position for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of each fund of the County as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2021, on our consideration of the County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County’s internal control over financial reporting and compliance.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

St. Clair County (the County), which is governed by a three-member board of commissioners. There are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder of Deeds, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of the County, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a statement of receipts, disbursements and changes in cash and investment balances – all governmental funds, a comparative statement of receipts, disbursements and changes in cash and investment balances – budget and actual – all governmental funds, and a statement of assets and liabilities arising from cash transactions – agency funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

Fiduciary Fund Types

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similar to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other agency operations.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America.

As a result of using the regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, bonds, and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 of the Missouri Revised Statutes (RSMo), the County adopts a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
7. Budgets are prepared and adopted on the cash basis of accounting. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar years 2020 and 2019, for purposes of taxation, was:

	2020	2019
Real Estate	\$ 90,396,744	\$ 89,134,137
Personal Property	31,366,723	30,760,009
Total	<u>\$ 121,763,467</u>	<u>\$ 119,894,146</u>

During 2020 and 2019, the County Commission approved a \$0.6160 and \$0.6143 tax levy, respectively, per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	2020	2019
General Revenue	\$ 0.3332	\$ 0.3319
Common Road and Bridge	0.3261	0.3261
Road and Bridge	0.2828	0.2824
Total	<u>\$ 0.9421</u>	<u>\$ 0.9404</u>

F. Cash Deposits and Investments

Deposits and investments are stated at cost. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less, if applicable. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the state of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in the notes to the financial statements.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Interfund Transactions

Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

NOTE 2 DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. County investments are nonnegotiable certificates of deposit. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption.

Deposits

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. The total bank balance as of December 31, 2020 and 2019 was insured through the Federal Deposit Insurance Corporation or had pledged collateral.

Summary of Carrying Values

The carrying values of cash and investments in governmental and agency funds included in the financial statements at December 31, 2020 and 2019, as follows:

	<u>2020</u>	<u>2019</u>
Governmental Funds:		
Cash	\$ 4,280,268	\$ 3,520,035
Investments	<u>2,000,000</u>	<u>2,025,000</u>
Total Government Funds	<u><u>\$ 6,280,268</u></u>	<u><u>\$ 5,545,035</u></u>
	<u>2020</u>	<u>2019</u>
Agency Funds:		
Cash	\$ 587,952	\$ 669,578
Investments	<u>145,000</u>	<u>145,000</u>
Total Agency Funds	<u><u>\$ 732,952</u></u>	<u><u>\$ 814,578</u></u>

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 3 THE RETIREMENT SYSTEM (LAGERS)

Plan Description

St. Clair County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755 RSMo. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after five years of credited service. Employees who retire on or after age 60 (55 for police and fire) with five or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of five years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

Benefit terms provide for annual postretirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 0.3% (General) and 3.8% (Police) of annual covered payroll.

For the years ended December 31, 2020 and 2019, the County paid \$119,051 and \$103,141 to LAGERS, respectively.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in sections 50.1000-50.1300 of RSMo. The board of directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The board of directors has the authority to adopt rules and regulations for administering the system. CERF is a mandatory cost-sharing multi-employer retirement system for each county in the state of Missouri, except counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the LAGERS; and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after eight years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of eight years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

CERF issues audited financial statements. Copies of these statements may be obtained from the board of directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (CONTINUED)

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining eight years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During December 31, 2020 and 2019, the County collected and remitted to CERF, employee contributions of \$94,880 and \$88,684 for the years then ended December 31, 2020 and 2019, respectively.

In addition, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of real estate and personal property tax declarations.
- Twenty dollars on each merchants and manufacturers license issued.
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded.
- Five-ninths of the fee on delinquent property taxes.
- Interest earned on investment of the above collections prior to remittance to CERF.

The County remitted to CERF \$88,287 and \$77,819 for the years then ended December 31, 2020 and 2019, respectively.

NOTE 5 PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the state of Missouri is responsible for administration of this plan. The County has contributed \$3,366 and \$3,366 for the years ended December 31, 2020 and 2019, respectively.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 6 LONG-TERM DEBT

In 2020 the County purchased four John Deere Tractors with a total purchase price of \$1,022,320. The County traded-in tractors and received a trade-in allowance of \$418,000. The net purchase price of \$604,320 was financed by John Deere Credit Inc. The financing terms were five years with one annual payment in September of each year at a rate of 2.95%.

The schedule of changes in long-term debt and future maturities for the year ending December 31, 2020 are as follows.

	Balance 2019	Additions	Retirement	Balance 2020	Interest Paid	Principal Due Within One Year
John Deere Tractors	\$ -	\$ 604,320	\$ (107,050)	\$ 497,270	\$ -	\$ 99,257

	Principal	Interest	Total
2021	\$ 99,257	\$ 7,793	\$ 107,050
2022	95,149	11,901	107,050
2023	97,994	9,056	107,050
2024	100,924	6,126	107,050
2025	103,946	3,108	107,054
	<u>\$ 497,270</u>	<u>\$ 37,984</u>	<u>\$ 535,254</u>

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

B. Compensated Absences

The County provides regular full-time employees vacation leave after their probation period is met. However, their leave accrues from their hire date. The vacation time accrues at the rate of four hours per completed month for the first year. Then after the first year vacation time accrues at the rate of 8 hours per month from 1 to 10 years. After 10 years, the vacation time will accrue at the rate of 12 hours per month. The employees may accrue vacation leave up to a maximum of 160 hours. For part-time employees with benefits, vacation leave is credited at a percentage based on the hours worked. An employee with benefits that leaves the County for any reason is compensated for any vacation that was unused up until the date of termination. Full-time employees will earn 8 hours of paid sick leave per month, after the completion of the probationary period. Each part-time employee will earn a percentage of sick leave based on the hours worked with pay credit monthly. Employees may use up to 3 days per year of their accrued sick leave for personal days. Employees with benefits may accumulate sick leave with up to a maximum of 30 days. Upon termination of employment, accumulated sick leave is not reimbursable.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial.

**ST. CLAIR COUNTY
OSCEOLA, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool, which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

NOTE 9 UNCERTAINTIES

The World Health Organization has declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

County Commission
St. Clair County
Osceola, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of St. Clair County, Missouri (the County) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements, and have issued our report thereon dated December 7, 2021. We expressed an adverse opinion on the financial statements because the financial statements are prepared on the basis of financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with regulatory reporting requirements established by the State of Missouri.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

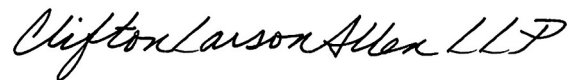

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Office of License Collector

Report No. 2021-128

December 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of City of St. Louis - Office of License Collector

Accounting Controls and Procedures	Office of License Collector (OLC) personnel failed to sufficiently reconcile OLC bank accounts, have not adequately segregated accounting duties, and do not perform a satisfactory independent supervisory review of all accounting and bank records. OLC personnel also do not issue pre-numbered receipts slips or restrictively endorse checks or money orders immediately upon receipt.
Disbursements	The License Collector has not adequately segregated disbursement duties and there is not an independent or supervisory review of the process. The License Collector does not have formal policies and procedures in place to ensure disbursements are appropriate.
Business License Applications	OLC personnel do not perform a documented review of business license application information to verify accuracy.
Manufacturer Site Inspections	OLC personnel do not always perform documented site inspections of manufacturer assets to ensure accuracy of assets declared for tax purposes.
Capital Assets	OLC personnel have not performed a recent, documented physical inventory of capital assets.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Mavis T. Thompson, Esq., License Collector
City of St. Louis, Missouri

We have audited certain operations of the City of St. Louis Office of License Collector in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of the City of St. Louis in response to a formal request from the Board of Aldermen. The city engaged KPMG LLP, Certified Public Accountants (CPAs), to audit the city's financial statements for the year ended June 30, 2020. To minimize duplication of effort, we reviewed the CPA firm's report for the June 30, 2020, audit since the June 30, 2021, audit had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended May 31, 2021. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

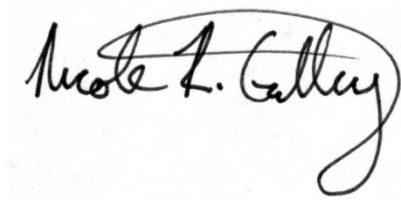

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and performing sample testing using haphazard, judgmental, and random selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of St. Louis Office of License Collector.

Additional audits of various officials and departments of the City of St. Louis are in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

City of St. Louis - Office of License Collector

Management Advisory Report

State Auditor's Findings

1. Accounting Controls and Procedures

Significant weaknesses exist in the Office of License Collector's (OLC) controls and procedures over accounting duties.

Significant staff turnover within the OLC contributed to the issues identified throughout this finding. OLC personnel indicated several key personnel left the office at the end of calendar year 2020 and hiring replacements for these individuals was not feasible due to the COVID-19 pandemic. Several other key personnel left the office at the beginning of 2021, including the Chief of Staff and Finance Manager. By April 2021, only two full-time employees worked in the Finance Department. Other personnel were assigned additional financial responsibilities, but lacked the training and understanding of accounting and cash processing duties to be able to adequately perform these responsibilities. In November 2020, the OLC contracted with a Certified Public Accountant (CPA) to assist with the accounting functions, but issues with recordkeeping and understanding of financial functions by OLC personnel continued throughout our audit fieldwork.

The OLC collects revenues for 66 different licenses and taxes from most retail businesses and manufacturers operating within the City of St. Louis, and collected approximately \$56 million during the year ended May 31, 2020. We reviewed various accounting records including bank reconciliations, the procedure manual, receipts, deposits, checks, and accounting system reports. We also performed a cash count on February 22, 2021, of all undeposited money, and reviewed receipts from two weeks in May 2020 and two weeks in December 2020, totaling approximately \$5.24 million.

1.1 Bank reconciliations

Personnel failed to sufficiently reconcile OLC bank accounts. The OLC maintains six bank accounts for the different license and tax revenues received and uses an accounting system to prepare bank reconciliations. The combined bank statement balance as of May 28, 2021, for all accounts was \$9.3 million.

Outstanding reconciling items OLC personnel improperly removed outstanding reconciling items when reconciling 5 of the 6 bank accounts without determining if the items were resolved, resulting in the OLC erroneously retaining money owed to other entities. Outstanding items included checks, deposits in transit, and general journal entries. In total, for all five bank accounts, there were 68 outstanding checks and general journal entries totaling approximately \$313,900, and 117 outstanding deposits totaling approximately \$1,590,200 that were over a year old as of June 30, 2020.¹

¹ The June 2020 bank reconciliation was the most recent reconciliation available for us to review during our fieldwork.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

OLC personnel stated most of the staff did not know how to use the accounting system and many checks, general journal entries, and deposits labeled as outstanding on the reconciliations were entered in error and did not represent actual outstanding transactions. As a result, during her review process, the contracted CPA cleared all outstanding items without determining if these transactions actually cleared the applicable bank accounts.

We compared 18 outstanding transactions, including 10 checks and 8 general journal entries, totaling \$123,154, listed on the June 2020 municipal bank account reconciliation to available accounting records. We determined 9 of the 10 outstanding checks had not cleared the bank. As a result, the OLC may be erroneously holding the money for those disbursements. The outstanding items listing and available accounting records did not include sufficient information to determine if general journal entries cleared. However, given the inconsistent understanding of these transactions and lack of resolution prior to removing them from the reconciliation, it is likely some of these represent outstanding items that need to be resolved.

Procedures to routinely follow up on outstanding items are necessary to prevent the accumulation of money in the account and ensure money is appropriately deposited in office bank accounts and/or disbursed to the payees. Section 447.532, RSMo, states intangible personal property held for an owner by a public official that remains unclaimed for more than 3 years is deemed abandoned and shall be turned over to the State Treasurer's Unclaimed Property Fund.

Untimely reconciliation

OLC personnel did not reconcile bank accounts timely. We judgmentally selected 95 of 144 possible bank reconciliations for the 6 bank accounts for the 2 years ended May 31, 2021, to determine if they were prepared timely. During our review, we determined 66 of the 95 reconciliations (69 percent) were reconciled between 2 and 13 months after the bank statement date.

The Finance Department's procedure manual states,² "The bank statements will be reconciled no later than the end of the following month." Additionally, the same policy states, "The Senior Accountant will be responsible for reconciling all bank accounts and ensuring that the reconciled bank statements agree with the General Ledger balances in QuickBooks on a monthly basis." Performing accurate and timely monthly bank reconciliations helps ensure records are accurate, allows discrepancies to be promptly resolved, and ensures accountability of funds. OLC personnel indicated there were no staff in the OLC that knew how to perform the bank reconciliations

² Receipt/Collections Section E.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

after the responsible employee left the office so the reconciliations were not performed until the contracted CPA was hired.

No listing of liabilities

OLC personnel do not prepare a monthly listing of liabilities for each bank account. As a result, liabilities are not agreed to the reconciled bank balance, discrepancies cannot be identified and investigated, and there is less assurance that money on hand is sufficient to pay all liabilities. Liabilities for the OLC generally represent taxes collected due to other taxing entities.³ OLC personnel indicated the office has never prepared a monthly list of liabilities.

Regular identification and comparison of liabilities to the available cash balance is necessary to ensure accounting records are in balance and money is available to satisfy all liabilities. Failure to reconcile liabilities to the monthly bank account balances also increases the risk that loss, theft, or misuse of funds will occur and remain undetected.

1.2 Segregation of duties

OLC personnel have not adequately segregated accounting duties and do not perform a satisfactory independent supervisory review of all accounting and bank records. The OLC collects money through walk-in collections, mail, a lockbox, and an online portal. Office clerks process walk-in and mail collections and enter the receipts into the licensing tracking system and the mail log (if mailed). The Finance Manager reconciles the collections records daily and enters information into the accounting system. During our review, the Finance Manager was also receipting money and recording receipts in the mail log, while also reconciling and reviewing records. While OLC policy requires an additional independent supervisory review in the form of a monthly bank reconciliation, these reconciliations were not performed timely (see section 1.1).

OLC personnel indicated segregation of duties and independent reviews were not possible due to the recent turnover in the Finance Department and not having anyone else trained to perform these duties. Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving and recording receipts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential and should include comparing daily receipt activity to deposits and supporting documentation.

1.3 Receipting

OLC personnel do not issue pre-numbered receipts slips or restrictively endorse checks or money orders immediately upon receipt. Additionally,

³ Including the St. Louis Public Schools and the Metropolitan Zoo.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

OLC personnel do not reconcile the composition of receipts to the composition of deposits and deposit slips are not retained.

OLC personnel stated it has never been a practice of the OLC to issue pre-numbered receipt slips and they believe unnumbered receipt slips written for internal use are sufficient. However, we noted unnumbered receipt slips were either missing or not issued for approximately \$2.9 million of the \$5.2 million tested. Additionally, OLC personnel indicated the remote deposit machine from the bank puts a black line through the checks when they are deposited negating the need for an endorsement and/or the Chief Deputy or License Collector endorse checks upon receipt, but we found no evidence of this during our cash count.

By issuing pre-numbered receipt slips for all money received, reconciling the composition of receipts to the composition of deposits, and restrictively endorsing checks upon receipt, the License Collector can better account for all receipts and ensure they are properly deposited.

Recommendations

The OLC:

- 1.1 Establish procedures to routinely investigate outstanding items. Outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the money should be turned over to State Treasurer's Unclaimed Property Fund in accordance with state law. Additionally, the OLC should ensure monthly bank reconciliations are prepared timely and documented properly in accordance with policies, including preparing a monthly list of liabilities, and reconciling the list to the reconciled bank balance, and promptly investigating any differences identified.
- 1.2 Segregate accounting duties to the extent possible and ensure independent and/or supervisory reviews of detailed accounting and bank records are performed and documented.
- 1.3 Establish procedures to ensure all money received is properly receipted and recorded, including issuing pre-numbered receipt slips, restrictively endorsing all checks and money orders immediately upon receipt, ensuring the composition of receipts is reconciled to the composition of deposits by an independent person, and retaining deposit slips.

Auditee's Response

- 1.1 *During the COVID-19 pandemic the finance employee responsible for bank reconciliations was placed on leave due to pre-existing conditions and subsequently resigned. On April 13, 2021, the OLC hired a Finance Manager to address this issue specifically.*

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

- 1.2 *These duties were segregated prior to the COVID-19 pandemic and temporarily disrupted during COVID-19 pandemic, until April 13, 2021, when a new Finance Manager was hired. These duties continued to be segregated with the Finance Manager performing accounting and reconciliation duties, but not receiving money.*
- 1.3 *Regarding checks and money orders, our practice has been that the Chief Deputy or License Collector endorse said items upon receipt. An independent person reconciles the receipts to the electronic deposit report. We will work with the new City Information Technology Director to implement pre-numbered receipt slips.*

2. Disbursements

Weaknesses exist in the OLC's disbursement policies and procedures. State law allows the OLC to retain percentages ranging from 2 1/2 to 4 percent⁴ of the business license and tax revenues collected for operational expenditures.⁵ The remaining collections are distributed to taxing entities within the city on a weekly, monthly, and quarterly basis depending on the type of revenue. The OLC spent approximately \$2.28 million in operational expenditures during fiscal year 2020.

We reviewed a sample of 2 months of disbursements and credit card transactions from 2020. The 120 transactions included taxing entity disbursements, totaling approximately \$7,402,900, and operational disbursements, totaling approximately \$656,300. Based on our initial review and concerns identified, we expanded our test work to include additional credit card transactions from the period from June 2019 to January 2021, totaling approximately \$14,000.

2.1 Segregation of duties and supervisory review

Credit card purchases

The License Collector has not adequately segregated disbursement duties and there is not an independent or supervisory review of the process.

The Chief of Staff makes credit card purchases, reconciles the credit card statement to supporting documentation, and pays the credit card invoice. The License Collector does not perform a documented independent review of the credit card purchases to ensure all purchases are appropriate. According to OLC personnel, they believed controls were in place over credit cards because all purchases were reviewed prior to purchase. However, our review of the credit card transactions noted no documented prior approval of purchases. Also, while there were some notations on the credit card statement (checkmarks by some transactions) showing evidence of a possible review, the notations were inconsistent and incomplete and OLC personnel could not

⁴ With the exception of the Hotel Convention and Tourism tax, which only allows the OLC to retain 0.08 percent of the amount collected.

⁵ Section 82.650, RSMo.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

identify who performed the review. As a result, it is unclear what type of a supervisory review, if any, is actually being performed.

Check disbursements

The Finance Manager records disbursements in the accounting system and signs the checks. Neither the License Collector nor other supervisory personnel perform a review of this process to ensure all disbursements are appropriate. OLC personnel indicated that due to the recent turnover, they were unable to properly segregate duties or perform a supervisory review.

Conclusion

Credit card purchases are inherently more risky than other purchases because credit card purchases are or can be made prior to proper approval. That risk and potential for fraud and misuse increases even more when internal controls and proper procedures are lacking. Proper segregation of duties and/or an independent supervisory review is necessary to ensure disbursements are appropriate. Internal controls would be improved by segregating the duties of purchasing items, reconciling supporting documentation to statements, and paying invoices. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of purchases and disbursements are essential to ensure that any loss, theft, or misuse of funds will be detected.

2.2 Policies and procedures

The License Collector does not have formal policies and procedures in place to ensure disbursements are appropriate. While the OLC has informal disbursement policies, the policies are not documented and do not clearly define OLC personnel responsibilities.

Credit cards

The License Collector has not adopted formal policies and procedures documenting who should be assigned a credit card, appropriate usage for credit cards, required documentation to support credit card purchases, handling of cash-back rewards, and determining who is responsible for paying credit card bills to avoid late fees.

OLC personnel indicated credit cards are rarely used and a policy did not appear necessary, but informal policies exist regarding purchase approval, required supporting documentation, and processing of credit card statements. Despite informal policies, our review noted two untimely payments were made and statement rewards were accumulating.

While credit cards provide a useful alternative purchase method, controls and procedures would be strengthened with strong, clear documented policies outlining the appropriate use and oversight of credit cards. Additionally, requiring detailed supporting documentation for credit card purchases would improve OLC personnel's ability to review purchases to ensure they are reasonable and an appropriate use of public funds.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

Check disbursements

The License Collector has not adopted formal policies and procedures documenting who should have check signing authority. According to OLC personnel, there is an informal policy limiting check signing to the Chief of Staff or the License Collector. However, during our review, we noted five checks signed by the Finance Manager.

Failure to implement and follow disbursement policies increases the risk that loss, theft, or misuse of funds will occur and not be detected.

Recommendations

The OLC:

- 2.1 Segregate disbursement duties to the extent possible and ensure independent and/or supervisory reviews are performed and documented.
- 2.2 Establish complete and detailed written credit card and disbursement policies and procedures.

Auditee's Response

- 2.1 *Historically, these duties have been segregated except for the rare instances during the COVID-19 pandemic, which called for somewhat unorthodox accounting measures to keep the office open to accommodate businesses seeking licenses and federal and state funding.*

Currently, the Finance Manager performs the independent and supervisory review and documents the review. Only the Chief Deputy or the License Collector signs the checks and/or the check disbursement request forms.

- 2.2 *Our practice has been that the License Collector and Chief Deputy had exclusive authority to use the credit card. Currently only the License Collector and her Administrative Assistant (with the License Collector's approval) are authorized to use the credit card, pursuant to the written credit card policy and procedures that were implemented before the auditors left the field.*

Additionally, we are in the process of drafting a written policy and procedure for check disbursements.

3. Business License Applications

OLC personnel do not perform a documented review of business license application information to verify accuracy. As a result, the OLC cannot ensure businesses are paying the correct application fees.

Depending on the license being issued, city ordinances require businesses to report financial information as part of the application process. This financial information is then used to calculate the license fees due. For example, most

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

retail businesses are required to obtain a graduated business license. This requires the business to report the number of full-time employees, which is used to determine the application fee.⁶ Other businesses, such as restaurants and hotels, are required to obtain specific licenses pertaining to their type of businesses. This requires the business to report its gross sales amount, which is used to determine the application fee.⁷ During the year ending May 31, 2020, the OLC collected approximately \$47,911,700 in business license application fees.

OLC personnel did not perform any documented verification of the application information, including the gross sales and/or number of employees reported, for any of the 116 municipal business license applications we reviewed (representing approximately \$526,000 in license application fees). As a result, inaccurate applications may go undetected and sufficient application fees may not be collected as required.

OLC personnel indicated they do not need to perform any further verification of the information reported because the applicant signs a sworn statement certifying the accuracy of the information reported on the license application. However, they do perform some follow-up procedures when unusual fluctuations are noted or when businesses submit refund requests due to inaccurate license application data. Such procedures can include comparisons with related data in the Collector of Revenue's office. OLC personnel indicated they compare the monthly total hotel/motel gross receipts to the quarterly hotel/motel gross receipts submitted by businesses to ensure the amounts are consistent. Additionally, OLC personnel indicated another department within the OLC will confirm the number of employees if the business becomes delinquent. However, none of the procedures noted were documented.

Without verifying the accuracy of pertinent business license application information, the OLC has no assurance that all taxes and fees paid are accurate and complete. Further, there is an increased risk that erroneous information submitted by businesses may go undetected, resulting in possible lost revenue to the taxing entities within the City of St. Louis and the OLC.

Similar conditions previously reported

Similar conditions were noted in our prior audit report. In the *Follow-up Report on Audit Findings, City of St. Louis Office of License Collector*, Report No. 2018-109, released in October 2018, the OLC indicated the recommendations had been implemented; however, we found that corrective action taken was not always effective and problems continue to exist.

⁶ Section 8.07, St. Louis City Revised Code.

⁷ Section 11.42.260, St. Louis City Revised Code for restaurants and St. Louis City Ordinance 62802 for hotels and motels.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

Recommendation

The OLC develop procedures to verify the accuracy of information submitted on business license applications and ensure reviews are documented.

Auditee's Response

Verification of the accuracy of the information submitted on the approximately 20,000 business license applications received annually is conducted on an as needed basis.

The applicants attest to the accuracy of their license application by a sworn statement certifying that the information reported on the license application is true and accurate. Follow up is done when irregularities are discovered. Going forward, we will document in the file that the application information has been verified.

4. Manufacturer Site Inspections

OLC personnel do not always perform documented site inspections of manufacturer assets to ensure accuracy of assets declared for tax purposes. Each manufacturer is required by state law⁸ to annually submit a property declaration to the OLC assessing the valuation of assets used in the manufacturing process. Based on the asset valuation, manufacturers are levied an ad valorem tax calculated by the OLC and approved by the Merchant's and Manufacturer's Board.⁹ Throughout the year, the OLC will send representatives to inspect and confirm the accuracy of the assets declared. In 2020, 433 manufacturers submitted property declarations to the OLC with assessed values totaling approximately \$157,493,000.

We reviewed a sample of 47 manufacturers with a total assessed value of approximately \$40,806,000. OLC personnel did not perform site inspections on any of the 39 applicable¹⁰ sites in calendar year 2020. OLC personnel indicated they did not perform site inspections during the COVID-19 pandemic. Therefore, we requested all 2019 site inspection documentation for the same 47 manufacturers to ensure site inspections had occurred prior to the pandemic. In calendar year 2019, OLC personnel did not perform site inspections for 14 of the applicable¹⁰ 36 manufacturers (39 percent). OLC personnel indicated they lack the necessary staff to perform regular annual site-inspection for all businesses in the St. Louis area.

Section 150.325, RSMo, requires the License Collector to inspect each place of business, warehouse, factory, or other establishment owned and operated by any manufacturer at least once a year for the purpose of obtaining information to provide an accurate basis for comparison with the statement made by such manufacturer. Without timely site inspections there is an

⁸ Section 150.040, RSMo.

⁹ Section 150.350.3, RSMo.

¹⁰ Site inspections are only required when the manufacturer files a property declaration in that year.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

increased risk the OLC would not detect an inaccurate manufacturer declaration that would reduce the amount of taxes owed and result in lost revenue to the city.

Recommendation

The OLC ensure all applicable manufacturers undergo annual site inspections as required.

Auditee's Response

The OLC makes every effort to inspect annually the approximate 900 manufacturers in person. We thoroughly review the supporting documentation provided on the manufacturers' declarations such as asset list, disposal list, financial records, etc. The applicants attest to the accuracy of their manufacturer declaration by a sworn statement certifying that the information reported on the declaration is true and accurate. We compare current documentation to prior year documentation (if applicable). This review is used to provide an accurate manufacturer's assessment.

Follow up is done when irregularities are discovered.

5. Capital Assets

OLC personnel have not performed a recent, documented physical inventory of capital assets. Additionally, the License Collector has not established procedures to identify capital asset purchases and dispositions throughout the year, or to ensure assets are tagged to identify them as OLC property. OLC capital assets include five vehicles, office equipment, and computers.

The listing of OLC's assets is not up-to-date and OLC personnel could not determine when office personnel performed the last complete physical inventory, with the exception of the vehicle fleet records that are updated annually for insurance purposes. Additionally, the majority of the OLC assets are not tagged. OLC personnel indicated they lack the necessary staff to perform annual physical inventories and maintain current asset records, and it is not current practice to tag assets.

Adequate capital asset records and procedures are necessary to ensure effective internal controls and provide a basis for determining proper insurance coverage. Procedures to track capital asset purchases and dispositions throughout the year and compare them to physical inventory results would enhance the OLC's ability to account for capital assets and potentially identify unrecorded additions and dispositions, identify obsolete assets, and deter and detect theft of assets.

Recommendation

The OLC ensure complete and accurate inventory records are maintained and annual documented physical inventories are conducted, establish procedures for tracking capital asset purchases and dispositions throughout the year, and ensure assets are properly tagged for identification.

City of St. Louis - Office of License Collector
Management Advisory Report - State Auditor's Findings

Auditee's Response

Since 2014 the OLC has maintained an asset list. Currently, the OLC has designated specific staff to identify capital assets, purchases, and dispositions throughout the year. Inventory will be reviewed annually to assure the inventory list is complete and properly documented.

City of St. Louis - Office of License Collector

Organization and Statistical Information

The License Collector is an elective office. The License Collector's duties are defined in Missouri statutes and the City of St. Louis Revised Code. These duties include collecting various licensing fees and taxes assessed against businesses within the City of St. Louis.

Mavis T. Thompson currently serves as the License Collector for the City of St. Louis. She has served in that capacity since she was appointed in October 2013 and was elected in 2014. During the year ended December 31, 2020, the License Collector received salary compensation of \$81,602. Administrative office functions are supervised by the License Collector's Chief of Staff. The OLC had 24 full-time employees and one part-time employee as of May 31, 2021. The OLC also contracted with a CPA to assist with the accounting functions. The License Collector coordinates the work of the following four divisions:

Field Service

The Field Service division is responsible for acting as the oversight agency for the Municipal Division. The division's main functions are to help existing businesses stay in good standing with the city, offer new businesses assistance in obtaining a license, perform site visits, and follow up with businesses that have either failed to apply or failed to pay for proper business licenses.

Manufacturing

The Manufacturing division oversees various activities relating to the manufacturing ad valorem tax, which is a property tax imposed on the machinery, tools, and appliances held or used by manufacturers operating within the city.

Municipal

The Municipal division is responsible for overseeing the collection and processing of various business license fees and gross receipts sales taxes from businesses operating within the city, including items such as cigarette taxes, graduated business licenses, restaurant gross receipt taxes, hotel taxes, and other fees and taxes.

Finance

The Finance division is responsible for managing all financial activity within the License Collector's office, including all receipt and disbursement procedures. Money received is disbursed by this division to the city and various local agencies. In addition, a portion of receipts are retained as commissions and used for the operating expenses of the License Collector's office.

CITIZENS SUMMARY

Findings in the audit of Carter County

Senior Citizens' Tax Board Controls and Procedures

The Senior Citizens' Tax Board (Board) did not enter into a written agreement with a not-for-profit (NFP), did not provide adequate oversight of disbursements, and did not meet at least annually to approve budgets. The Board disbursed approximately \$35,000 on behalf of the NFP without a written agreement. The Board does not review and approve disbursements made from the Senior Citizen Tax Fund and a Board member is not signing checks written from the Board checking account. In addition, the Board did not meet in 2020 and, as of July 31, 2021, no meetings had been held in 2021. As a result, budget information provided to the County Clerk's office for inclusion in the county budget was not approved by the Board.

Additional Comments

Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	6
---	---

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Carter County

We have audited certain operations of Carter County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

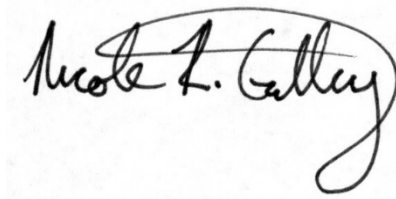

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our finding arising from our audit of Carter County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Carter County

Management Advisory Report

State Auditor's Findings

1. Senior Citizens' Tax Board Controls and Procedures

The Senior Citizens' Tax Board (Board) did not enter into a written agreement with a not-for-profit (NFP), did not provide adequate oversight of disbursements, and did not meet at least annually to approve budgets. The Board provides funding to an NFP operating the senior center that provides services and meals to senior citizens. The NFP is administered by a separate board.

1.1 Written agreements

The Board disbursed approximately \$35,000 in 2020 on behalf of the NFP without a written agreement. Rather than granting funds to the NFP, the Board pays some of NFP's invoices. The invoices generally relate to purchasing and maintaining vehicles, including the purchase of a vehicle for approximately \$25,000 in 2020. The Board President indicated the Board was unaware the agreement with the NFP needed to be in writing.

Section 432.070, RSMo, requires government contracts to be in writing. Written agreements are necessary to ensure all parties are aware of their duties and responsibilities and to prevent misunderstandings.

1.2 Board oversight

The Board does not review and approve disbursements made from the Senior Citizen Tax Fund and a Board member is not signing checks written from the Board checking account. Also, the Board bank account is held jointly with the NFP Board, allowing a private entity access to a county bank account. The Director of the NFP, who also serves as the appointed Board Administrator, is a signor on this account. However, the second signor is the Chairperson of the NFP, rather than a member of the Board. The Board President indicated the account is held jointly to allow the NFP input into how the tax money is spent.

While the Board President and a Board member typically sign the bank statements indicating their review, invoices and other supporting documentation for disbursements are not reviewed. The Board did not meet in 2020 due to the COVID-19 pandemic and safety concerns, limiting the members' ability to review disbursements, and the Board did not develop alternative ways to accommodate the review.

To reduce the risk of loss, theft, or misuse of funds, and ensure all transactions are accounted for properly and assets are adequately safeguarded, adequate controls, including Board review and approval of disbursements, signing checks, and restricting access to county controlled bank accounts are necessary.

1.3 Board meetings/budgets

The Board did not meet in 2020 and, as of July 31, 2021, no meeting had been held in 2021. Budget information for the Senior Citizen Tax Fund was provided to the County Clerk's office for inclusion in the county budget for 2020 and 2021, but the budget was not approved by the Board. The Board President indicated the COVID-19 pandemic and safety concerns prevented the Board from meeting in person and an alternative method was not utilized.

Carter County
Management Advisory Report - State Auditor's Findings

Sections 50.525 to 50.745, RSMo, include provisions regarding annual budgets. Board meetings, conducted at least annually, to review and approve the budget are necessary for the Board to properly fulfill its duties as prescribed by state law.

Recommendations

The Senior Citizens' Tax Board:

- 1.1 Enter into written agreements with any entities providing services as required by state law.
- 1.2 Develop procedures to ensure all disbursements are reviewed and approved by the Board, the approval is documented, and checks are signed by a board member. In addition, restrict access to county bank accounts to county officials and employees.
- 1.3 Conduct a meeting at least annually to fulfill statutory duties, including adopting annual budgets.

Auditee's Response

- 1.1 *We are preparing a written agreement with the NFP, Carter County Nutrition Center, to provide services to senior citizens of Carter County and will ensure agreements are in place for any entities receiving funding in the future.*
- 1.2 *We believe the current arrangement between our Board and the NFP Board regarding how our money is maintained and disbursed is working well and we do not plan significant changes at this time. We do plan to change procedures to ensure all disbursements are reviewed and approved by the Board and we will ensure this is documented in the future. The Board President has always done a thorough review of the financial activity of the Board and plans to continue to do so in the future.*
- 1.3 *We did not meet for a period of time due to the COVID-19 pandemic. However, we have begun meeting again and will meet at least annually in the future to adopt our annual budget.*

Carter County

Organization and Statistical Information

Carter County is a county-organized, third-class county. The county seat is Van Buren.

Carter County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 21 full-time employees and 4 part-time employees on December 31, 2020.

In addition, county operations include a Senate Bill 40 Board and a Senior Citizens' Tax Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Ronald Keeney, Presiding Commissioner	\$	24,440
William Steiger, Associate Commissioner		22,440
Lynn Murdick, Associate Commissioner		22,440
Pauline Peterman, Recorder of Deeds		34,000
Leona Stephens, County Clerk		34,000
Hannah Pender, Prosecuting Attorney		41,000
Richard Stephens, Sheriff		39,000
Velvet Ricker, County Treasurer		34,000
Erik McSpadden, County Coroner		9,500
Hedi Truncone, Public Administrator		20,000
Lisa Rodgers, County Collector, year ended February 28,	34,000	
Gary Rector, County Assessor, year ended August 31,		34,000

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 10 political subdivisions required to file a financial report by November 30, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in November 2021, after their filing deadline. The filing status for these 8 entities is presented in summary on page 3 and by individual entity in Appendix B-D.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

November 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 10 political subdivisions, other than cities, towns, and villages, with a fiscal year end of May 31, 2021. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 10 political subdivisions, 9 filed an annual financial report timely.

This report also includes the filing status for 8 political subdivisions, other than cities, towns, and villages, that filed their financial report in November 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by November 30, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 3 cities and 3 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in November 2021, after their filing deadline. The filing status for these 17 cities and 2 villages is presented in summary on page 3 and by individual entity in Appendixes B to E.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 3 cities and 3 villages with a fiscal year end of May 31, 2021, whose financial report was due by November 30, 2021. Of the 6 municipalities, 5 filed the financial report timely. Of the 3 municipalities required to file an addendum, none filed timely. The 1 municipality required to file a certification did not file timely.

This report includes the filing status for 17 cities and 2 villages that filed at least one of the items (financial report, addendum, or certification) in November 2021, after their filing deadline. Of these municipalities, 6 filed an annual financial report, 14 filed an addendum, and 3 filed a certification.

Management Advisory Report - State Auditor's Findings	Financial Status3
---	-------------------------

NICOLE GALLOWAY, CPA

Missouri State Auditor

John Heckmann, Chairman & Director
and
Board of Directors
South Manchester Transportation Development District
City of Manchester, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On December 22, 2020, the Board of Directors of the South Manchester Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this request.

The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; and interviewing various personnel of the district, as well as certain external parties. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the South Manchester Transportation Development District.

Nicole R. Galloway, CPA
State Auditor

South Manchester Transportation Development District Management Advisory Report - State Auditor's Findings

Financial Status

Our audit of the South Manchester Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The South Manchester TDD is located in St. Louis County, in the City of Manchester. The TDD was organized in March 2007 by petition of the property owners within the boundaries of the proposed TDD. The members of the Board of Directors and officers are representatives of the property owners. The district has a fiscal year end of December 31.

In April 2007, the Board of Directors passed a resolution formally approving the imposition of the sales tax after qualified voter approval. In April 2007, the qualified voters of the district approved a three quarters of one percent (0.75%) sales tax on all taxable transactions within the boundaries of the district for a period not to exceed 25 years. The sales tax became effective June 1, 2007. From 2007 through March 31, 2021, the South Manchester TDD received \$2,046,316 in sales tax revenue.

The South Manchester TDD was originally formed for the purpose of improving the existing roadway located between Gaywood Avenue and Enchanted Parkway, installing a new traffic signal, updating directional signage, and adding other alternative roadway connections within the district. TDD legal counsel indicated the project was originally intended to be completed in two phases. Phase one of the project was completed in 2012 and included improvements to landscaping and sidewalks in addition to other improvements to Manchester Road. Phase two of the project was to include repair or reconstruction of a bus stop in the district, but was never initiated because the district Board concluded in late 2019 it would be better for the City of Manchester to perform this project. The City of Manchester is the public entity with jurisdiction over the project and serves as the Local Transportation Authority. Upon completion of the phase one improvements, the City of Manchester accepted dedication of the project.

In 2012, the South Manchester TDD Board entered into a \$135,467 promissory note with the developer to pay for project costs. The TDD satisfied its note debt in May 2019. An additional \$667,937 was paid directly from district funds for project costs from 2007 through 2019.

In December 2020, the Board of Directors approved a resolution to repeal the sales tax effective March 31, 2021. The Department of Revenue was subsequently notified of the resolution in January 2021. In December 2020, the Board of Directors approved a resolution formalizing its intent to dissolve the TDD and a TDD official subsequently advised the State Auditor's Office (SAO) of this resolution and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo.

South Manchester Transportation Development District Management Advisory Report State Auditor's Findings

The SAO has performed an audit of the South Manchester TDD as required by Section 238.275, RSMo. That statute requires the State Auditor to audit the TDD to determine its financial status, and determine whether it may be abolished pursuant to law. That law also states the board shall not propose the question to abolish the TDD while there are outstanding claims or causes of action pending against it, if its liabilities exceed its assets; or while the TDD is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balance of the South Manchester TDD for the year ended December 31, 2020.

	Year Ended December 31, 2020
RECEIPTS	
Sales Tax	\$ 240,350
Interest	231
Total Receipts	240,581
DISBURSEMENTS	
Insurance	8,806
Legal	7,514
Administration	3,000
Project Costs	500
Service Charge	3
Total Disbursements	19,823
RECEIPTS OVER (UNDER) DISBURSEMENTS	220,758
BEGINNING CASH	526,990
ENDING CASH	\$ 747,748

Source: Compiled by the SAO using the TDD's bank statements and transaction register.

Based on our audit, the cash balance of the South Manchester TDD as of December 31, 2020, was \$747,748. The TDD's legal counsel indicated the district had an outstanding balance for legal services and expenses totaling \$10,342 as of April 30, 2021, and estimated additional legal service costs required to abolish the district would be between \$15,000 and \$20,000. The Chairman of the Board indicated there were no additional outstanding liabilities. Based on these representations, TDD assets will be sufficient to pay any remaining costs and obligations. After the district's final wind up costs and professional fees are paid, the remaining balance will be distributed to the City of Manchester in accordance with state statute.

Based on our audit, the Board of Directors may proceed with the abolishment of the South Manchester TDD in accordance with Section 238.275, RSMo.

Report No. 2021-123

December 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the City of St. Louis - Department of Human Services

Grant Administration	The Department of Human Services (DHS) Youth and Family Services Division's site monitoring procedures for the Child and Adult Care Food Program and Summer Food Service Program are insufficient to ensure compliance with program requirements. St. Louis Area Agency on Aging (SLAAA) personnel did not maintain sufficient documentation to support contract awards to some sub-grantees.
Disbursements	DHS officials did not sufficiently review supporting documentation for disbursements and/or ensure all grant and contract requirements were met prior to authorizing payments.
Payroll and Personnel Procedures	Employee timesheets were not always complete, accurate, or approved by division managers. Some employees did not obtain ethics training as required by city regulation and/or documentation was not retained to demonstrate attendance.
Sunshine Law	The SLAAA Advisory Council did not post notifications for meetings. In addition, the SLAAA request for proposal (RFP) selection committee did not prepare meeting minutes during the selection process.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	13
---	----

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Director of Department of Human Services
City of St. Louis, Missouri

We have audited certain operations of the City of St. Louis Department of Human Services in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of the City of St. Louis in response to a formal request from the Board of Aldermen. The city engaged KPMG LLP, Certified Public Accountants (CPAs), to audit the city's financial statements for the year ended June 30, 2021. To minimize duplication of effort, we reviewed the CPA firm's report for the June 30, 2020, audit, since the June 30, 2021, audit had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2021. The objectives of our audit were to:

1. Evaluate the department's internal controls over significant management and financial functions.
2. Evaluate the department's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

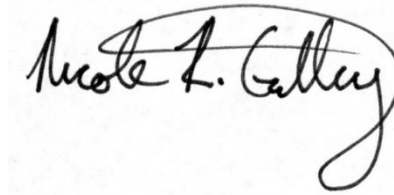

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the department, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the department's management and was not subjected to the procedures applied in our audit of the department.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of St. Louis Department of Human Services.

Additional audits of various officials and departments of the City of St. Louis are in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

City of St. Louis - Department of Human Services

Management Advisory Report

State Auditor's Findings

1. Grant Administration

The Department of Human Services' (DHS) procedures for monitoring and awarding some grant funds needs improvement.

The DHS is responsible for administering over \$18.5 million annually in various federal and state grants related to aging, homeless, and youth and family service programs. The DHS divisions administer these funds by subgranting the funding to various organizations throughout the city that provide direct services to clients. The DHS subgrants funds to approximately 20 sub-grantees for St. Louis Area Agency on Aging (SLAAA) programs, 15 sub-grantees for the Homeless Services programs, and 1 food service management company that provides meals for approximately 50 sites for the Youth and Family Services programs.

1.1 Site reviews

The Youth and Family Services Division's site monitoring procedures for the Child and Adult Care Food Program (CACFP) and Summer Food Service Program (SFSP) are insufficient to ensure compliance with program requirements. Youth and Family Services personnel are responsible for performing 3 annual site reviews of approximately 20 CACFP sites and at least 2 annual site reviews during the summer months for 30 SFSP sites. We noted the following concerns with site reviews conducted during the fiscal year ended June 30, 2021.

Site review timing

Site review documentation indicates some SFSP site reviews of different locations were conducted at the same time and some documentation did not include times to support when reviews occurred. Of the 26 SFSP site reviews conducted in June 2021, we noted 5 sites in which the review date and times documented coincided with reviews at other locations. On June 14, 2021, review documentation indicates, the Youth and Family Services' monitor reviewed 3 SFSP sites between 8:30 a.m. and 10:00 a.m. According to the monitor's site review form, the monitor was at all three locations between 9:00 a.m. and 9:20 a.m. In addition, on June 16, 2021, the same monitor reviewed 2 SFSP sites between 8:00 a.m. and 10:00 a.m. The monitor's site review forms indicate she was at both locations between 9:00 a.m. and 9:30 a.m. Documentation for 6 other site reviews did not include times so we could not determine if those visits coincided with visits at other locations.

The most efficient routes between the 3 sites on June 14, 2021, would be 1.9 miles (6 minutes) between the first 2 sites and then 3.2 miles (10 minutes) from the second site to the third. The distance between the sites visited on June 16, 2021, is 2.3 miles (travel time 10 minutes).

The monitor is required to observe delivery, service, consumption, and cleanup of meals in addition to reviewing the completion of paperwork. While site visit documentation was signed by sub-grantee personnel indicating the reviews were performed, it is unlikely the monitor would have been able to travel between locations and observe all required actions at multiple facilities

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

at the same time or even within a few hours. As a result, it is likely site review documentation is inaccurate and/or program monitoring requirements were not met for these site reviews.

Inadequate annual reviews

We reviewed site monitoring documentation for 3 CACFP providers and noted Youth and Family Services Division personnel did not conduct required site reviews at any of the 3 CACFP providers reviewed. Division personnel reviewed 1 of the sites, 2 of the required 3 times during the fiscal year. During one of those visits, files were unavailable because they were stored off-site due to remodeling, limiting the usefulness of the review. For the other 2 providers, division personnel only conducted 1 of the 3 required site reviews for each provider.

Conclusion

Division personnel indicated they have 1 site monitor, making it difficult to complete all required monitoring. In fiscal year 2021, 26 SFSP sites required first week monitoring during the same weekly period. In addition to the site reviews for SFSP sites, the sole monitor was also required to perform 3 annual monitoring reviews of the 20 CACFP sites throughout the fiscal year.

For the SFSP, 7 CFR 225.15(d)(2) requires sponsors to review each of their sites at least once during the first week of operation under the program. The United States Department of Agriculture Sponsor Monitor's Guide specifies what the site monitor must observe to ensure the site is operating in accordance with SFSP guidance. For the CACFP, 7 CFR 226.16(d)(4)(iii) requires sponsors to monitor each center 3 times per year and not more than 6 months may elapse between reviews. In addition, 2 of the 3 reviews should be unannounced.

Site reviews are a crucial part of program monitoring. Timely reviews facilitate good management at every site and ensure that site supervisors and personnel are receiving the technical assistance needed to operate programs in compliance with all requirements, thereby maintaining program integrity.

1.2 Score sheets

SLAAA personnel did not maintain sufficient documentation to support contract awards to some sub-grantees. SLAAA personnel evaluate and score sub-grantee proposals in response to a request for proposal (RFP) based on scope of work, expertise, service experience, organization, and fiscal information. SLAAA personnel could not provide documentation of the evaluation and score for 8 of the 23 proposals received in response to a fiscal year 2019 RFP with 2 possible 1-year extensions. As a result, SLAAA personnel could not adequately support contract awards.

In accordance with Exhibit G1 of the RFP, part of the evaluation process for the RFP consists of subjectively evaluating each responsive qualification, and each evaluator making an individual recommendation by scoring points in accordance with the published evaluation plan. Due to the complex nature of

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

SLAAA funding sources and services and the subjective criteria used to make funding decisions, funding decisions should be well documented and documentation should be retained to support and justify those decisions.

We noted similar conditions in our prior audit report. In the *Follow-Up Report on Audit Findings - City of St. Louis Department of Human Services*, Report No. 2018-070, released in September 2018, department officials indicated the previous recommendation had been implemented; however, we found that corrective action taken was not effective and problems continue to occur.

Recommendations

The Department of Human Services:

- 1.1 Ensure all required monitoring reviews are completed timely in accordance with regulations and guidelines, sufficient time is allowed for site reviews, and documentation accurately reflects when sites are monitored.
- 1.2 Ensure all score sheets and other evaluation documentation is retained to support grant awards.

Auditee's Response

- 1.1 *The Department of Human Services Youth and Family Division agrees with the finding and the recommendations. The monitoring corrections moving forward will be as follows:*

For the SFSP, the Program Monitor will be required to complete the required 2 monitoring visits under the regulations. The monitor will record the actual arrival time and departure time for each site being reviewed. Sponsored Meal Site Personnel will be required to sign the monitoring form, to include the date and time of the signature, as verification of the site monitoring visit. For NEW meal sites that will operate the SFSP, a monitoring visit will occur within the 1st week of operation. SFSP sites that are RETURNING (meaning the site participated under the previous summer's feeding program), will be monitored no less than 2 times, within their operating period.

The CACFP operates on a calendar year October 1, 2021 thru September 30, 2022. The regulation requires that three (3) monitoring reviews be completed. The Youth and Family Services Division will perform a site review on every CACFP site within the 1st three months of operation on all the sites. The two (2) remaining required reviews will be completed every 2 to 3 months until the required three (3) reviews are completed at each site. Additional follow-up reviews and technical assistance will be provided as needed.

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

- 1.2 *The SLAAA agrees with the auditor's finding and recommendation. Steps taken to address the issue include the following: (1) The current Program Manager of SLAAA is now maintaining a hard copy of the Evaluation and Scoring Sheets from the reviewers for the RFP for fiscal year 2022. (2) The hard copy is kept in a file cabinet that can be easily accessed and the SLAAA has an electronic copy of the forms saved on a shared drive, which can be accessed by SLAAA personnel.*

2. Disbursements

DHS officials did not sufficiently review supporting documentation for disbursements and/or ensure all grant and contract requirements were met prior to authorizing payments. For most disbursements, including those to sub-grantees, DHS procedures require applicable division and Fiscal unit personnel to review invoices and grant or contract terms prior to payment to ensure the disbursement is allowable, accurate, and adequately supported. During our review of 11 haphazardly selected SLAAA disbursements to sub-grantees and 25 haphazardly selected other DHS disbursements we noted the following:

- DHS personnel did not compare sub-grantee reports to some catering company invoices for the home delivered meals program, and as a result, had a credit balance of \$149,710 due to overpaying the catering company. For home delivered meals, DHS personnel use sub-grantee service cost allocation reports (SCARs) that report the number of units of direct service delivered to compare services delivered to the meals reported, as provided by the catering company.

On March 25, 2021, a catering company employee contacted SLAAA personnel to advise them that the March 2021 disbursement included a \$149,710 overpayment. The catering company submitted invoices for December 2020 through February 2021 in March 2021, and the January invoice included meals also included on the December 2020 invoice. The invoice error was not detected and the overpayment occurred because SLAAA personnel approved disbursements without thoroughly reviewing the applicable SCARs. In addition, SLAAA personnel did not provide supporting documentation to Fiscal unit personnel, and Fiscal unit personnel did not request the documentation prior to payment.

- DHS personnel approved a \$1,118 payment to a vendor prior to requesting or receiving verification of the completed construction project as required by the contract.
- DHS personnel could not provide documentation to support \$436 paid to a contractor for delivery of services to 3 individuals.

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

An insufficient review of necessary documentation and/or inattention to detail allowed payments to be processed prior to verification of work completion and without obtaining or retaining documentation.

The SLAAA Policies and Procedures Manual, which provides guidelines for both SLAAA and Fiscal unit personnel, requires accounting records be supported by source documentation such as canceled checks, paid bills, payrolls, etc.; each entry in the accounting records refer to the document that supports the entry; and supporting documents be filed in such a way that they can be readily located. In addition, the Comptroller's office Procedures for Accounts Payable and Purchasing policy states prior to vouchering payments, the department must review for eligible costs, accuracy, receipt of goods or services, available funds, ineligible costs, or available credits.

Reviewing and retaining adequate supporting documentation that is received prior to payment would allow the DHS to address any questions that arise and detect invoice errors prior to payment. In addition, sufficient review and approval of documentation prior to payment is necessary to ensure obligations are actually incurred and amounts paid are proper.

Recommendation

The Department of Human Services obtain and review supporting documentation to ensure invoice amounts are accurate and all contract requirements are met prior to payment. Review procedures should include reconciling invoice amounts to applicable sub-grantee reports. In addition, the DHS should ensure supporting documentation is maintained for all disbursements.

Auditee's Response

Regarding the comment, "DHS personnel did not compare sub-grantee reports to some catering company invoices for the home delivered meals program, and as a result, had a credit balance of \$149,710 due to overpaying the catering company.":

The DHS agrees with the auditor's statement and recommendation. The corrective actions that will be implemented moving forward are:

- a. The Exhibit that is contained in the contract, which states the units of service and dollar amounts to be provided, will serve as the purchase order.*
- b. If contracts are amended, the amended Exhibit will become the revised purchase order.*
- c. Starting in December 2021, delivery tickets from the vendor will be signed by the receiving Senior Center staff and forwarded to SLAAA via email on a daily basis, when meals are delivered.*

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

- d. *SLAAA will forward the signed delivery tickets and invoice with the SCAR, and any other documents required, to the DHS Fiscal unit for review before payment is made to ensure that three-way matching has occurred.*

Regarding the comment, "DHS personnel approved a \$1,118 payment to a vendor prior to requesting or receiving proof of the completed construction project as required by the contract.":

The DHS agrees with the auditor's statement that we did not inspect the completed construction project. Although the city did not physically verify the existence of the protective screens, payment for the construction materials was not provided by the city until after the receipt slips were received and after an emergency contract was executed. These materials were necessary before shelter operations could begin. The city received no complaints from shelter volunteers or shelter participants regarding a lack of protection within the shelters that utilized the protective screens that were constructed. In late November 2020, AmeriCorps contacted the DHS to request financial assistance to reimburse expenses, which several volunteers had personally incurred in the November 2020, in their collective efforts to purchase the materials and supplies needed to construct protective screens that would be placed between cots, inside of the various short term volunteer emergency winter shelters.

DHS homeless service staff were instrumental in referring and transporting homeless individuals to these non-funded shelters, which utilized the PPE screens, through the months of December 2020, January 2021, and February 2021. The use of the protective screens provided the Centers for Disease Control recommended barriers, to reduce the potential airborne spread of COVID-19, providing protection to both the shelter operators and the homeless individuals. The DHS also provided cots, blankets, masks, face shields, surgical gloves, sanitizing spray, infrared thermometers, and other supplies to assist these volunteer shelters.

Regarding the comment, "DHS personnel could not provide documentation to support \$436 paid to a contractor for delivery of services to 3 individuals.":

The DHS agrees with the auditor's comment and recommendation. The corrective actions that will be taken to address the issue are:

- The Incontinence Program is the service where the \$436 was paid to a contractor for the delivery of services to 3 individuals. SLAAA staff has (subsequent to the audit) gone to each of the three individuals' homes and the individuals have signed statements, attesting they received the items.*

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

- *Effective December 2021, the delivery tickets for the incontinence supply program are being matched to the invoice, prior to payment.*

3. Payroll and Personnel Procedures

Controls and procedures over payroll and personnel need improvement. Payroll expenditures were approximately \$1.7 million for the fiscal year ended June 30, 2021.

3.1 Payroll

Employee timesheets were not always complete, accurate, or approved by division managers. Each employee is required to complete a weekly timesheet and leave request form, if needed, that are reviewed and approved by the employee's supervisor (generally the division supervisor) prior to submitting to the Fiscal unit for processing.

During our review of payroll records for the pay period ending February 27, 2021, for 5 haphazardly selected employees we identified the following concerns:

- Two employees received salaries for a 40-hour work week; however, their timesheets did not have starting and ending times or the total hours worked on 1 or more work days to support hours worked.
- Leave usage for two employees did not agree to payroll documentation. One employee requested 2 hours of vacation leave; however, the timesheet indicated 8 hours worked for the day. The second employee used 1 hour of medical leave, but did not submit a leave request.
- The Youth and Family Services Division Manager did not sign the weekly timesheet confirming it was accurate as required by department practice.

Division personnel indicated errors occurred because the city payroll department requested timesheets early due to a holiday or short week within a pay period and/or inadequate review by the supervisor. In addition, the division manager overlooked approving the weekly timesheet because of a short pay period requiring timesheets be turned in 2 days early.

Without accurate and approved time sheets, DHS cannot ensure hours worked and leave earned and taken by employees is appropriate and documented.

3.2 Ethics training

Some DHS employees did not obtain ethics training as required by city regulation and/or documentation was not retained to demonstrate attendance. For 10 haphazardly selected employees, we noted 2 employees did not have ethics training noted in their personnel file and 6 employees had ethics training more than 3 years prior to the date of our review. For 4 of those 6

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

employees, their last documented ethics training was in 2007. The DHS did not have sufficient procedures in place to ensure employees attended training as required.

Department of Personnel Administrative Regulation #108 (Employee Training), Section II, requires ethics training to be attended by all employees within 6 months of an employee's initial date of employment, and thereafter, once every 3 calendar years. Furthermore, Section IV (Attendance at Training) states failure to require an employee to attend training within the required time frame may result in disciplinary action.

Without timely ethics training, employees are not aware of relevant ethics and compliance issues and/or requirements in the city. Being ethically aware helps to maintain a positive ethical culture and upholds a strong public image.

Recommendations

The Department of Human Services:

- 3.1 Ensure timesheets are accurately prepared, properly signed, and approved; and properly record, calculate, and reconcile leave requests to timesheets.
- 3.2 Ensure employees attend ethics training as required by Department of Personnel policy.

Auditee's Response

- 3.1 *The DHS agrees with the auditor's comments and recommendation. The DHS will ensure that each division's timesheets are prepared, reviewed, and properly signed by Division Managers before being submitted to the DHS Payroll Clerk, and that all leave requests, both leave earned and taken, correspond to the weekly timesheets. If an employee is not present on the day of payroll submission, the relevant division manager will contact the employee to obtain concurrence on the type of leave being taken and will obtain timesheet completion immediately upon that employee's return to the office.*
- 3.2 *The DHS agrees with the auditor's comments and recommendation. The DHS will audit all personnel files, consult with the city's Department of Personnel for training attendance documentation and where none exists, the employees will be scheduled for the training being conducted by the city Department of Personnel. An employee training log and documentation of completed trainings will be maintained and housed in the DHS Administrative office by the Executive Secretary to the Director.*

4. Sunshine Law

The SLAAA Advisory Council did not post notifications for meetings. In addition, the SLAAA RFP selection committee did not prepare meeting minutes during the selection process.

City of St. Louis - Department of Human Services
Management Advisory Report - State Auditor's Findings

SLAAA management indicated they believed it was a requirement that minutes be prepared for each meeting, but did not believe the council fell under state requirements to post meeting agendas or public notices of meetings. In addition, management indicated that no conversation is documented during the actual selection committee meetings.

Section 610.010.5, RSMo, defines a public meeting as any meeting of a public governmental body at which any public business is discussed decided, or public policy formulated. Sections 610.020.1 and 610.020.2, RSMo, provide the requirements for the meeting notice to be given at least 24 hours in advance of the time, date, and place of each meeting, and its tentative agenda. Additionally, Section 610.020.7, RSMo, requires meeting minutes be maintained as a record of business conducted and to provide an official record of committee actions and decisions.

Providing required meeting notices is necessary so citizens are aware of meetings held and issues to be discussed. Without sufficient minutes of all meetings, there is no record of the discussions held or support for the decisions made, and there is less assurance to the public that various statutory provisions are followed.

Recommendation

The Department of Human Services ensure the SLAAA Advisory Council posts agendas and the selection committee prepares and retains meeting minutes in accordance with the Sunshine Law.

Auditee's Response

The DHS agrees with the auditor's comments and recommendation. SLAAA management is now posting notifications for the SLAAA Advisory Council meetings and retaining selection committee minutes in accordance with the Sunshine Law.

City of St. Louis - Department of Human Services

Organization and Statistical Information

The City of St. Louis Department of Human Services' (DHS) goals are to enhance the quality of life of citizens through the provision of social service programs to the aged, homeless, veterans, disabled, youth, and families in need. In addition, the DHS promotes city living and neighborhood stabilization through the preservation of affordable and accessible housing and support services that enhance the quality of life for those in need. The DHS achieves this with the administration of federal, state, and city programs by various divisions. As of June 30, 2021, the department had 39 employees in the following 6 divisions:

Program Management

Program Management provides administrative support and guidance to all other DHS divisions. Program Management engages in legislative and budgetary advocacy to increase available resources for services and issues facing all clients served by the DHS. In addition, Program Management works to increase coordination and collaboration with the city and community organizations in planning and program development processes related to a wide array of social issues. Program Management also administers programs not administered by the other divisions, including the Jail Diversion Project, Conflict Resolution and Meditation Services, and the Youth Empowerment Services Portfolio.

St. Louis Area Agency on Aging (SLAAA)

The SLAAA provides a comprehensive and coordinated system of community-based services for older adults in the City of St. Louis. SLAAA programs and services include meal programs at senior centers, transportation, information and referral, health promotion, employment training, legal assistance, housing assistance, home-delivered meals, personal care and homemaker services, and respite care. The SLAAA also provides ombudsman services for complaint resolution regarding long-term care facilities.

Homeless Services

The Homeless Services Division provides a comprehensive response to the different needs of homeless or at-risk individuals and families in the City of St. Louis. The Homeless Services Division contracts with social services agencies to provide outreach and assessment efforts to identify an individual's or family's needs and make connections to facilities and services, immediate shelter as a safe alternative to the streets, transitional housing, and/or permanent housing or permanent housing arrangements.

Office of Veterans Affairs

The Office of Veterans Affairs (OVA) acts as an advocate to those veterans within the City of St. Louis who are at risk because of poverty and poor living conditions. In addition, the office secures public and private grant resources for direct assistance to veterans and their families in employment and

City of St. Louis - Department of Human Services Organization and Statistical Information

supportive services. The OVA administers employment programs sponsored by the U.S. Department of Labor, Veterans Employment and Training Service.

Youth and Family Services

The Youth and Family Services Division administers and participates in a broad range of programs intended to improve and enhance the quality of life of at-risk children and families. Programs include the summer food service program, the Child and Adult Care Food Program, the M.I.N.E. (mentoring, instruction, nutrition, and esteem) program, after school initiatives, and the early childhood success initiative.

Office on the Disabled

The Office on the Disabled serves as the city's Americans with Disabilities Act (ADA) coordinating agency, providing information on the ADA, reasonable accommodations for applicants and employees, and ADA training. The office provides reserved residential parking spaces for city residents with disabilities, issues permits exempting persons with disabilities unable to activate parking meters in the city, offers interpreters for hearing impaired individuals dealing with city offices, and works with the city's Building Division for occupancy permit approvals based on ADA compliance.

Missouri State Auditor

2021 Property Tax Rates

Report No. 2021-122

December 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the review of 2021 Property Tax Rates

Background	Property taxes largely fund public schools and are the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The State Auditor's Office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file final proposed tax rates and data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The counties submit the supporting data received to the State Auditor for review. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.
Rate Calculations	Rate ceilings set the limit for the amount of taxes that can be levied. Each tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of each tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis. The 2021 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Missouri Constitution, Article X, Section 22, commonly referred to as the Hancock Amendment, which limits taxation by the state and local governments.
Results	In 2021, the State Auditor received supporting data and reviewed 4,854 property tax rates for 2,806 taxing authorities. Of the rates reviewed, 506 are debt service tax rates, 158 are new property tax rates approved by voters, and 49 are existing property tax rates that were increased by voter approval. We reviewed the remaining 4,141 tax rates for revenue neutrality. This is the seventh year since the review of property tax rates started in 1985 that no taxing authorities levied a tax rate that exceeded the tax rate certified.
Additional Comments	The State Auditor's Office has no authority to determine or review individual tax assessments. All individual tax assessment matters are the responsibility of the county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

Because of the nature of this review, no overall rating is provided.

The complete 2021 Property Tax Rates Report is available on our Web site: auditor.mo.gov.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The State Auditor's Office is required by Section 137.073, RSMo, to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine whether:

1. Local governing boards levied taxes in accordance with the Missouri Constitution and state law.
2. Local property tax rates were adjusted to ensure property reassessments were revenue neutral.

Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2021, we received supporting data on 4,854 property tax rates of 2,806 taxing authorities. This is the seventh year since the State Auditor's Office started reviewing property tax rates that no taxing authorities levied a tax rate that exceeded the tax rate certified.

Property taxes are the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices can be eroded.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

2021 Property Tax Rates Results

Summary

The State Auditor received supporting data and reviewed 4,854 property tax rates for 2,806 taxing authorities.¹ Of the rates reviewed, 506 are debt service tax rates, 158 are new property tax rates approved by voters, and 49 are existing property tax rates that were increased by voter approval. We reviewed the remaining 4,141 tax rates for revenue neutrality. This is the seventh year since the review of property tax rates started in 1985 that no taxing authorities levied a tax rate that exceeded the tax rate certified.

Methodology

The State Auditor's Office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file final proposed tax rates and data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The counties submit the supporting data received to the State Auditor for review. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

The 2021 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Missouri Constitution, Article X, Section 22 (commonly referred to as the Hancock Amendment). Each tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of each tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, the review of property tax rates begins with the prior year allowed revenue. Current year tax rate ceilings must be set to yield the same gross revenue as allowed in the prior year. In addition, an adjustment is made for additional revenue permitted for assessment growth. That adjustment is the lower of (1) the actual growth rate, (2) the inflation rate as determined by the consumer price index, or (3) 5 percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also affect the tax rate ceiling calculation. Counties and the City of St. Louis use the tax rates set by each taxing authority to levy taxes on all property including new construction and improvements.

Voters may authorize increases beyond the annual revenue neutral tax rate ceiling. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. In addition to reviewing new and existing property tax levies for revenue neutrality, the State Auditor's

¹ One taxing authority, Kingsway Center Special Business District, did not complete the certification process timely. As a result, the City of St. Louis elected not to process the tax rate. Therefore, this tax rate and taxing authority are not included in this report.

2021 Property Tax Rates Results

Office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is compliant if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

Sections 137.073.5(3) and 137.073.5(4), RSMo, provide that a voluntary reduction taken in a non-reassessment year (even numbered year) results in a reduced tax rate ceiling during the following reassessment year (odd numbered year). These provisions also allow taxing authorities that voluntarily reduce a tax rate in a previous even numbered year to reverse the impact of the voluntary reduction to reinstate a higher tax rate ceiling in the following even numbered year. To increase the tax rate in the following even numbered year, the taxing authority must conduct a public hearing, and adopt an ordinance, a resolution, or a policy statement justifying its action before setting and certifying its tax rate.

Section 137.073.6(3), RSMo, allows a taxing authority to submit amended tax rate forms to the State Auditor's Office in the event the taxing authority incorrectly completed the forms or made clerical errors. These changes are factored into the current year's tax rate ceiling calculation.

A taxing authority's total assessed valuation submitted by the county clerk or a representative of the taxing authority is used in the State Auditor's Office review of property taxes. The State Auditor's Office does not review the assessed valuation of individual pieces of property. Chapter 138, RSMo, governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the county assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase, tax rate ceilings generally decrease, depending on the amount of the increase, to produce substantially the same amount of revenue as allowed in the prior year. As assessed valuations decrease, tax rate ceilings may increase to produce substantially the same revenue as allowed in the prior year from existing property, limited by voter authorization. See Appendixes I and II for a summary of the changes in assessed valuation by type of taxing authority, and Appendixes III and IV for a summary of changes in tax rate ceilings by type of taxing authority. In addition, Appendix V is a map that provides a statewide geographical perspective of total county valuation changes prior to adjustments for new construction and reassessment. The total assessed valuation is the value used to bill the property tax rates. Appendix VI is a map of the adjusted assessed valuation by county. The adjusted assessed valuation is the value of last year's property in the current year. This map reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change

2021 Property Tax Rates Results

generally indicates a major reassessment occurred. However, 2021 assessed valuations indicate the majority of county adjusted assessed valuation changes were less than the consumer price index, which does not indicate a major reassessment increase. The comparison of assessed valuations and tax rate ceilings from 2020 to 2021 for Appendixes I through VI give consideration to revisions submitted by taxing authorities to the State Auditor's Office for changes to assessments occurring after setting the 2020 property tax rate.

Taxing authorities are listed by primary county (as designated by the taxing authority when established) in Appendixes VII and VIII and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). A taxing authority located in more than one county is listed under the primary county only. The assessed valuations presented for taxing authorities in Appendixes VII and VIII, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for school districts include only taxable locally assessed property. The abated portions of property valuations that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling. Prior years' tax rate reports are available on the State Auditor's website at auditor.mo.gov.

We do not review sales tax rollbacks required by law for some county levies as part of this report. Any concerns in that area would be addressed in audit reports we issue for individual counties. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review to ensure the district did not waive all or part of the rollback without voter approval in order to generate additional local revenues. A majority of the 516 school districts have obtained voter approved waivers of the required sales tax rollback of their property tax, including 466 with a full waiver and 25 with a partial waiver. Appendixes VII and VIII indicate the 491 school districts that have either full or partial waivers of Proposition C reductions.

Appendix VII
2021 Property Tax Rates
Listing of 2021 Tax Rates for Local Governments Levying a Single Tax Rate on All Property

LEGEND:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase or decrease to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- E School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- F Article X, Section 11(g) of the Missouri Constitution allows the Kansas City 33 School District School Board to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the School Board.

NOTES:

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). When a taxing authority is in more than one county, it is listed under the primary county only.

This Appendix does not list taxing authorities that levied a separate tax rate for each subclass of property. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi-rate calculation. See Appendix VIII for a listing of taxing authorities that calculated separate tax rates for each subclass of property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both the taxing authority and the county or counties in which the tax rate is levied.

The Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue amount shown is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

- Legend:**
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
 - B A voter approved increase or decrease to an existing levy.
 - C Levy includes a recoupment rate authorized by state law.
 - D School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
 - E School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.

Notes:
This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi-rate calculation. See Appendix VII for a listing of taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both the taxing authority and the county or counties in which the tax rate is levied.

The Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue shown is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Ste. Genevieve County, Missouri

The Office of the State Auditor contracted for an audit of Ste. Genevieve County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CliftonLarsonAllen, LLP, is attached.

Missouri State Auditor

RECOMMENDATION SUMMARY

Recommendations in the contracted audit of Ste. Genevieve County

2020-001

Management reconcile the Schedule of Expenditures of Federal Awards with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

INDEPENDENT AUDITORS' REPORT

County Commission
County of Ste. Genevieve
Ste. Genevieve, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Ste. Genevieve (the County), Missouri, which comprise cash and investments for each fund as of December 31, 2020 and 2019, and the related statements of cash receipts, and disbursements-budget and actual for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law as described in Note 1 of the accompanying financial statements. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

CLA is an independent member of Nexia International, a leading, global network of independent accounting and consulting firms. See nexia.com/member-firm-disclaimer for details.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2020 and 2019, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of each fund of the County as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Ste. Genevieve, Missouri (County) is governed by a three-member board of commissioners. There are 10 elected Constitutional Officers: Assessor, County Clerk, Collector of Revenue, Coroner, Circuit Clerk, Recorder of Deeds, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Ste. Genevieve County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a statement of receipts, disbursements, and changes in cash and investment balances – all governmental funds, a comparative statement of receipts, disbursements, and changes in cash and investment balances – budget and actual – all governmental funds, and a statement of assets and liabilities arising from cash transactions – agency funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Fiduciary Fund Types

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similar to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other agency operations.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 of the Missouri Revised Statutes (RSMo), the County adopts a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
7. Budgets are prepared and adopted on the cash basis of accounting. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar years 2020 and 2019, for purposes of taxation, was:

	2020	2019
Real Estate	\$ 353,547,194	\$ 345,986,764
Personal Property	107,326,536	104,042,065
Railroad and Utilities	30,910,596	29,493,834
Total	<u>\$ 491,784,326</u>	<u>\$ 479,522,663</u>

During 2020 and 2019, the County Commission approved a \$1.0182 and \$1.0182 tax levy, respectively, per \$100 of assessed valuation of tangible taxable property, for purpose of County taxation, as follows:

	2020	2019
General Revenue Fund	\$ 0.2540	\$ 0.2540
Special Road and Bridge Fund	0.2519	0.2519
Ambulance Fund	0.0253	0.0253
Mental Health Fund	0.0964	0.0964
Seniors Citizens	0.0301	0.0301
Senate Bill 40 Fund	0.0550	0.0550
Hospital Fund	0.1618	0.1618
Total	<u>\$ 0.8745</u>	<u>\$ 0.8745</u>

F. Cash Deposits and Investments

Deposits and investments are stated at cost. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less, if applicable. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the state of Missouri or other government bonds, or time certificates of deposit provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in these notes to the financial statements.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Interfund Transactions

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

NOTE 2 DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. County investments are nonnegotiable certificates of deposit. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption.

Deposits

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. The total bank balance as of December 31, 2020 and 2019 was insured through the Federal Deposit Insurance Corporation or had pledged collateral.

Summary of Carrying Values

The carrying values of cash and investments shown above are included in the financial statements at December 31, 2020 and 2019, as follows:

	<u>2020</u>	<u>2019</u>
Cash and Investments for Governmental Funds:		
Cash	\$ 2,455,820	\$ 1,103,520
Investments	3,847,406	4,545,924
Total Governmental	<u>\$ 6,303,226</u>	<u>\$ 5,649,444</u>
	<u>2020</u>	<u>2019</u>
Cash and Investments for Agency Funds:		
Cash	\$ 19,315,103	\$ 17,266,569
Investments	253,542	340,135
Total Agency	<u>\$ 19,568,645</u>	<u>\$ 17,606,704</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3 BONDS

On June 1, 2011, the County issued Certificates of Participation (COPs), a direct placement, in the amount of \$950,000 (Series 2011). The maturity of the COPs is February 1, 2021, with an interest rate of 4.05%. United Missouri Bank is the holder of these COPs. The 2011 debt was issued for the purpose of funding the geothermal project for the community center. The Series 2011 debt was paid off in 2020.

On July 1, 2016, the County issued COPs, a direct placement, in the amount of \$2,000,000 (Series 2016). The maturity of the COPs is February 1, 2026, with an interest rate of 2.95%. United Missouri Bank is the holder of these COPs. The 2016 debt was issued for the purpose of funding a playground, tennis courts and parking for the community center.

On August 31, 2017, the County issued COPs, a direct placement, in the amount of \$4,440,000 (Series 2017). The maturity of the COPs is February 1, 2037, with an interest rate of 3.50%. From and after July 1, 2022, the interest rate on the Series 2017 Certificates, which will be reset on a daily basis, will be equal to (a) the "prime rate" as set forth in *The Wall Street Journal*, which is equal to the base rate on corporate loans posted by at least 70% of the 10 largest U.S. banks minus (b) 0.5% per annum; provided, however, that in no event shall the interest rate on the Series 2017 Certificates exceed 10% per annum. United Missouri Bank is the holder of these COPs. The 2017 debt was issued for the purpose of funding the costs of constructing, improving and equipping a multi- purpose building on the project site, including racquetball courts, batting cages, gymnasiums, volleyball courts, meeting space and office space at the Ste. Genevieve County Community Center.

On April 15, 2018, the County issued COPs, a direct placement, in the amount of \$10,000,000 (Series 2018). The maturity of the COPs is October 15, 2036, with an interest rate ranging from 2.40% to 5.00%. United Missouri Bank is the holder of these COPs. The 2018 debt was issued for the purpose of providing funds to pay the costs of the Water Park Project.

On December 22, 2020, the County issued COPs, a direct placement, in the amount of \$5,895,000 (Series 2020). The maturity of the COPs is August 1, 2033, with an interest rate of 2.25%. United Missouri Bank is the holder of these COPs. Proceeds from the Series 2020 COPs was used to refund the Series 2011, 0Series 2016 and 2017 COPs. The Series 2020 COPs are secured by the Community Center building, land and other capital assets. In the event of a default, the Series 2020 COPs require at least 25% aggregate principal payment in the amount outstanding at the date of default and potential loss of rights and interest to secured assets.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 CAPITAL LEASES AND OTHER LONG-TERM DEBT

The County entered into a line of credit up to \$6,500,000 dated June 21, 2012, with an interest rate of 4.0% to finance the construction of the detention center project. The outstanding principal was originally due in full on June 21, 2013. On June 21, 2013, the line of credit was converted to a commercial loan with an interest rate of 4.0% and a maturity date of September 21, 2023, with a balloon payment due. The County has been making extra principal payments as it can so the following is presented based on the County making the remaining payments according to the amortization schedules.

The Community Center entered into a lease purchase agreement in the amount of \$118,461.22 dated June 19, 2014, to finance fitness equipment. The agreement calls for one advanced payment of \$22,000 followed by 60 monthly payments of \$1,811.07. The agreement matured on June 19, 2019.

The Community Center entered into a lease purchase agreement in the amount of \$116,933.02 dated January 30, 2018, to finance fitness equipment. The agreement calls for 60 monthly payments of \$2,149.97 beginning on March 1, 2018. The agreement maturity date is February 1, 2023.

The schedule of changes in capital leases and other long-term debt and future maturities for the year ending December 31, 2020 are as follows:

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid	Amounts Due Within One Year

Total	<u>\$ 2,982,471</u>	<u>\$ (2,982,471)</u>	<u>\$ 3,322,114</u>	<u>\$ (3,322,114)</u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 7 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)

Plan Description

The County of Ste. Genevieve's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. County of Ste. Genevieve participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with Section 70.600-70.755 RSMo. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS) (CONTINUED)

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after five years of credited service. Employees who retire on or after age 60 (55 for police and fire) with five or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of five years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

Benefit terms provide for annual post-retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 4.8% (General) and 4.2% (Police) of annual covered payroll.

For the years ended December 31, 2020 and 2019, the County paid \$574,446 and \$480,267 to LAGERS.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in sections 50.1000-50.1300 of RSMo. The board of directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The board of directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multi-employer retirement system for each county in the state of Missouri, except counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the LAGERS; and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after eight years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of eight years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

CERF issues audited financial statements. Copies of these statements may be obtained from the board of directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (CONTINUED)

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During 2020 and 2019, the County collected and remitted to CERF, employee contributions of approximately \$193,213 and \$184,842, respectively, for the years then ended.

In addition, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of real estate and personal property tax declarations.
- Twenty dollars on each merchants and manufacturers license issued.
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded.
- Five-ninths of the fee on delinquent property taxes.
- Interest earned on investment of the above collections prior to remittance to CERF.

The County remitted to CERF \$170,661 and \$165,426, respectively, for the years then ended December 31, 2020 and 2019.

NOTE 9 PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the state of Missouri is responsible for administration of this plan. The County has contributed \$11,628 and \$11,628, respectively, for the years ended December 31, 2020 and 2019.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 10 CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

B. Compensated Absences (Vacation and Sick Time)

County of Ste. Genevieve provides employees with up to five weeks of paid vacation based upon the number of years of continuous service.

Regular full-time employees who have completed no less than (10) years of service with the County and who are eligible to retire and do not retire shall receive compensation for 50% of accumulated unused sick time leave.

Regular full-time employees who have completed ten (10) years of service with the County who are permanently laid off or leave voluntarily (quit) shall receive compensation for up to 33 1/3% of accumulated unused sick time, which in no case may exceed one month's pay.

Regular full-time employees whose job position is eliminated within their employment period, shall receive compensation for 50% of accumulated unused sick time leave, which in no case may exceed one month's pay.

In the event of separation due to death of a full-time employee with no less than ten (10) years of service, compensation shall be made to the employee's estate at the rate of 50% for any accumulated unused sick time, which in no case may exceed one month's pay.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 11 RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a nonprofit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

NOTE 12 UNCERTAINTIES

The World Health Organization has declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.

SCHEDULE OF STATE FINDINGS

- I. For the year ended December 31, 2020, no formal budget was adopted for the State of MO Fund and Criminal Costs Fund.
- II. For the year ended December 31, 2019, no formal budget was adopted for the State of MO Fund Criminal Costs Fund.
- III. For the year ended December 31, 2019, budgeted expenditures exceeded actual for the Developmental Disability Board Fund.
- IV. For the year ended December 31, 2020 there was a deficit budget for the Repairs and Upkeep Property Fund.
- V. For the year ending December 31, 2019, there was a deficit budget for the Law Enforcement Sales Tax Fund, TIF Fund and Community Center Water Park Fund.

FEDERAL COMPLIANCE SECTION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

County Commission
County of Ste. Genevieve
Ste. Genevieve, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of County of Ste. Genevieve (the County) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements, and have issued our report thereon dated November 30, 2021. We expressed an adverse opinion on the financial statements because the financial statements are prepared on the basis of financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with regulatory reporting requirements established by the State of Missouri.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

County Commission
Ste. Genevieve County
Ste. Genevieve, Missouri

Report on Compliance for Each Major Federal Program

We have audited the Ste. Genevieve County's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the years ended December 31, 2020 and 2019. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

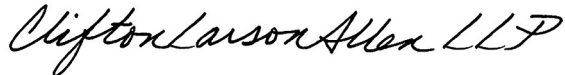

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the County as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements. We issued our report thereon dated November 30, 2021, which contained an adverse opinion on those financial statements due to the financial statements not being in accordance with accounting principles generally accepted in the United States of America, and an unmodified opinion on those regulatory basis financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1 to the financial statements.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Ste. Genevieve (the County) under programs of the federal government for the years ended December 31, 2020 and 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position or changes in net position of the County.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles in the Uniform Guidance, with the exception of CFDA 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principals, certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 INDIRECT COST RATE

The County has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**COUNTY OF STE. GENEVIEVE

YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION II – FINANCIAL STATEMENT FINDING

No financial statement findings reported under *Government Auditing Standards*.

**COUNTY OF STE. GENEVIEVE
STE. GENEVIEVE, MISSOURI
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION III – FEDERAL AWARD FINDING

2020-001 **Federal Grantor:** US Department of Treasury, US Department of Transportation, US Environmental Protection Agency

Pass-Through Grantor: Missouri State Treasurer, Missouri Department of Transportation

Federal CFDA Number: 21.019, 20.205 and 66.039

Program Title: Coronavirus Relief Fund, Highway Planning and Construction, Diesel Emission Reduction Act Grant

Award Years: 2019 and 2020

Type of Finding: Significant Deficiency in Internal Controls over Compliance

Criteria: Title 2 U.S. Code of Federal Regulations Part 200, requires auditees to prepare an accurate SEFA containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of the pass-through entity.

Condition: When performing a reconciliation of the draft Schedule of Expenditures of Federal Awards (SEFA) provided by the County to the actual expenditures for 2019 and 2020, it was noted that the draft schedule of federal expenditures contained an error that initially reported the incorrect federal expenditures for CFDA numbers 21.019, 20.205, and 66.039.

Effect: Federal expenditures on the SEFA were incorrect.

Questioned Costs: None.

Cause: Expenditures for several programs were not updated for actual expenses based on underlying records.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Views of Responsible Officials: There is no disagreement with the audit finding.

CORRECTIVE ACTION PLAN
YEARS ENDED DECEMBER 31, 2019, AND 2020**

The County of Ste. Genevieve respectfully submits the following corrective action plan for the year ended December 31, 2020, and 2019.

Audit period: 1/1/2019 – 12/31/2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

No financial statement findings reported under Government Auditing Standards.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

US Department of Treasury, US Department of Transportation, US Environmental Protection Agency

2020-001 Coronavirus Relief Fund, Highway Planning and Construction, Diesel Emission Reduction Act Grant – CFDA No. 21.019, 20.205 and 66.039

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Management will enact a process to reconcile the SEFA to the general ledger.

Name(s) of the contact person(s) responsible for corrective action: Sue Wolk

Planned completion date for corrective action plan: December 31, 2021

If there are any questions regarding this plan, please call Sue Wolk at (573)-883-5589 ext. 2.

Sincerely,

Sue Wolk

Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Lawrence County

County Collector's Controls and Procedures	Office personnel do not always issue receipt slips for duplicate tax receipt payments or deposit intact. Also, County Collector's office personnel do not always record the method of payment accurately in the property tax system and do not reconcile the composition of receipts (cash, check, money order, or debit/credit card) recorded in the property tax system to the composition of deposits. The County Collector does not prepare adequate bank reconciliations for the main bank account and does not prepare bank reconciliations for the partial payment bank account. In addition, the County Collector does not prepare monthly lists of liabilities for either bank account to reconcile to the available cash balances. The County Collector has not established procedures to routinely follow up on outstanding checks in the main bank account. Personal commissions received for the collection of city taxes are not reported to the Internal Revenue Service as employee compensation by the county.
Property Tax System	The County Clerk and/or County Commission did not review and approve outlawed 2010 personal property taxes totaling \$49,189 in March 2020, and outlawed 2011 personal property taxes totaling \$50,835 in March 2021. The County Collector's annual settlement for the year ended February 28, 2021, did not include 2010 taxes outlawed during the year, totaling \$49,189, resulting in the annual settlement being incomplete and inaccurate. The County Clerk does not have procedures in place to ensure aggregate abstracts are accurate.
Public Administrator's Controls and Procedures	The Public Administrator does not always file status reports or asset inventory reports in compliance with state law. The Public Administrator does not provide adequate supporting documentation to the court for the annual settlements or status reports of wards/estates, and does not always obtain court approval for large purchases. The Public Administrator has not adequately segregated accounting duties and does not perform documented supervisory reviews of detailed accounting and bank records.
Sheriff's Controls and Procedures	Sheriff's office personnel have not performed a physical inventory of seized property since November 2019. Sheriff's office personnel do not have proper controls and procedures in place to ensure all costs for boarding non-state prisoners are adequately billed to the prisoner upon release and pursued. Sheriff's office personnel did not retain records from the prior commissary system.
Personnel Policies	County officials do not always follow established written personnel policies.
Electronic Data Security	The County Assessor, County Collector, and Prosecuting Attorney have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Officials and employees in the offices of the County Assessor, County Collector, and Recorder of Deeds are not required to have a minimum number of characters in the passwords. In addition, the County Collector's employees share computers in the office and do not log off and log back on with their unique user identification and password when using the property tax system.

Electronic Communications Policy	The county has not developed certain electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Fair**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

----------	--------------------------------------

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Lawrence County

We have audited certain operations of Lawrence County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

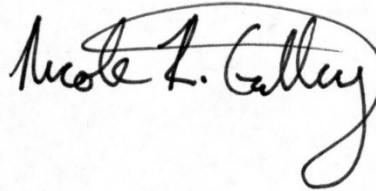

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Lawrence County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

State Auditor

Lawrence County Management Advisory Report State Auditor's Findings

1. County Collector's Controls and Procedures

Controls and procedures in the County Collector's office need improvement. The County Collector's office collected approximately \$30.3 million in property taxes and other receipts during the year ended February 28, 2021.

1.1 Receipting and recording

Office personnel do not always issue receipt slips for duplicate tax receipt payments or deposit intact. Also, office personnel do not always record the method of payment accurately in the property tax system and do not reconcile the composition of receipts (cash, check, money order, or debit/credit card) recorded in the property tax system to the composition of deposits.

We reviewed 10 daily deposits, 9 judgmentally selected from November 2020 and 1 related to our cash count performed on June 9, 2021.¹ Of the 10 deposits reviewed, we identified 6 deposits where the composition of receipts in the property tax system differed from the composition of the deposit. Differences were due to office personnel entering the incorrect method of payment into the property tax system, not recording all duplicate tax receipt payments received, and issuing cash refunds for overpayments made by check. Office personnel did not document any explanations for these differences on the daily collection reports.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected.

1.2 Reconciliations and liabilities

The County Collector does not prepare adequate bank reconciliations for the main bank account and does not prepare bank reconciliations for the partial payment bank account. In addition, the County Collector does not prepare monthly lists of liabilities for either bank account to reconcile to the available cash balances.

While the County Collector identifies and reconciles outstanding checks to the main account bank balance, he does not have procedures to identify deposits in transit and reconcile them to the bank balance. The checkbook register balance of \$371,990 agreed to the reconciled bank balance for February 28, 2021. However, this amount was understated because deposits in transit totaling \$58,558 were not recorded in the checkbook register when the reconciliation was prepared. Adjusting the checkbook register balance and reconciled bank balance for these deposits resulted in an available cash balance of \$430,548. The County Collector indicated liabilities would consist of undistributed February collections and bank interest. However, these liabilities totaled \$402,164, resulting in an unidentified balance of \$28,384. The County Collector could not identify what additional liabilities were

¹ Due to the nature of the sample, the results cannot be projected to the population.

Lawrence County
Management Advisory Report - State Auditor's Findings

included in this balance. The County Collector indicated he does not prepare a list of liabilities because he believes he is disbursing all of the money collected during the month.

Properly accounting for deposits in transit and performing adequate monthly bank reconciliations helps ensure accurate records are kept and increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the available cash balance and investigation of any differences is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities.

1.3 Outstanding checks

The County Collector has not established procedures to routinely follow up on outstanding checks in the main bank account. As of February 28, 2021, 19 checks totaling \$5,719 had been outstanding for over a year, with the oldest check dating back to 2013. On March 8, 2021, the County Collector disbursed \$4,002 related to 14 outstanding checks dated from 2013 to 2017 to the County Treasurer for deposit into General Revenue rather than submitting the funds to the State Treasurer's office Unclaimed Property as required by state law. The County Collector indicated he held onto the checks for this long because he thought they would eventually clear the bank. While the County Collector was aware of the requirement to send these checks to Unclaimed Property, he felt the county could better use these funds for county expenditures. The County Treasurer indicated she was unaware these funds related to outstanding checks until we inquired about them.

Procedures to routinely follow up on outstanding checks are necessary to prevent the accumulation of money in the account and ensure the checks are appropriately reissued to the payee or the money is disbursed as provided by state law. Section 447.532, RSMo, provides that any funds held by a political subdivision that remain unclaimed for more than 3 years should be turned over to the Missouri State Treasurer's Unclaimed Property Division.

1.4 City commissions

Personal commissions received for the collection of city taxes are not reported to the Internal Revenue Service (IRS) as employee compensation by the county. The County Collector has written agreements with 7 cities for property tax collection services that provide for him to withhold and personally retain a 3.75 percent commission on all city tax collections. The County Collector pays himself commissions for the collection of city taxes totaling about \$19,000 annually outside of the county payroll process. The County Collector indicated he previously communicated his interest in the commissions going through the county payroll process, but the County Commission did not want this because this compensation comes from the cities and not the county.

Lawrence County
Management Advisory Report - State Auditor's Findings

Since the payments for commissions are not processed through the county payroll system, they have not been reported on the employee's W-2 forms, appropriate payroll taxes were not withheld, and the employer's share of payroll taxes is not paid. IRS regulations require individuals treated as employees to have all compensation reported on W-2 forms. To ensure all compensation is properly reported and taxed, all compensation should be paid through the normal county payroll process. The failure to properly report and tax all wages could result in penalty and interest charges assessed against the county.

Similar conditions
previously reported
Recommendations

Similar conditions to sections 1.1 and 1.2 were noted in our prior 2 audit reports.

The County Collector:

- 1.1 Issue receipt slips for all money received, record method of payment accurately, and reconcile the composition of receipts to the composition of deposits.
- 1.2 Ensure adequate monthly bank reconciliations are prepared accounting for outstanding checks, deposits in transit, and other reconciling items. In addition, the County Collector should prepare a monthly list of liabilities and reconcile the listing to the available cash balance. Any unreconciled differences should be promptly investigated and resolved.
- 1.3 Establish procedures to routinely investigate outstanding checks. Old outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the money should be disposed of in accordance with state law.
- 1.4 Work with the County Commission and County Clerk to ensure all compensation is paid through the county's normal payroll process, properly taxed, and reported to the IRS as employee compensation.

Auditee's Response

- 1.1 *The County Collector will look into methods to implement this recommendation.*
- 1.2 *The County Collector will look into this recommendation.*
- 1.3 *The County Collector will look into procedures to ensure compliance with state law.*
- 1.4 *The County Collector will work with the County Commission and County Clerk regarding this recommendation.*

2. Property Tax System

Controls and procedures over the property tax system need improvement.

2.1 Outlawed property taxes

The County Clerk and/or County Commission did not review and approve outlawed 2010 personal property taxes totaling \$49,189 in March 2020, and outlawed 2011 personal property taxes totaling \$50,835 in March 2021. As a result, outlawed property taxes, which constitute changes to the amount of taxes the County Collector is charged with collecting, were not monitored and errors or irregularities could have gone undetected. According to the County Collector, he makes a verbal request to the property tax system programmers each year, in March, to remove all the delinquent property taxes for a particular year from the system. However, he does not generate a detail report of taxes to be outlawed for the County Clerk or County Commission to approve before making the request to the system programmers. Instead, he tells the County Clerk which year's taxes were outlawed after the programmers make the deletions. He indicated he did not realize the importance of communicating the outlawed property taxes to the County Commission.

Sections 137.260 and 137.270, RSMo, assign responsibility to the County Clerk for making corrections to the tax books with the approval of the County Commission. If it is not feasible for the County Clerk to make corrections to the tax books, an independent reconciliation of approved outlawed property taxes to actual changes made to the property tax system would help to ensure changes are proper.

2.2 Accuracy of annual settlements

The County Collector's annual settlement for the year ended February 28, 2021, did not include 2010 taxes outlawed during the year, totaling \$49,189, resulting in the annual settlement being incomplete and inaccurate. The County Collector indicated outlawed property taxes are not included on the annual settlement because once the property taxes are outlawed, the property taxes are no longer included in the charges to be collected for the year. While the outlawed taxes were removed in March 2020, they were still on the delinquent tax books at March 1, 2020, and should have been included on the annual settlement.

Incomplete and/or inaccurate annual settlement information reduces the effectiveness of the settlement as a mechanism for accounting for all money the County Collector is charged with collecting.

2.3 Aggregate abstracts

The County Clerk does not have procedures in place to ensure aggregate abstracts are accurate.

- The County Clerk did not accurately prepare the 2020 land and personal property tax aggregate abstract. The December 2020 aggregate abstract

Lawrence County Management Advisory Report - State Auditor's Findings

did not report the 2020 real estate tax increment financing and city miscellaneous taxes totaling \$14,172 that were included on the current real estate tax book generated by the County Collector's office. The County Clerk indicated these were new taxes levied for the county for fiscal year ended February 28, 2021, and she forgot to include them with the other amounts on the 2020 aggregate abstract.

- The County Clerk did not accurately prepare the 2019 and prior years back tax aggregate abstract. The total real estate taxes reported on the back tax aggregate abstract filed in April 2020 was understated by \$172,942 because it did not include various city back taxes. In addition, the total personal taxes reported on the back tax aggregate abstract filed in March 2021 was understated by \$50,835 because the County Clerk excluded property taxes outlawed in March 2021.

Section 137.295, RSMo, requires the County Clerk to prepare these reports and forward them to the Department of Revenue and State Tax Commission upon completion of delinquent tax books and upon assessment of current tax books. Failure to reconcile these reports to the current and delinquent tax books decreases the accuracy of the reports and what is charged to the County Collector to collect.

Recommendations

- 2.1 The County Clerk and County Commission ensure outlawed taxes are properly reviewed and approved.
- 2.2 The County Collector prepare complete and accurate annual settlements.
- 2.3 The County Clerk establish procedures to ensure tax aggregate abstracts are prepared accurately.

Auditee's Response

- 2.1 *The County Clerk and County Commission provided the following response:*

The County Clerk and County Commission will work with the County Collector to review and approve outlawed taxes.

The County Collector provided the following response:

The County Collector will work with the County Commission and County Clerk to implement the recommendation.

- 2.2 *The County Collector will implement this recommendation.*
- 2.3 *The County Clerk will review procedures in place and make adjustments to ensure accuracy in the future.*

Lawrence County
Management Advisory Report - State Auditor's Findings

3. Public Administrator's Controls and Procedures

3.1 Status reports and asset inventory

Controls and procedures in the Public Administrator's office need improvement. The Public Administrator is the court-appointed personal representative for wards or decedent estates of the Circuit Court, Probate Division. The Public Administrator's office was responsible for the financial activity of 104 wards and estates as of December 31, 2020.

The Public Administrator does not always file status reports or asset inventory reports in compliance with state law. We reviewed a judgmentally selected sample of 11 cases² with annual settlements or status reports due between January 2020 and June 2021.

For 3 of the 11 cases, the Public Administrator was required to file a status report; but the Public Administrator improperly filed a guardian's status report (no financial activity included) instead of a guardian and conservator status report (includes limited financial activity). The Public Administrator indicated she used the status report form supplied by the Circuit Court, Probate Division Clerk and did not realize she was using the wrong form until we brought it to her attention. The Probate Division Clerk indicated she knew of the other form, but did not communicate this to the Public Administrator.

In addition, for one of the cases requiring a status report, the Public Administrator did not file an asset inventory report with the Circuit Court, Probate Division after being appointed Guardian/Conservator for the ward. This inventory report, due June 26, 2020, has not been filed as of November 2, 2021. The Public Administrator indicated she had forgotten to file the inventory report with the court and that the court did not remind her she had not submitted it.

Sections 475.270.3 and 475.270.4, RSMo, require the Public Administrator, as conservator, to report annually, in a form prescribed by the court, the financial status and yearly activity of the ward or estate. Filing of the proper status report is necessary for the court to properly oversee the administration of cases and reduce the possibility that errors, loss, theft, or misuse of funds will go undetected. Section 475.145, RSMo, requires the Public Administrator, as conservator, to submit to the court an inventory and appraisal of all property of the ward within 30 days of appointment to conservator.

3.2 Supporting documentation and purchase approval

The Public Administrator does not provide adequate supporting documentation to the court for the annual settlements or status reports of wards/estates. In addition, the Public Administrator does not always obtain court approval for large purchases.

² Due to the nature of the sample, the results cannot be projected to the population.

Lawrence County
Management Advisory Report - State Auditor's Findings

The Public Administrator submits the bank statements with the annual settlements, but the bank statements do not always contain copies of checks issued and no other financial information is filed with the status reports. The Public Administrator indicated the court does not require her to submit supporting documentation, such as invoices, when filing annual settlements or status reports. Also, the Public Administrator issued a \$1,915 check for the purchase of furniture for a ward without approval of the Circuit Judge, Probate Division. She indicated she had forgotten to obtain a court order authorizing the purchase of the furniture for the ward.

Without additional supporting documentation and without prior approval for large purchases, it is difficult for the court to assess the validity and reasonableness of costs charged to and paid by wards of the Public Administrator. It also increases the possibility that errors, loss, theft, or misuse of funds will occur and go undetected.

3.3 Segregation of duties

The Public Administrator has not adequately segregated accounting duties and does not perform documented supervisory reviews of detailed accounting and bank records. The Public Administrator's Deputy is responsible for receipting, recording, depositing money, preparing most disbursements, and reconciling the bank accounts. The Public Administrator indicated she reviews the monthly bank reconciliations; however, she does not document any reviews. In addition, the Public Administrator's signature stamp is not adequately controlled. The Deputy uses the signature stamp to make disbursements, but does not apply her initials next to the signature. The Deputy indicated she is the only one who uses the stamp so it is assumed to have been used by her.

Proper segregation of duties is necessary to ensure all transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, depositing, disbursing, and reconciling money. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential. In addition, proper controls over the use of the signature stamp would reduce the possibility that loss, theft, or misuse of funds will go undetected.

Recommendations

The Public Administrator:

- 3.1 Ensure annual status reports and asset inventory reports are filed accurately and timely.
- 3.2 Submit adequate supporting documentation with annual settlements and status reports filed for wards/estates. In addition, obtain court approval prior to making large purchases.

Lawrence County
Management Advisory Report - State Auditor's Findings

Auditee's Response

- 3.3 Segregate accounting duties or ensure documented independent or supervisory reviews of detailed accounting and bank records are performed. In addition, the Public Administrator should establish controls over the use of the signature stamp.
- 3.1 *To ensure I use the correct status report forms, I will ask court personnel every 6 months if there have been any changes in the annual status reports. To ensure I get the asset inventory reports turned in within a 30 day period, I will make a checklist to put into a folder to be placed in each new client's file, so that each item that needs to be done will get done in a timely manner.*
- 3.2 *I will submit supporting documentation with the annual settlements and status reports. I will also obtain a court order prior to making purchases over \$500.*
- 3.3 *I will perform documented reviews of detailed accounting and bank records, including each reconciliation, every month. I recently established procedures requiring the user to initial by the stamped signature.*

4. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The Sheriff's office processed receipts for civil paper service, concealed carry weapon permits, bonds, and other miscellaneous receipts totaling approximately \$107,700 during the year ended December 31, 2020.

4.1 Seized property

Sheriff's office personnel have not performed a physical inventory of seized property since November 2019. In addition, the Sheriff does not periodically review cases and dispose of related seized property items. The Evidence Custodian indicated they were performing spot checks of the seized property for a few months after the full physical inventory was performed, but stopped performing the checks as no concerns were identified.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Complete and accurate inventory control records should be maintained, and periodic physical inventories performed with the results compared to inventory records to ensure seized property is accounted for properly. Section 542.301, RSMo, provides the requirements for the disposition of seized property that has not been forfeited or returned to the claimant.

A similar condition was noted in our prior audit report.

4.2 Prisoner boarding

Sheriff's office personnel do not have proper controls and procedures in place to ensure all costs for boarding non-state prisoners are adequately billed to

Lawrence County Management Advisory Report - State Auditor's Findings

the prisoner upon release and pursued. The Sheriff's office has software that tracks inmate time in jail and the costs involved in housing the inmates, but the Sheriff's office does not bill out those costs once an inmate is released. The Jail Administrator indicated board bills were billed through court costs until April 2019 when the Missouri Supreme Court ruled incarceration costs could not be included with court costs. He indicated the court is still responsible for billing/collecting costs for state prisoners, but this changed the responsibility for billing/collecting the costs for non-state prisoners to the Sheriff's office. The Sheriff indicated they do not have the personnel resources to perform continued attempts for collection of incarceration costs.

Procedures should be established to ensure all prisoner housing is properly billed and payments are received, recorded, and appropriately transmitted. Unpaid board bills should be monitored and appropriate follow-up action should be taken to ensure payment is properly received. Failure to bill and monitor unpaid amounts due may result in the costs of housing these prisoners resting solely on the county.

4.3 Record retention

Sheriff's office personnel did not retain records from the prior commissary system. The commissary vendor and system changed in June 2020, and the Sheriff's office personnel no longer have access to this system. The Sheriff and his Lieutenant indicated they attempted to create a copy of the records from the prior system when transitioning to the new vendor's system, but the prior vendor removed their access before they could create the copy. The Sheriff further indicated all reports generated during their monthly reviews were stored on the server owned by the prior vendor. After their access was denied, they requested records from the prior vendor, but the vendor did not supply them.

Retention of records is necessary to ensure the validity of transactions and provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. Record retention schedules can be found on the Secretary of State's website.³

Recommendations

The Sheriff:

- 4.1 Ensure a periodic inventory is conducted and reconciled to the seized property evidence log and investigate any differences.

³ <https://www.sos.mo.gov/archives/localrecs/schedules>

Lawrence County
Management Advisory Report - State Auditor's Findings

Auditee's Response

- 4.2 Develop procedures to track, monitor, and pursue collection of costs for boarding non-state prisoners.
- 4.3 Retain all records in accordance with state law.
- 4.1 *We are currently in the process of performing a complete inventory and will conduct random checks throughout the year to ensure we are in compliance. Periodic inventories will be performed and reconciled to the seized property log going forward. Any differences will be investigated and resolved.*
- 4.2 *We are currently working with our jail management system provider to develop procedures to implement this recommendation.*
- 4.3 *In the future, we will ensure we retain copies of all records.*

5. Personnel Policies

County officials do not always follow established written personnel policies. We identified the following:

- The Sheriff approves employee requests to carry vacation leave balances past their anniversary dates, but does not obtain prior approval from the County Commission as required by county policy. In addition, the Sheriff does not always retain documentation of these approvals. The Sheriff indicated he did not think it was necessary to inform the County Commission or the County Clerk's office every time a request was made as the County Clerk's office reconciles the leave balances with him at least once per year and he can let them know then about approving the request. The County Clerk indicated she does reconcile the leave balances with the Sheriff's office to resolve the issues with leave carried forward or forfeited. While this reconciliation may resolve discrepancies in county leave records, it does not represent an approval of the County Commission as required by policy.
- Some county employees used vacation time before their compensatory time was exhausted. County policy requires compensatory time be used before vacation time. The Payroll Clerk indicated he relies on the department heads to enforce the policy. The County Clerk indicated employees choose to use their vacation time before their compensatory time because vacation time expires and compensatory time does not, and she does not enforce the county policy for this reason.

County policy, Article 9, Section 9.2.(a), requires unused vacation time be forfeited each year on the employee's anniversary date. Employees may not accrue additional vacation leave unless they have prior permission from the department head and the County Commission. County policies, Article 6, Section 6.4.(a) and Article 9, Section 9.1.(b), require compensatory time to

Lawrence County
Management Advisory Report - State Auditor's Findings

be depleted before using vacation time. Written personnel policies and strict compliance with those policies are necessary to ensure equitable treatment of employees and prevent misunderstandings.

A similar condition was noted in our prior 3 audit reports.

Recommendation

The County Commission work with other county officials to ensure compliance with personnel policies and review and update personnel policies as necessary.

Auditee's Response

The County Commission provided a written response. See Appendix.

The County Clerk provided the following response:

The County Clerk will take this under advisement and look into a better procedure and possible policy change.

6. Electronic Data Security

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

The County Assessor, County Collector, and Prosecuting Attorney have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in these offices are not required to change passwords periodically to help ensure they remain known only to the assigned user. Officials and employees in the offices of the County Assessor, County Collector, and Recorder of Deeds are not required to have a minimum number of characters in the passwords. In addition, the County Collector's employees share computers in the office and do not log off and log back on with their unique user identification and password when using the property tax system. The County Assessor indicated if passwords had to be changed more frequently the passwords would be less secure as his staff would write down their passwords to reduce the risk of forgetting them. The County Collector indicated he and his staff do not change passwords, and they share user identification and passwords for simplicity. The Prosecuting Attorney indicated he did not realize the necessity to require his staff to change their passwords periodically until brought to his attention.

Passwords are necessary to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords do not have to be periodically changed or contain a minimum number of characters in certain offices and are shared by employees in one office, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Passwords should be unique and confidential and changed

Lawrence County
Management Advisory Report - State Auditor's Findings

periodically to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

Recommendation

The County Commission work with other county officials to require confidential passwords for each employee that contain a minimum number of characters and are periodically changed to prevent unauthorized access to county computers and data.

Auditee's Response

The County Commission provided a written response. See Appendix.

7. Electronic Communication Policy

The county has not developed certain electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. The elected officials indicated they were not aware of these requirements and did not recognize that business conducted on personal devices and accounts should also be retained as part of county records.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.⁴

The County Commission can help ensure compliance with state law by developing written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The County Commission work with the other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Auditee's Response

The County Commission provided a written response. See Appendix.

⁴ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed August 26, 2021.

Lawrence County

Organization and Statistical Information

Lawrence County is a county-organized, third-class county. The county seat is Mount Vernon.

Lawrence County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 84 full-time employees and 15 part-time employees on December 31, 2020.

In addition, county operations include the health department, Board for Developmentally Disabled, and the Senior Citizens Service Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Bob Senninger, Presiding Commissioner	\$	36,096
Tim Selvey, Associate Commissioner		34,096
David Botts, Associate Commissioner		34,096
Pam Robertson, Recorder of Deeds (1)		7,277
Gary Emerson, Recorder of Deeds (1)		43,758
Tammy Riebe, County Clerk		51,661
Don Trotter, Prosecuting Attorney		143,487
Brad DeLay, Sheriff		58,181
Kathy S. Fairchild, County Treasurer		51,661
Scott Lakin, County Coroner		18,368
Janice Martin, Public Administrator		51,661
Kelli McVey, County Collector (2), year ended February 28,	70,974	
Doug Bowerman, County Assessor, year ended August 31,		51,661
Aaron Austin, County Surveyor (3)		

- (1) Gary Emerson passed away in November 2020. Pam Robertson served as interim Recorder of Deeds until she was appointed as the Recorder of Deeds effective January 1, 2021.
- (2) Includes \$19,141 of commissions earned for collecting city property taxes.
- (3) Compensation on a fee basis.

November 18, 2021

Dear Ms. Whitis:

Thank you for your thorough audit of the Lawrence County government. The items specifically directed to the County Commission; findings 2.1, 5, 6, and 7, will be thoughtfully examined. The recommendations offered by you and your colleagues will be taken under advisement as we are currently revising and creating an updated employee handbook and policy manual with the assistance of Lexipol. Lexipol is a consulting service specializing in comprehensive risk management, policy and personnel manuals and training for public safety and local governments.

We will add your concerns and recommendations to the list of items to consider as we work on our updated manual.

Sincerely,

Bob Senninger
Presiding Commissioner
Lawrence County

Nicole Galloway, CPA

Missouri State Auditor

City of Homestead Village

Report No. 2021-119

December 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the City of Homestead Village

Missing Money	The audit identified at least \$4,348 recorded sewer receipts not deposited from January 1, 2018, to December 31, 2020. In addition, the former City Clerk falsified her 2019 customer ledger by indicating payments occurred on her account when they had not.
Accounting Controls and Procedures	The Board has not adequately segregated accounting duties or ensured a documented supervisory or independent review over various financial accounting functions is performed. Receipt slips are not issued for all money received and a receipt ledger is not maintained. Sewer receipts are not deposited intact or timely. Sewer payments were not accurately recorded in customer ledgers and the method and date of payment was not always indicated. The composition of receipts is not reconciled to the composition of deposits, and checks and money orders received are not restrictively endorsed upon receipt. The former City Clerk did not perform bank reconciliations for the city's 3 bank accounts.
Sewer System Controls and Procedures	Late penalties are not always charged in accordance with city ordinance and water services were not disconnected (shut off) in accordance with city ordinance and provisions of a contract with the Public Water Supply District providing water to the city's residents. The city does not perform monthly reconciliations of total billings, payments received, and amounts remaining unpaid for sewer services, and a summary of delinquent accounts is not prepared and provided to the Board of Aldermen for review. The city does not have an ordinance regarding partial payments by customers and while a formal policy addressing this topic was adopted by the Board, it is not always followed. Partial payments were made by customers without entering into a written pay agreement and without Board approval. The city has not obtained annual audits of its sewer system as required by state law.
Budgets, Published Financial Statements, and Financial Reporting	City officials did not prepare annual budgets for city funds for the years ended December 31, 2020, 2019, and 2018, as required by state law. City officials do not publish semiannual financial statements and do not file timely annual financial reports with the State Auditor's Office as required by state law.
Disbursements	The Board's review and approval of disbursements was not adequately documented. Most disbursements were not specifically approved by the Board and invoices were not signed or initialed by the Board. The city does not have contracts with the company that maintains the sewer system or City Attorney and did not document the reasons for classifying the City Clerk as an independent contractor rather than an employee. The city did not prepare and file 1099 forms with the Internal Revenue Service (IRS) for amounts paid to the City Attorney or former City Clerk in 2019.

Sunshine Law	The Board did not always comply with the Sunshine Law regarding closed meetings. Open meeting minutes did not document the specific reasons or section of law allowing the meeting to be closed and meeting notices and agendas either did not include a statement that a closed meeting would be held or did not include the specific section of law allowing the closed meeting. Some topics discussed and voted on in closed meetings were not allowable under the Sunshine Law. The city provided no basis for the estimated fees for a record request and it is not clear if the cost estimate reflected a reasonable cost. The Board has not adopted a written policy regarding public access to city records as required by state law.
Ordinances	City ordinances are not organized, complete, or codified.

In the areas audited, the overall performance of this entity was **Poor**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Homestead Village, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit the City of Homestead Village. We have audited certain operations of the city in fulfillment of our duties. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2019. The objectives of our audit were to:

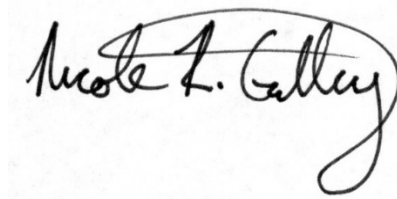

1. Evaluate the city's internal controls over significant management and financial functions.
2. Evaluate the city's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.
4. Determine the extent of money missing from the city.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the city, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the city's management and was not subjected to the procedures applied in our audit of the city.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) missing money totaling at least \$4,348. The accompanying Management Advisory Report presents our findings arising from our audit of the City of Homestead Village.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "y" at the end.

Nicole R. Galloway, CPA
State Auditor

City of Homestead Village

Management Advisory Report

State Auditor's Findings

1. Missing Money

The audit identified at least \$4,348¹ in recorded sewer receipts that were not deposited from January 1, 2018, to December 31, 2020. In addition, the former City Clerk falsified her 2019 customer ledger by indicating payments occurred on her account when they had not. Based on the timing and amounts of money missing during 2018, it is likely additional money is missing in periods prior to January 2018.

The State Auditor's Office (SAO) identified discrepancies between recorded sewer receipts and amounts deposited during initial test work. The SAO performed additional work and determined from January through December 2019 money was missing. The SAO notified the Board of Aldermen of the discrepancies and missing money in the fall of 2020. The City Clerk resigned her position as of December 31, 2020, and is referred to throughout the remainder of this report as the former City Clerk. The city had employed Marla Berndt as the City Clerk since 2012 and she was the city's only employee. A new City Clerk was hired in January 2021 but resigned in August 2021. Another City Clerk was hired in August 2021 and continues to serve in that position.

As stated in the State Auditor's Report, the scope of our audit included, but was not necessarily limited to the year ended December 31, 2019. After identification of missing money during 2019, we applied limited procedures to receipts for the period January to December 2018 and January to December 2020 for the purpose of identifying and quantifying additional missing money.

The former City Clerk recorded payments received to ledgers maintained for each sewer customer and issued a receipt slip if requested, but did not ensure payments were consistently and properly recorded in customers' ledgers. A Board member also occasionally accepted payments from sewer customers and issued the customer a receipt slip before transmitting the money to the former City Clerk for recording and deposit. The former City Clerk also prepared deposit summaries for most deposits made from 2018 to 2020. These summaries were typically handwritten on a sheet of paper, which sometimes included a copy of the deposit slip, and documented the payee and amount for receipts making up the deposit. The summaries prepared in 2020 also included the method of payment in most instances. When the method of payment was not documented, we determined it by comparing payment records to the deposit contents provided by the bank.

Undeposited cash receipts

Recorded cash receipts totaling at least \$4,228 (see Appendix A) were not deposited from January 1, 2018, to December 31, 2020. City officials could

¹ Amounts presented in the report findings are rounded to the nearest dollar. The amounts presented in Appendix A are not rounded.

City of Homestead Village
Management Advisory Report - State Auditor's Findings

not provide some customer ledgers and deposit summaries. In addition, some receipt slips had been removed from the receipt slip book. Deposits slips did not include detail on the customers' payments included in each deposit but we used available records, including bank records, to determine amounts received and payments deposited.

Undeposited check payments Seven sewer receipts paid by check or money order, totaling \$280, were recorded in customer ledgers during 2018 and 2019, but could not be traced to a deposit.

Former City Clerk Four of these seven receipts, totaling \$160, were recorded by the former City Clerk as check payments in her customer ledger from June through November 2019, but were not deposited. The former City Clerk provided us customer ledgers on November 12, 2019, which included her own ledger. This ledger (see Appendix B) indicated 6 check payments were made from June 2019 through November 2019. Prior to June 2019, Board members and the former City Clerk were not charged for sewer service.

Initial work indicated the payment recorded for the former City Clerk for September 2019 in her ledger did not trace to a deposit. The former City Clerk could not provide a canceled check or other documentation as proof the check was issued or negotiated. We notified Board members and the Mayor of our concerns in September 2020.

Subsequently, the former City Clerk notified the Board she had not been paying her sewer bill. The sewer deposit made on October 5, 2020, included a check dated October 3, 2020, for \$888 from the former City Clerk, representing payment on her sewer account from June 2019 through December 2020, and included late fees for delinquent months. This payment included the amounts due for the 4 months for which payments were recorded in her ledger but a payment was not actually made, totaling \$160. This \$160 has been used to reduce the check shortage in Appendix A.

In addition, the \$888 payment from the former City Clerk did not take into account 2 payments from the former City Clerk, totaling \$80, that were made and deposited during 2019, as well as the \$16 in late fees (\$8 per month) corresponding to these 2 payments. We identified these 2 check payments in bank deposits on June 12, 2019, and December 16, 2019, for \$40 each. As a result of the City Clerk making these 2 payments in 2019, the \$888 payment included an overpayment of \$96. The \$96 overpayment has been used to reduce the cash shortage in Appendix A.

Former City Clerk customer ledger The former City Clerk provided us another copy of her 2019 customer ledger (see Appendix C) on October 22, 2020, after we requested additional information. This ledger was different than the previous version we received and showed no payments had been made on her account. The initial customer

City of Homestead Village
Management Advisory Report - State Auditor's Findings

ledger indicated the former City Clerk was paying monthly and was used to conceal that payments were not being made.

Other missing check payments

The other 3 receipts that we could not trace to a deposit, totaling \$120, were recorded in customer ledgers in 2018, with no payment method documented. Each of these customers typically paid by either a check or money order. However, no check or money orders could be traced to a deposit and these payments are missing.

All deposits to the Sewer Fund bank account (excluding transfers) from January 2018 to December 2020 are presented in Appendix A. Those with missing money are identified as a negative amount in the total undeposited column.

Overall conclusion

The lack of segregation of duties, inadequate controls and the absence of oversight by the Board as discussed in the remainder of the report, resulted in the missing receipts going undetected.

Recommendation

The Board of Aldermen work with law enforcement officials regarding prosecution of the missing money and take the necessary actions to seek restitution for amounts missing.

Auditee's Response

We will fully cooperate with law enforcement officials regarding any prosecution of the missing funds and will take necessary actions to seek restitution.

2. Accounting Controls and Procedures

Accounting controls and procedures need improvement. Bank records indicate the city received approximately \$75,000 in taxes, sewer fees, and other receipts during the year ended December 31, 2019.

2.1 Segregation and oversight

The Board has not adequately segregated accounting duties or ensured a documented supervisory or independent review over various financial accounting functions is performed.

The City Clerk is responsible for most financial duties of the city including receipting money, preparing deposits, posting transactions to the accounting system, preparing invoices for payment, making disbursements, preparing monthly bank reconciliations, transferring money between bank accounts, and preparing financial reports for Board meetings. The City Clerk is also responsible for preparing utility bills and monitoring accounts receivables. Board members indicated they were reviewing some financial records of the city, such as bank statements, but failed to implement significant reviews of depositing functions.

City of Homestead Village
Management Advisory Report - State Auditor's Findings

Proper segregation of duties helps ensure all transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of accounting and bank records are needed.

2.2 Receipting, recording, and depositing

The city's procedures for receipting, recording, and depositing money need improvement.

- Receipt slips are not issued for all money received and a receipt ledger is not maintained to document all payments received, along with the date paid and method of payment. Besides the former City Clerk issuing receipt slips for payments received, a Board member also occasionally accepted sewer payments, issued receipt slips, and transmitted those payments to the former City Clerk, who was responsible for recording payments received in customer ledgers.
- The former City Clerk did not deposit sewer receipts intact or timely. From 2018 to 2020, deposits were generally made approximately 3 times a month. We identified several instances in which certain sewer receipts were withheld from a deposit and then included in a subsequent deposit. One customer paid \$480 cash on September 29, 2020, and was issued a receipt slip by the former City Clerk. The payment received was not posted to the customer ledger for 2020 and was not deposited until December 28, 2020. In addition, the city copy of this receipt slip had been removed from the receipt slip book and the customer had to be contacted by a Board member to obtain a copy of the receipt slip.
- Sewer payments were not accurately recorded in customer ledgers and the method and date of payment was not always indicated. We identified instances in which the amounts paid and receipted by the former City Clerk were not fully recorded in customer ledgers. For example, a receipt slip was issued for a \$940 cash payment in May 2020, but a cash payment of only \$573 was recorded in the customer's ledger, along with a notation in the top corner of the ledger indicating a \$200 deposit was paid. The remaining \$167 was not recorded in the customer ledger. The deposit summary for the June 5, 2020, deposit listed the payment as \$940 cash, which agreed to the amount of cash deposited. During 2018, we identified numerous payments in deposits that were either not recorded in a customer ledger or a customer ledger could not be located or provided.
- The composition of receipts is not reconciled to the composition of deposits. Deposit summaries were prepared for most deposits made by the former City Clerk from 2018 to 2020, and could serve as a receipt listing of all payments received. However, these summaries did not include all payments made and recorded in customer ledgers and often did not include the date paid or method of payment. The summaries were

City of Homestead Village Management Advisory Report - State Auditor's Findings

not reconciled to amounts recorded in customer ledgers or to amounts actually deposited and were not reviewed by an independent person. A deposit on February 18, 2020, totaling \$768, consisted of all but 2 payments recorded from February 7, 2020, to February 15, 2020, and included no cash. Customer ledgers indicated a \$120 cash payment and a \$40 money order payment were recorded on February 15, 2020, that were not part of the \$768 deposit. The \$40 money order was subsequently deposited on February 21, 2020. The \$120 cash payment was not listed on a deposit summary and was not deposited.

- Checks and money orders received are not restrictively endorsed upon receipt and are only endorsed when deposits are prepared. None of the 11 checks on hand during our November 18, 2019, cash count were endorsed.

Board members indicated they relied on the former City Clerk to maintain the accounting system and establish adequate procedures, but failed to provide oversight to ensure duties were properly performed.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money will occur and increases the likelihood that errors will go undetected.

2.3 Bank reconciliations

The former City Clerk did not perform bank reconciliations for the city's 3 bank accounts. Check registers and the computerized accounting system are not accurate or kept up to date for these accounts, and as a result, accurate bank reconciliations cannot be performed.

The preparation and retention of formal monthly bank reconciliations is necessary to ensure accounting records are accurate and in balance and to identify errors timely. Maintaining an accurate book balance for each account would also aid in preparing the monthly bank reconciliations and monitoring the bank balances.

Recommendations

The Board of Aldermen:

- 2.1 Segregate the accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 2.2 Ensure receipt slips are issued for all payments received and are posted to a receipt ledger, the method of payment is indicated for all payments received, deposits are made timely and intact, and payments received are posted to customer ledgers accurately. In addition, ensure the composition of receipts is reconciled to the composition of deposits and checks and money orders are restrictively endorsed immediately upon receipt.

City of Homestead Village
Management Advisory Report - State Auditor's Findings

Auditee's Response

- 2.3 Ensure monthly bank reconciliations are prepared for all bank accounts and book balances are maintained and accurate.
- 2.1 *We will develop procedures for Board members to provide oversight of the accounting functions performed by the City Clerk.*
- 2.2 *We agree. Receipt slips are now issued for all money received and posted to a receipts ledger, which allow the City Clerk to account for the numerical sequence. The method of payment is indicated for all payments received and deposits are now made intact twice weekly. We have recently begun utilizing a computerized utility system to perform billings and track individual customer accounts. We will develop a process for Board oversight of financial records, which will include a documented review of the composition of receipt slips compared to the composition of deposits. Checks and money orders are now restrictively endorsed upon receipt.*
- 2.3 *We agree with the recommendation. The City Clerk is in the process of completing bank reconciliations for all city bank accounts from January 2020 to present. Book balances are now accurately maintained.*

3. Sewer System Controls and Procedures

Sewer system controls and procedures need improvement. The city provided sewer services to approximately 75 customers in 2019. Sewer fees collected totaled approximately \$37,000 during the year ended December 31, 2019.

A ledger is kept for each customer, by calendar year, that is used to track amounts charged, payments made, and open balances.

3.1 Late penalties and shut off procedures

Late penalties are not always charged in accordance with city ordinance and water services were not disconnected (shut off) in accordance with city ordinance and provisions of a contract with the Public Water Supply District (PWSD) providing water to the city's residents. In addition, the date water services are subject to disconnection per the city ordinance is different than the disconnection date printed on the customer sewer bills. We noted numerous instances in which late penalties were not assessed properly and shut offs were not initiated even after significant delinquent balances had accumulated.

In April 2018, the city approved a contract with the local PWSD to terminate customer water service for nonpayment of city sewer bills. The contract indicates when the city determines that sewer charges remain unpaid and are in arrears more than 30 days after a written notice is provided, the city can request water service be terminated. A review of customer ledgers for 2019 and 2020 identified several customers had balances more than 30 days delinquent without shut off procedures being initiated. In 2020, one of these

City of Homestead Village
Management Advisory Report - State Auditor's Findings

customers had a balance that remained delinquent more than 7 months. In addition, a listing of requests for shut offs was not maintained or provided to the Board. Minutes of Board meetings regularly listed discussion or enforcement of sewer bills as a topic on the agenda for meetings, but details of the discussion was not documented in the minutes. Without adequate documentation, it is unclear if city officials were consistent in their treatment of delinquent customers.

City Ordinance 2012-5 states any payment not received by the 15th day of the month billed will be charged an additional 20 percent penalty for late payment and any customer not paying by the 15th is subject to disconnection of service. Customers billings indicate that accounts not paid by the 25th day of the month will be shut off, although we saw no documentation that date was approved by the Board. Allowing customers to receive service without paying reduces the incentive to make payments, reduces city receipts, and could impact the utility rates for other paying customers. To ensure all customers receive equitable treatment and city revenue is maximized, service shut off criteria need to be reported accurately on billing statements and procedures established to ensure penalty provisions in the ordinance are enforced and any variance from the ordinance properly approved.

3.2 Delinquent accounts

The city does not perform monthly reconciliations of total billings, payments received, and amounts remaining unpaid for sewer services. Although delinquent amounts are recorded in customer ledgers, a summary of delinquent accounts is not prepared and provided to the Board for review.

At our request, a delinquent account listing totaling \$12,725, was prepared as of June 15, 2020, and included both active and inactive accounts. Customer ledgers were not available to support some account balances listed. We reviewed the available customer ledgers, some of which included multiple pages dating back several years, and found several were either incomplete or inaccurate. Some customer ledgers contained notes documenting the balance as of a certain year-end, that would then carry forward to the next year, or only indicated entries for payments for certain periods, but did not indicate any billing entries or include a running balance. Some customer ledgers contained mathematical errors resulting in the actual delinquent balance being different than the balance indicated on the delinquent account listing.

In addition, the delinquent account listing was incomplete. In 2017, the city placed liens on 16 properties for delinquent sewer charges totaling approximately \$28,000. Eleven of the 16 accounts were not included on the delinquent account listing. The former City Clerk indicated one account had been paid, but the lien on the property had not been removed. The delinquent balances related to the 10 remaining accounts are still outstanding and should have been included on the listing. Board members indicated this topic was discussed with the former City Clerk regularly and they were unaware of how

City of Homestead Village
Management Advisory Report - State Auditor's Findings

the ledgers were actually being maintained because the ledgers were not provided to the Board for review.

Monthly reconciliations are necessary to ensure that all accounting records balance, transactions have been properly recorded, and any errors or discrepancies are detected timely. To ensure adequate follow-up procedures are performed, city officials need to maintain a listing of all delinquent amounts that is periodically reviewed by the Board.

3.3 Partial payments

The city does not have an ordinance regarding partial payments by customers and while a formal policy addressing this topic was adopted by the Board, it is not always followed. In addition, partial payments were made without entering into a written payment agreement and without Board approval. A policy was adopted in May 2018 allowing customers delinquent on sewer bills to avoid shut off by paying 25 percent of their delinquent amount at that time and \$100 per month in addition to the current month's bill until the account is current. We noted several customers who made partial payments from May 2018 to December 2020 that were not made in accordance with the terms of this policy. For example, one customer with a delinquent balance of \$243 made a partial payment of \$125 in June 2020, but then made no payment on the account until October 2020, but did not have service cut off. Pay agreements were not obtained for any customers making partial payments and none of the partial payments were approved by the Board.

An ordinance is necessary to establish and formalize the policies and procedures in place for determining when payment agreements are allowed, how the payment amount is to be established, and the approval process for these arrangements. In addition, a signed written payment agreement is necessary to indicate the intent of the customer to pay the outstanding balance and to aid in accounting for and collection of amounts due.

3.4 Annual audits

The city has not obtained annual audits of its sewer system as required by state law. Board members indicated they were unaware of this requirement.

Section 250.150, RSMo, requires the city obtain annual audits of the sewer system and the cost be paid from revenues received from the system.

Recommendations

The Board of Aldermen:

- 3.1 Ensure late penalties are charged in accordance with city ordinance and update the delinquent date reported on utility statements to agree with city ordinance and ensure it is consistently enforced. In addition, a record of shut offs should be maintained, along with any relevant documentation.

City of Homestead Village
Management Advisory Report - State Auditor's Findings

- 3.2 Require monthly reconciliations be performed of the amounts billed to amounts collected and delinquent accounts, and review a listing of delinquent accounts periodically. In addition, ensure records of customer account activity and delinquent balances are complete, mathematically accurate, and reviewed by an independent person periodically.
- 3.3 Establish an ordinance formalizing the policy and procedures allowing customers to make partial payments, and include obtaining a written payment agreement.
- 3.4 Obtain annual audits of the sewer system as required by state law.

Auditee's Response

- 3.1 *We agree with the recommendation. Late penalties are automatically assessed by the utility software system and the delinquent date printed on utility billings has been updated to comply with the ordinance. The City Clerk runs monthly reports from the utility software system to determine if delinquent notices need to be sent to initiate the shut off process. We will begin having the City Clerk prepare a listing each month of delinquent notices sent, but the actual notices are being maintained in our files.*
- 3.2 *We agree and have already implemented this recommendation. This reconciliation is now run monthly by the City Clerk using our utility software and customer utility records are now complete, accurate, and will be included in the oversight procedures adopted by the Board.*
- 3.3 *We agree and will work with our attorney to adopt an ordinance formalizing when partial payments can be accepted, which will include obtaining a written payment agreement with the customer.*
- 3.4 *We will solicit proposals from audit firms to obtain an audit of the sewer system for the year ended December 31, 2021.*

4. Budgets, Published Financial Statements, and Financial Reporting

The city did not prepare complete annual budgets, publish financial statements, or submit annual financial reports as required by state law.

4.1 Budgets

City officials did not prepare annual budgets for city funds for the years ended December 31, 2020, 2019, and 2018, as required by state law. Neither the

City of Homestead Village Management Advisory Report - State Auditor's Findings

Mayor nor the former City Clerk were aware of when the last time a budget was prepared and indicated they were unaware of this requirement.

Section 67.010, RSMo, requires an annual budget be prepared that presents a complete financial plan for the ensuing budget year and sets specific guidelines for the format. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of city operations. It also assists in setting tax levies and informing the public about city operations and current finances. In addition, Section 67.080, RSMo, provides that no expenditures of public money should be made unless it is authorized in the budget.

4.2 Published financial statements

City officials do not publish semiannual financial statements as required by state law. As a result, information regarding the city's financial activity and condition is not available to all citizens. The former City Clerk indicated she was unaware of this requirement.

Section 79.160, RSMo, requires the Board to prepare and publish financial statements semiannually that include a full and detailed account of the receipts, disbursements, and indebtedness of the city.

4.3 Filing of financial reports

City officials do not file timely annual financial reports with the SAO as required by state law. The city's financial report for the year ended December 31, 2018, due by June 30, 2019, was not filed until December 10, 2019. The required addendum for 2018 was not submitted to the SAO until February 20, 2020. The city's financial report for the year ended December 31, 2019, due by June 30, 2020, was not submitted until July 15, 2020. The city's financial report for the year ended December 31, 2020, due by June 30, 2021, was not submitted until August 16, 2021. In addition, the financial reports filed for 2018 and 2019 were not accurate. Cash balances reported did not agree to bank records for any of the funds and both reports contained mathematical errors. Also, no financial reports were filed with the SAO for the years ended December 31, 2017, 2016, or 2015. The former City Clerk indicated she had been unaware of this requirement but learned of it around the time the audit started and tried to file timely after that.

Section 105.145, RSMo, requires each political subdivision to file annual reports of its financial transactions with the SAO. Section 105.145.5, RSMo, prohibits members of the governing body from receiving compensation or payment of expenses after the deadline to submit the financial statement and until the financial statement is submitted to the SAO. Section 105.145.9, RSMo, subjects political subdivisions to a fine of \$500 per day for missing filing deadlines. In addition, 15 Code of State Regulations (CSR) 40-3.030, requires each political subdivision to file annual financial reports within 6 months of the end of the subdivision's fiscal year.

City of Homestead Village
Management Advisory Report - State Auditor's Findings

Recommendations

The Board of Aldermen:

- 4.1 Prepare annual budgets for all funds that contain all information required by state law.
- 4.2 Publish semiannual financial statements as required by state law.
- 4.3 Submit annual financial reports (including the addendum) to the State Auditor's Office as required by state law.

Auditee's Response

- 4.1 *We agree and will make every effort to get a budget prepared and adopted for 2022 by the end of 2021.*
- 4.2 *We agree and will ensure the semiannual financial statements are published in the future.*
- 4.3 *We agree and will ensure these required reports are submitted timely in the future.*

5. Disbursements

Disbursements procedures need improvement.

5.1 Disbursement review and approval

The Board's review and approval of disbursements was not adequately documented. Although Board minutes often documented specific approval of a few pending payments, this approval did not include most disbursements. In addition, invoices were not signed or initialed by the Board. The former City Clerk also indicated copies of check registers covering the previous month's activity for each fund were presented to the Board at meetings, but these registers were not signed or initialed by the Board. Board members indicated they were unaware of the importance of documenting their review of disbursement records.

To adequately document the Board's review and approval of all disbursements, a complete and detailed listing of disbursements needs to be prepared, signed or initialed by the Board members to indicate their approval, and retained with the official minutes. In addition, review of supporting documentation by the Board or someone independent of the disbursement process is needed before payment is made. Failure to properly review all invoices and supporting documentation, and to document authorizations, increases the possibility of inappropriate disbursements occurring.

5.2 Contract labor and employee classifications

The city does not have contracts with the company that maintains the sewer system or City Attorney and did not document the reasons for classifying the City Clerk as an independent contractor rather than an employee. The city did not prepare and file 1099 forms with the Internal Revenue Service (IRS) for amounts paid to the City Attorney and the former City Clerk in 2019. The city

City of Homestead Village Management Advisory Report - State Auditor's Findings

did not withhold payroll and income taxes from payments made to the former City Clerk, totaling \$6,200, during 2019.

The city does not maintain written contracts to define job responsibilities for the sewer company or City Attorney. During the year ended December 31, 2019, the city paid the sewer company \$11,824 and the City Attorney \$3,425. It is unclear why these various issues occurred.

Establishing written contracts helps specify the services to be rendered and the manner and amount of compensation to be paid. In addition, Section 432.070, RSMo, requires contracts of political subdivisions be in writing. Written contracts are necessary to ensure all parties are aware of their duties and responsibilities and to provide protection to both parties. Section 105.300, RSMo, defines an elected or appointed officer or employee of a political subdivision as an employee for Social Security and Medicare tax purposes. For employees, the IRS requires employers to report compensation on W-2 forms and withhold and remit income and payroll taxes. Similarly, Chapter 143, RSMo, includes requirements for reporting wages and withholding state income taxes. Sections 6041 to 6050Y of the Internal Revenue Code require non-wage payments of at least \$600 in one year to an individual be reported to the federal government on a 1099 form.

Recommendations

The Board of Aldermen:

- 5.1 Review and document approval of all disbursements and supporting documentation.
- 5.2 Obtain and retain written contracts for services that specify the services to be rendered and the manner and amount of compensation to be paid and ensure 1099 forms are issued in accordance with IRS regulations. The Board should also ensure all persons hired by the city are properly classified as employees or contract employees in compliance with state and federal laws and regulations, and all compensation paid is subject to income and payroll taxes and properly reported.

Auditee's Response

- 5.1 *Currently, a Board member and the Mayor are signing checks and reviewing supporting documentation at that time. The City Clerk will begin preparing a listing of all disbursements to present to the Board for approval at monthly meetings. Supporting documentation will be available for review by any Board member.*
- 5.2 *Contracts have now been obtained with the sewer operator and City Attorney and we will ensure contracts are in place when necessary in the future. 1099 forms were issued when necessary for 2020 and*

City of Homestead Village
Management Advisory Report - State Auditor's Findings

will be issued when necessary in the future. We will discuss and get advice from the city attorney on employee classifications.

6. Sunshine Law

The Board did not always ensure compliance with the Sunshine Law.

6.1 Closed meetings

The Board did not always comply with the Sunshine Law regarding closed meetings.

Reasons for closed meetings

Open meeting minutes did not document the specific reasons or section of law allowing the meeting to be closed for any of the 8 closed meetings held between January 1, 2018, and December 31, 2019. In addition, several meeting notices and agendas did not include a statement that a closed meeting would be held or did not include the specific section of law allowing the closed meeting.

Section 610.022, RSMo, requires public bodies announce the specific reasons allowed by law for going into a closed meeting and to enter the vote and reason into the minutes. The section also limits discussion topics and actions in closed meetings to only those specifically announced prior to closure. Section 610.020.1, RSMo, requires public entities to give notice of the time, date, and place of each meeting, and its tentative agenda, to advise the public of matters to be considered.

Allowable topics

Some topics discussed and voted on in closed meetings were not allowable under the Sunshine Law. For example, closed meeting minutes indicated the Board approved a policy allowing partial payments for delinquent sewer accounts, discussed and approved a bid for road repairs, and approved a raise for the former City Clerk. There are situations in which some of these topics could be appropriate for closed meetings, if the meetings were closed as provided by law, but the meeting minutes did not contain the specific section permitting closure. Board members indicated they relied on the former City Attorney to advise them on Sunshine Law compliance.

Section 610.021, RSMo, provides that the discussion topics and actions in closed meetings should be limited to only those specifically allowed by law.

6.2 Records requests

The city provided no basis for the estimated fees for a record request and it is not clear if the cost estimate reflected a reasonable cost.

A December 30, 2018, Sunshine Law request for copies of every customer sewer ledger from January 2000 to December 2018 resulted in an estimated cost of \$823 (one month's salary at that time of \$500 for the former City Clerk and \$323 for copies). The Board agreed to an estimated cost of \$664 in the January 9, 2019, closed meeting so it is not clear how the estimate increased to \$823. Because of the cost, the requestor did not obtain the information.

City of Homestead Village Management Advisory Report - State Auditor's Findings

Board members indicated they relied on the former City Clerk to estimate the time required to make these copies and did not know why the estimated cost changed.

Section 610.026, RSMo, allows a maximum of 10 cents per page plus an hourly fee for copying public records, not to exceed the average hourly rate of pay of clerical staff, plus the actual costs incurred for any research time for processing the request. To ensure fair and equitable treatment for citizens, charges for record requests need to be in compliance with state law, properly reflected on the record request form, consistently applied to all requestors, and accurately estimated.

6.3 Public access policy

The Board has not adopted a written policy regarding public access to city records as required by state law. A written policy regarding public access to city records would establish guidelines for the city to make records available to the public. Such policies typically identify a person to contact, provide an address to mail such requests, and establish fees that may be assessed for providing copies of public records. Board members indicated they were unaware a written policy was required.

Section 610.023, RSMo, lists requirements for making records available to the public. Section 610.026, RSMo, allows the city to charge fees for providing access to and/or copies of public records and provides requirements related to fees. Section 610.028, RSMo, requires a written policy regarding release of information under the Sunshine Law.

Recommendations

The Board of Aldermen:

- 6.1 Ensure proper notification and agendas for public meetings are posted, specific reasons for closing a meeting are documented in the open minutes, and only topics allowed by state law are discussed in closed meetings.
- 6.2 Ensure charges for record requests are in compliance with the Sunshine law, properly reflected on record request forms, and consistently applied to all requestors.
- 6.3 Develop a written public access policy for city records.

Auditee's Response

- 6.1 *We agree and our current City Clerk is posting proper notification and agendas for all public meetings. We will ensure reasons for closing a meeting are documented in the open minutes in the future and will make a greater effort to ensure closed meetings include only allowable topics.*

City of Homestead Village
Management Advisory Report - State Auditor's Findings

- 6.2 *We agree and will work with the City Attorney to ensure record requests are handled appropriately in the future.*
- 6.3 *We will adopt a policy for how the public can access city records by March 2022.*

7. Ordinances

City ordinances are not organized, complete, or codified. Some ordinances are out of date, and city officials did not know when the ordinances were last codified. Board members indicated updating ordinances was not a topic that had been discussed in recent years.

- Ordinances are not maintained in an organized manner. At least 2 different binders contained ordinances and a table of contents is not maintained. Also, the city does not maintain an index of all ordinances passed and rescinded.
- The city does not have ordinances establishing the compensation of Board members or the City Clerk. Until June 2019, Board members were compensated by receiving free sewer services instead of paying the \$40 monthly sewer fees. A Board member indicated this policy had been in place since 2004. The former City Clerk was paid \$550 a month that included \$50 for cleaning city hall per the Board minutes. The former City Clerk also received free sewer services until June 2019.
- The city has not adopted an ordinance establishing elected officials terms, procedures for credit card usage, or for entering into pay agreements with sewer customers.

Because ordinances passed by the Board to govern the city and its residents have the force and effect of law, it is important ordinances be complete and organized and in compliance with state laws. In addition, ordinances documenting approved salary amounts help ensure equitable treatment and prevent any misunderstandings. Section 79.270, RSMo, authorizes the Board to fix the compensation of all city officials and employees by ordinance.

Recommendation

The Board of Aldermen ensure ordinances are maintained in a complete and well-organized manner, and establish an index of all ordinances passed and rescinded. The Board should establish by ordinance, the terms and compensation for all city officials and employees, procedures for credit card usage, and procedures for pay agreements with sewer customers.

Auditee's Response

We will work with the City Attorney to ensure ordinances are updated where necessary, including adopting ordinances addressing terms of office and compensation for city officials and employees and partial payment requirements. Credit card usage has been discontinued.

City of Homestead Village

Organization and Statistical Information

The City of Homestead Village is located in Ray County. The city was incorporated as a village in 1972, but voters approved a classification change in 1986 to a fourth-class city. The city employed one part-time employee on December 31, 2019.

City operations include sewer services and maintenance of streets.

Mayor and Board of Aldermen

The city government consists of a mayor and 4-member board of aldermen. The members are elected for 2-year terms. The mayor is elected for a 2-year term, presides over the board of aldermen, and votes only in the case of a tie. The Mayor and Board of Aldermen, at December 31, 2019, are identified below. The Mayor and Board of Aldermen receive no compensation, although they received free sewer services (\$40 per month) until June 2019.

Frank James, Mayor (1)
Aimee Chapa, Alderwoman (2)
Denzil Jones, Alderman (1)
Jim Hutson, Alderman (3)
Mary Pasalich, Alderwoman (1)

- (1) These individuals were re-elected to their positions in April 2021.
- (2) Aimee Chapa resigned her position in March 2021 and Fred Welch was appointed in April 2021 to fill this position.
- (3) Jim Hutson passed away in June 2020 and Kathy Romang was appointed in August 2020 to fill this position. She resigned in January 2021 and Chuck Hamill was appointed in February 2021 to fill this position.

Financial Activity

A summary of the city's financial activity, prepared using the city's bank statements, for the year ended December 31, 2019, follows:

City of Homestead Village
Organization and Statistical Information

City of Homestead Village
Schedule of Receipts, Disbursements, and Changes in Cash Balances
Year Ended December 31, 2019

		General Fund	Sewer Fund	Road Fund	Total
(1) RECEIPTS	\$	19,145	37,167	18,960	75,272
(1) DISBURSEMENTS		16,416	24,402	7,916	48,734

Total Missing								\$ (4,227.50)	(120.00)	(4,347.50)

- (1) The method of payment was not always recorded on receipt slips and/or the customer ledgers. Therefore, the method of payment was determined to be cash based on a comparison of payment records to the deposit contents.
- (2) Unrecorded check or money order payments were identified when comparing payment records to the deposit contents. Either payments were not posted to a customer ledger or a ledger was not provided.
- (3) Customer ledgers or deposit summaries indicate payments were received on accounts and were either marked as checks or money orders or no method of payment was recorded. For previous and subsequent months these customers paid their bill by check or money order, but no check or money order payment was located in the deposit and is missing.
- (4) The former City Clerk recorded payments by check to her customer ledger during these months, but no check payments were located in the deposit contents and are missing.
- (5) Four receipts recorded in January 2020 were deposited to the General Fund account, resulting in a shortage for 2 deposits to the Sewer Fund account in January 2020. This error was corrected in September 2020 with the deposit of a check from the General Fund account, which offset the prior shortage.
- (6) The former City Clerk made a check payment of \$888 on October 3, 2020, and it was included in the deposit made on October 5, 2020. This payment represented payment of delinquent sewer charges, including the 4 monthly receipts totaling \$160 recorded in 2019 that were not deposited, and payment of sewer charges through the end of 2020. However, the former City Clerk erroneously included payment for 2 monthly billings in this payment, totaling \$80, that were previously deposited, as well as the corresponding monthly late fees, totaling \$16. As a result, \$96 was overpaid and has been used to reduce the amount of cash missing.

Missouri State Auditor

The Citizens of Missouri

This report was compiled from follow-up reports issued in 2021. The State Auditor's Office conducted 7 follow-up reviews pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the auditee about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

Auditors conduct follow-up work for audits with significant or serious findings when determined necessary.

Of the 123 recommendations included in the follow-up reports, 37 (30 percent) had a status of implemented, 41 (33 percent) had a status of in progress, 26 (21 percent) had a status of partially implemented, and 19 (16 percent) had a status of not implemented.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Forsyth, Missouri

We have conducted follow-up work on certain audit report findings contained in Report No. 2021-012, *City of Forsyth* (rated as Poor), issued in March 2021, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the city about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by the Finance Officer and the City Clerk and held discussions with the Mayor and Board members to verify the status of the recommendations. Documentation provided by city officials included Board meeting minutes, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was substantially completed during October and November 2021.

Nicole R. Galloway, CPA
State Auditor

City of Forsyth

Follow-Up Report on Audit Findings

Status of Findings

1. Missing Money Between May 2019 and November 2019, the former Utility Clerk did not deposit \$2,000 of recorded utility deposits, and city officials reported a theft of \$1,403 cash from the city's vault to the Taney County Sheriff's office on October 15, 2019.

Recommendation The Board of Aldermen continue to work with law enforcement officials on criminal prosecution regarding the undeposited utility deposits and stolen money; and take the necessary actions to obtain restitution.

Status **In Progress**

The Taney County Sheriff's office completed its investigation and referred the case to the Taney County Prosecuting Attorney's office. According to the Prosecuting Attorney's office, as of November 1, 2021, that referral is currently open and actively under review. The Board of Aldermen indicated it will continue to work with law enforcement officials regarding criminal prosecution and will take the necessary actions to obtain restitution.

2. Untimely and Questionable Utility Deposits Numerous utility deposits were not deposited until long after activation of utility services. During the period November 2, 2018, through October 16, 2019, 64 utility deposits totaling \$6,400 were deposited between 20 and more than 121 days after activation of utility services and the timing of the deposits appears questionable. Of these untimely and questionable utility deposits \$5,600 were paid in cash.

In addition, on the morning of November 27, 2019, the Finance Officer and City Clerk discovered that two utility deposits paid with cash totaling \$200, that should have been on hand, were missing from the utility deposit receipt book and former Utility Clerk's desk drawer.

The untimely deposit of utility deposits and the 2 missing utility deposits identified on November 27, 2019, were questionable and gave the appearance that these receipts may have been taken from the city and subsequently returned and deposited by the former Utility Clerk.

Recommendation The Board of Aldermen should continue to work with law enforcement officials on criminal prosecution regarding the untimely and questionable utility deposits.

Status **In Progress**

The Taney County Sheriff's office completed its investigation and referred the case to the Taney County Prosecuting Attorney's office. According to the Prosecuting Attorney's office, as of November 1, 2021, that referral is currently open and actively under review. The Board of Aldermen indicated

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

it will continue to work with law enforcement officials regarding criminal prosecution and will take the necessary actions to obtain restitution.

3. Accounting Controls
and Procedures

Accounting controls and procedures needed improvement.

3.1 Oversight and
segregation of duties

The Board did not establish adequate segregation of duties or supervisory reviews over the various financial accounting functions performed by the Utility Clerk (former), City Clerk, and Finance Officer. The Utility Clerk (former), City Clerk, and Finance Officer each receipted, recorded, and prepared deposits for money collected. The former Utility Clerk also made deposits.

Recommendation

The Board of Aldermen segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.

Status

In Progress

Currently, the Utility Clerk and City Clerk receipt and record monies collected and prepare the related deposit. The City Clerk typically takes the deposit to the bank. The Finance Officer reconciles manual receipt slips issued to the electronic accounting systems and to deposits.

The Finance Officer also prepares a monthly report for the Board that includes various details related to the finances of the city. However, the Board does not document its review of this report. The Board indicated it will review the monthly report, and the Mayor will sign a copy in the future.

3.2 Receipting, recording,
transmitting, depositing,
reconciling, and
refunding

The city's procedures for receipting, transmitting, recording, depositing, refunding, and reconciling money collected were poor. City officials did not issue manual receipt slips for all money recorded in the computerized accounting system; did not account for the numerical sequence of all manual receipt slips issued; did not record some deposits into the receipting module of the accounting system and instead recorded them using journal entries; did not timely record some transactions in the computerized accounting system; transmitted various types of city receipts collected to each other without documenting the transmittal; did not reconcile manual receipt slips to daily receipt reports and deposits; held utility deposits until the customer's utility service was activated; did not deposit some payments timely; and did not refund utility deposits by check. In addition, the city did not have procedures to reconcile business licenses issued and fees collected to amounts deposited and did not maintain adequate records for campground rental fees.

Recommendation

The Board of Aldermen ensure all receipts are deposited timely and intact, receipt slips and licenses issued are reconciled to the computerized systems and deposits, all refunds are made by check, prenumbered receipt slips are

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

issued for all payments received, all payments received are timely recorded in the computerized systems, the numerical sequence of receipt slips is accounted for, transmittals of money between employees are documented, and adequate records of campground fees are maintained.

Status

In Progress

We reviewed all city receipts received and deposited for September 2021. We noted all receipts were deposited timely and intact, and receipt slips and licenses issued were reconciled to the computerized systems and deposits. The Finance Officer indicated all refunds are issued by check unless the customer is at city hall. In those instances, the customer will be given back their payment in the same manner it was received, the Utility Clerk and City Clerk will then note on the receipt slip that the money was returned, and the customer will sign the receipt indicating the money was returned. During the month reviewed, city officials issued prenumbered receipt slips for all receipts, timely recorded all payments received in the computerized system, and accounted for the numerical sequence of receipts at the time of deposit. The Finance Officer indicated the transmittal of receipts between employees has been nearly eliminated. If receipts are transmitted, the clerk receiving the money will initial and date the manual receipt slip to document the transmittal.

Campground fees are collected by camp ground attendants and delivered to city hall twice a week, and the amount received is reconciled to receipt slips issued to campers and to deposits. The Finance Officer indicated the city is still considering better ways to track campers to allow a comparison to campground collections.

3.3 Physical controls

Physical controls over receipts and city keys needed improvement. City officials maintained utility deposits in a receipt book stored in the former Utility Clerk's unlocked desk drawer until deposited and payments received for dog licenses, park services, and other miscellaneous fees in envelopes in the City Clerk's unlocked desk drawer. As a result, various city employees had access to the money on hand.

In addition, the City Clerk maintained a master key to city hall in an unlocked desk drawer, and as a result, various city employees had access to the master key. City officials also failed to change the locks at city hall or for the vault after the key was reported missing.

Recommendation

The Board of Aldermen maintain money collected and keys in a secure location and change the locks at applicable city properties when keys are lost.

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

Status	Implemented
	<p>In October 2019, the Board re-keyed city hall including the vault. All spare keys and the key to the vault are kept in a locked file cabinet drawer and only the City Clerk, Utility Clerk, and Finance Officer have access to the drawer. In addition, all money is either deposited daily or kept overnight in the vault.</p>
4. Utility System Controls and Procedures	Utility system controls and procedures needed improvement.
4.1 Utility reconciliations	<p>City personnel did not prepare proper reconciliations related to utility services. The former Utility Clerk did not perform monthly reconciliations of amounts billed, payments received, and amounts unpaid for utility services. In addition, the Public Works Supervisor did not perform monthly reconciliations of total gallons of water billed to gallons of water pumped.</p>
Recommendation	<p>The Board of Aldermen ensure monthly reconciliations are performed of amounts billed to amounts collected and delinquent accounts, and of gallons of water billed to gallons pumped, and significant differences are investigated.</p>
Status	In Progress
	<p>The Finance Officer prepares a monthly reconciliation of amounts billed to amounts collected and amounts delinquent and a monthly reconciliation of gallons of water billed to gallons pumped and investigates any significant differences. The Finance Officer provides these reconciliations to the Board for review; however, the Board does not document its review. The Board indicated it will review these reports, and the Mayor will sign the copies in the future.</p>
4.2 Shut off procedures	<p>The city was not following its service shut off ordinance. Utility bills are printed and mailed on the last business day of the month with payment due by the 20th of the following month. The Board established an ordinance to shut off water service to any customer whose bill had not been paid by the last day of the month following services rendered. However, the city did not notify customers of a service shut off until after they were delinquent for 2 billing cycles.</p>
Recommendation	<p>The Board of Aldermen ensure utility accounts are shut off in accordance with the established city ordinance or modify the ordinance to current practices.</p>

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

Status

Implemented

During our review of the bills printed and mailed on the last day of the month of August, we noted four customers whose bill for August had not been paid by the 20th of September. Delinquent notices were mailed to these 4 customers on September 23, 2021. One customer paid before the city shut off water service, two customers paid the amount owed and the reconnect fee, and one customer's water service was shut off in accordance with city ordinance.

4.3 Partial payments

The city did not have an ordinance regarding partial payments by customers who had delinquent accounts, and customers were allowed to make partial payments without entering into a written payment agreement and without Board approval. If an account was delinquent and scheduled for shut off, the city allowed payment of the past due portion or half of the total amount due to prevent the shut off.

Recommendation

The Board of Aldermen discontinue allowing collection of partial payments or establish an ordinance outlining the procedures allowing customers to make partial payments. Ensure the procedures include preparation of a written payment agreement with each customer making partial payments.

Status

Implemented

The Board discontinued allowing collection of partial payments, and for the 4 delinquent accounts we reviewed during September 2021, no partial payments were made.

4.4 Accounts receivable
procedures

The city did not have adequate procedures to pursue collection of accounts receivable. City officials did not pursue collection of accounts more than 90 days past due. In addition, the Board did not adequately monitor accounts receivable and determine which accounts were uncollectible. The city also had not written off bad debts since 2013, and did not have written policies for either the collection or write off of old accounts.

Recommendation

The Board of Aldermen periodically review detailed accounts receivable records and take action to collect on delinquent accounts. The Board should establish written policies and procedures for the collection and writing off of accounts receivable, ensuring the factors considered for each decision are retained and each written off balance is approved and verified by a person independent of the transactions.

Status

In Progress

The Board receives a monthly report of the total of delinquent utility accounts prepared by the Finance Officer; however, the Board does not receive the

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

detailed report of delinquent utility accounts from the utility system and does not document its review of the summary report provided. The Board indicated it will review the summary report, and the Finance Officer indicated she will provide the detailed report for the Board's review and the Mayor will sign the file copies. The City Clerk reviews the delinquent report and sends applicable accounts to a collection agency. On April 19, 2021, the Board established written policies and procedures for the collection and writing off of accounts receivable. For the fiscal year ending August 31, 2021, the Finance Officer prepared a report of amounts to be written off and documented the factors considered for the decision. The City Administrator reviewed the report and the city wrote off \$30,096 in delinquent accounts.

5. Electronic Data Security Controls over the city computers were not sufficient. As a result, city records were not adequately protected and were susceptible to unauthorized access or loss of data.

5.1 User identification and passwords The city had not established adequate user identification and password controls to reduce the risk of unauthorized access to the city computers and data. The City Clerk, current Utility Clerk, and Finance Officer shared computers in the office and did not log off and log back on with their unique user identification and password when using the accounting and utility systems at another employee's computer. The City Clerk, former Utility Clerk, and Finance Officer also shared computers during the former Utility Clerk's employment. As a result, there was no assurance that the user listed in the system for posting a transaction was the person who did it. In addition, these officials were not required to change passwords periodically.

Recommendation The Board of Aldermen require employees use their unique user identification and password when using the accounting and utility systems, and they change those passwords periodically, to help prevent unauthorized access to the city computers and data.

Status **Implemented**

On September 20, 2021, the Board approved the data security policy that requires employees to use their unique user identification and password when using the accounting and utility systems. In addition, employees are required to change passwords at least quarterly. The accounting and utility systems automatically prompt the user to change their password every 3 months and the city's information technology contractor manages and oversees the password changes for the other systems.

5.2 Security controls Effective security controls were not in place to lock computers after a certain period of inactivity.

City of Forsyth
Follow-up Report on Audit Findings
Status of Findings

Recommendation

The Board of Aldermen require each computer to have an effective security control in place to lock it after a certain period of inactivity.

Status

Implemented

On September 20, 2021, the Board approved the data security policy that requires all computers to be set to lock automatically after 10 minutes of inactivity. The Finance Officer indicated this security control has been added to the City Clerk, Utility Clerk, and Finance Officer's computers.

5.3 Data backup

The city did not store data backup files at an off-site location.

Recommendation

The Board of Aldermen ensure backup files are stored at a secure, off-site location.

Status

Implemented

The city is now storing backup data in a secure off-site location. The electronic accounting system and software are backed up to "the Cloud" (i.e., electronically off-site) daily. External hard drives are rotated approximately every 3 months and are stored off-site when not in use.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance from the American Rescue Plan (ARP) Act in the month of October 2021 for the Coronavirus Disease 2019 (COVID-19) recovery and the cumulative financial activity since the state began receiving funding in May 2021.

In March 2021, Congress passed the ARP Act signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities for the COVID-19 recovery. The funding received by or made available to Missouri state government agencies will help pay for the state's recovery from the COVID-19 pandemic and provides (1) state and local recovery aid, (2) temporary additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs when the state implements Medicaid expansion, (3) funding for elementary and secondary schools and institutions of higher education, and (4) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. A large part of the funding authorized in this legislation will be sent directly to local government entities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In October, the state spent \$6 million from federal ARP Act assistance (Appendix A). Through the end of October, the state has received \$1.703 billion and spent \$342.8 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Federal ARP Act Funding for COVID-19 Recovery

October 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the American Rescue Plan (ARP) Act of 2021 (Public Law 117-2, H.R.1319) signed into law in March 2021. Under the act, the state has also been awarded as of October 31, 2021, approximately \$10.58 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. The following sections discuss the amount and funding purpose of significant award sources.

State and local fiscal recovery funding

Of the awarded amounts, \$2.69 billion is for state fiscal recovery funding and \$2.473 billion is for local fiscal recovery funding. The local government recovery funding is \$1.192 billion for counties, \$831 million for cities with a population generally of 50,000 or more, and \$450 million for other local jurisdictions with populations generally below 50,000. The award also includes \$196.7 million from the Coronavirus Capital Projects Fund for the state.

These funds may be used to cover eligible costs incurred during the period that begins on March 3, 2021, and ends on December 31, 2024, as long as the award funds for the obligations incurred by December 31, 2024, are expended by December 31, 2026. Costs for projects incurred prior to March 3, 2021, are not eligible.

This funding can be used for the following purposes:

- Respond to the COVID-19 emergency and address its economic effects, including through aid to households, small businesses, nonprofit organizations, and industries such as tourism and hospitality. For example household assistance could be for rent, mortgage, or utility costs incurred by the household prior to March 3, 2021, provided the state did not incur the cost of providing such assistance prior to March 3, 2021. Funds may be used for vaccine incentive and back to work incentive programs.
- Provide premium pay to essential employees or grants to their employers. Premium pay cannot exceed \$13 per hour or \$25,000 per worker. Federal interim rules emphasize the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150 percent of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers. Recipients may provide premium pay retrospectively for work performed at any time since the start of the COVID-19 public health emergency. Such premium pay must be "in addition to" wages and remuneration already received and the obligation

Federal ARP Act Funding for COVID-19 Recovery
October 2021
Executive Summary

to provide such pay must not have been incurred by the recipient prior to March 3, 2021.

- Provide government services affected by a revenue reduction resulting from COVID-19. The federal government gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. The calculation of lost revenue begins with the recipient's revenue in the last full fiscal year prior to the COVID-19 public health emergency and includes the 12-month period ending December 31, 2020, but use of funds for government services must be forward looking for costs incurred by the recipient after March 3, 2021.
- Make investments in water, sewer and broadband infrastructure. Recipients may use awarded funds to cover costs incurred for eligible projects planned or started prior to March 3, 2021, provided that the project costs covered by the funds were incurred after March 3, 2021.

Counties and cities with populations primarily greater than 50,000 will receive their funding directly from the federal government. Other jurisdictions with populations primarily less than 50,000 will receive their funding distribution through the state and cannot receive more than 75 percent of their budget as of January 27, 2020. The state will have to distribute funds within 30 days of receiving them, subject to possible approved extensions. States that miss the deadline and any extensions would have to return any undistributed funds.

The funds will primarily be distributed in two distributions, with half delivered no later than 60 days after the date on which the state or local government receiving funding directly from the federal government submits the required certification form, and the remainder no earlier than a year later.

State and local governments cannot use the funds towards pensions or to offset revenue resulting from a tax cut enacted since March 3, 2021. They can transfer funds to private nonprofit groups, public benefit corporations involved in passenger or cargo transportation, and special-purpose units of state or local governments.

The state and cities and counties with populations of more than 250,000 residents had to file a Recovery Plan Performance Report by August 31, 2021, with the federal government and will have to file that report annually thereafter by the end of July. Each Recovery Plan Performance Report must be posted on the public-facing website of the recipient by the same date the recipient submits the report to the Department of the Treasury.

By January 31, 2022, the state and cities and counties receiving funding directly from the federal government also have to file a Project and Expenditure Report and then thereafter 30 days after the end of each quarter.

Federal ARP Act Funding for COVID-19 Recovery
October 2021
Executive Summary

Other jurisdictions receiving their distribution from the state must file that report by April 30, 2022, but only annually thereafter.

Medicaid (MO Healthnet) funding

For Medicaid Federal Medical Assistance Percentage (FMAP) ¹ funding the act:

- Provides a temporary (for 2 years after implementation) 5 percent FMAP increase for states that enact the Affordable Care Act's Medicaid expansion. Missouri began implementing Medicaid expansion by accepting applications on August 10, 2021, though the state did not begin processing applications until October 1, 2021. Coverage will be available retroactive to July 1, 2021, consistent with a state supreme court order.
- Increases the federal FMAP by 10 percent for state expenditures on home and community based services for 4 fiscal quarters if certain requirements are met. In September, the state received approval from the federal government for its projected spending plan to enhance, expand, and strengthen home and community-based services related to the increased FMAP.
- Provides an 85 percent FMAP for the first 3 years that a state covers mobile crisis intervention services for mental health or substance use disorders, expiring after 5 years.

The act also eliminates the cap on the rebate amount manufacturers are required to pay Medicaid on covered drugs, starting in 2024.

Education funding

The Department of Elementary and Secondary Education will receive \$1.96 billion from the act. At least 90 percent of that funding must be distributed to local school districts. The districts must reserve at least 20 percent of that funding to address learning loss. The department will also receive \$68.6 million for distribution to non-public schools. The funding will remain available through September 30, 2023.

Public and private institutions of higher education will receive \$627 million from the act. At least 50 percent of the allocated funding received must be

¹ Another federal act in early 2020 provides Missouri a 6.2 percent FMAP increase beginning January 1, 2020, for MO HealthNet and other applicable programs. That increase remains available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. The state had an FMAP percentage of approximately 66 percent prior to that act. The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to the 2020 increase.

Federal ARP Act Funding for COVID-19 Recovery
October 2021
Executive Summary

spent on emergency financial aid for students. The funding will remain available through September 30, 2023.

Spending status

In October, the state spent \$6 million from federal ARP Act assistance (Appendix A). Through the end of October, the state has received \$1.703 billion and spent \$342.8 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

¹ This fund is used by the Department of Economic Development (DED) to support the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief for Renters and Landlords Program in Missouri). It was established in fiscal year 2021 primarily for spending federal COVID-19 assistance from another federal act; however, in June 2021 the DED made a one-time use of the fund to receipt \$107,860,095 in ARP Act awards due to grant drawdown and budgetary timing challenges. All receipts were fully disbursed in August 2021.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance from the American Rescue Plan (ARP) Act in the month of September 2021 for the Coronavirus Disease 2019 (COVID-19) recovery and the cumulative financial activity since the state began receiving funding in May 2021.

In March 2021, Congress passed the ARP Act signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities for the COVID-19 recovery. The funding received by or made available to Missouri state government agencies will help pay for the state's recovery from the COVID-19 pandemic and provides (1) state and local recovery aid, (2) temporary additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs when the state implements Medicaid expansion, (3) funding for elementary and secondary schools and institutions of higher education, and (4) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. A large part of the funding authorized in this legislation will be sent directly to local government entities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In September, the state spent \$114.5 million from federal ARP Act assistance (Appendix A). Through the end of September, the state has received \$1.7 billion and spent \$336.7 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

Federal ARP Act Funding for COVID-19 Recovery

September 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the American Rescue Plan (ARP) Act of 2021 (Public Law 117-2, H.R.1319) signed into law in March 2021. Under the act, the state has also been awarded as of September 30, 2021, approximately \$10.57 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. The following sections discuss the amount and funding purpose of significant award sources.

State and local fiscal recovery funding

Of the awarded amounts, \$2.69 billion is for state fiscal recovery funding and \$2.473 billion is for local fiscal recovery funding. The local government recovery funding is \$1.192 billion for counties, \$831 million for cities with a population generally of 50,000 or more, and \$450 million for other local jurisdictions with populations generally below 50,000. The award also includes \$196.7 million from the Coronavirus Capital Projects Fund for the state.

These funds may be used to cover eligible costs incurred during the period that begins on March 3, 2021, and ends on December 31, 2024, as long as the award funds for the obligations incurred by December 31, 2024, are expended by December 31, 2026. Costs for projects incurred prior to March 3, 2021, are not eligible.

This funding can be used for the following purposes:

- Respond to the COVID-19 emergency and address its economic effects, including through aid to households, small businesses, nonprofit organizations, and industries such as tourism and hospitality. For example household assistance could be for rent, mortgage, or utility costs incurred by the household prior to March 3, 2021, provided the state did not incur the cost of providing such assistance prior to March 3, 2021. Funds may be used for vaccine incentive and back to work incentive programs.
- Provide premium pay to essential employees or grants to their employers. Premium pay cannot exceed \$13 per hour or \$25,000 per worker. Federal interim rules emphasize the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150 percent of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers. Recipients may provide premium pay retrospectively for work performed at any time since the start of the COVID-19 public health emergency. Such premium pay must be "in

Federal ARP Act Funding for COVID-19 Recovery
September 2021
Executive Summary

addition to" wages and remuneration already received and the obligation to provide such pay must not have been incurred by the recipient prior to March 3, 2021.

- Provide government services affected by a revenue reduction resulting from COVID-19. The federal government gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. The calculation of lost revenue begins with the recipient's revenue in the last full fiscal year prior to the COVID-19 public health emergency and includes the 12-month period ending December 31, 2020, but use of funds for government services must be forward looking for costs incurred by the recipient after March 3, 2021.
- Make investments in water, sewer and broadband infrastructure. Recipients may use awarded funds to cover costs incurred for eligible projects planned or started prior to March 3, 2021, provided that the project costs covered by the funds were incurred after March 3, 2021.

Counties and cities with populations primarily greater than 50,000 will receive their funding directly from the federal government. Other jurisdictions with populations primarily less than 50,000 will receive their funding distribution through the state and cannot receive more than 75 percent of their budget as of January 27, 2020. The state will have to distribute funds within 30 days of receiving them, subject to possible approved extensions. States that miss the deadline and any extensions would have to return any undistributed funds.

The funds will primarily be distributed in two distributions, with half delivered no later than 60 days after the date on which the state or local government receiving funding directly from the federal government submits the required certification form, and the remainder no earlier than a year later.

State and local governments cannot use the funds towards pensions or to offset revenue resulting from a tax cut enacted since March 3, 2021. They can transfer funds to private nonprofit groups, public benefit corporations involved in passenger or cargo transportation, and special-purpose units of state or local governments.

The state and cities and counties with populations of more than 250,000 residents had to file a Recovery Plan Performance Report by August 31, 2021, with the federal government and will have to file that report annually thereafter by the end of July. Each Recovery Plan Performance Report must be posted on the public-facing website of the recipient by the same date the recipient submits the report to the Department of the Treasury.

By January 31, 2022, the state and cities and counties receiving funding directly from the federal government also have to file a Project and

September 2021
Executive Summary

Expenditure Report and then thereafter 30 days after the end of each quarter. Other jurisdictions receiving their distribution from the state must file that report by April 30, 2022, but only annually thereafter.

Medicaid (MO Healthnet) funding

For Medicaid Federal Medical Assistance Percentage (FMAP) ¹ funding the act:

- Provides a temporary (for 2 years after implementation) 5 percent FMAP increase for states that enact the Affordable Care Act's Medicaid expansion. Missouri began implementing Medicaid expansion by accepting applications on August 10, 2021, though the state did not begin processing applications until October 1, 2021. Coverage will be available retroactive to July 1, 2021, consistent with a state supreme court order.
- Increases the federal FMAP by 10 percent for state expenditures on home and community based services for 4 fiscal quarters if certain requirements are met. In September, the state received approval from the federal government for its projected spending plan to enhance, expand, and strengthen home and community-based services related to the increased FMAP.
- Provides an 85 percent FMAP for the first 3 years that a state covers mobile crisis intervention services for mental health or substance use disorders, expiring after 5 years.

The act also eliminates the cap on the rebate amount manufacturers are required to pay Medicaid on covered drugs, starting in 2024.

Education funding

The Department of Elementary and Secondary Education will receive \$1.96 billion from the act. At least 90 percent of that funding must be distributed to local school districts. The districts must reserve at least 20 percent of that funding to address learning loss. The department will also receive \$68.6 million for distribution to non-public schools. The funding will remain available through September 30, 2023.

Public and private institutions of higher education will receive \$627 million from the act. At least 50 percent of the allocated funding received must be

¹ Another federal act in early 2020 provides Missouri a 6.2 percent FMAP increase beginning January 1, 2020, for MO HealthNet and other applicable programs. That increase remains available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. The state had an FMAP percentage of approximately 66 percent prior to that act. The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to the 2020 increase.

¹ This fund is used by the Department of Economic Development (DED) to support the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief for Renters and Landlords Program in Missouri). It was established in fiscal year 2021 primarily for spending federal COVID-19 assistance from another federal act; however, in June 2021 the DED made a one-time use of the fund to receipt \$107,860,095 in ARP Act awards due to grant drawdown and budgetary timing challenges. All receipts were fully disbursed in August 2021.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of October 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In October, the state spent \$112 million from federal COVID-19 assistance (Appendix A). Through the end of October, the state has received \$5.04 billion and spent \$4.71 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.29 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name of the State Auditor.

Nicole R. Galloway, CPA
State Auditor

Federal Funding for COVID-19 Response

October 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of October 31, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
October 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of October 31, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
October 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
October 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
October 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

Under the CARES Act, the state has also been awarded as of October 31, 2021, approximately \$3.84 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of October 31, 2021, approximately \$2.85 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of October, 2021, approximately \$10.58 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response October 2021 Executive Summary

In October, the state spent \$112 million from federal COVID-19 assistance (Appendix A). Through the end of October, the state has received \$5.04 billion and spent \$4.71 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.29 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2022. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

³ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of September 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In September, the state spent \$152 million from federal COVID-19 assistance (Appendix A). Through the end of September, the state has received \$4.91 billion and spent \$4.59 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.22 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

State Auditor

Federal Funding for COVID-19 Response

September 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of September 30, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
September 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of September 30, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
September 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
September 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
September 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

Under the CARES Act, the state has also been awarded as of September 30, 2021, approximately \$3.83 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of September 30, 2021, approximately \$2.83 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of September 30, 2021, approximately \$10.57 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

Federal Funding for COVID-19 Response
September 2021
Executive Summary

In September, the state spent \$152 million from federal COVID-19 assistance (Appendix A). Through the end of September, the state has received \$4.91 billion and spent \$4.59 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.22 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

Total all Funds	\$ 4,909,507,974	4,594,135,651	3,605,793	589,599,832	742,772,550	158,593,812

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2022. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

³ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 94 political subdivisions required to file a financial report by October 31, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in October 2021, after their filing deadline. The filing status for these 13 entities is presented in summary on page 3 and by individual entity in Appendix B-D.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Monthly Report on Political Subdivision Filings

October 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 94 political subdivisions, other than cities, towns, and villages, with a fiscal year end of April 30, 2021. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 94 political subdivisions, 82 filed an annual financial report timely.

This report also includes the filing status for 13 political subdivisions, other than cities, towns, and villages, that filed their financial report in October 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by October 31, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 19 cities, 1 town, and 4 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in October 2021, after their filing deadline. The filing status for these 47 cities and 12 villages is presented in summary on page 3 and by individual entity in Appendixes B to F.

Nicole R. Galloway, CPA
State Auditor

Monthly Report on Municipal Court and Revenue Filings

October 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 19 cities, 1 town, and 4 villages with a fiscal year end of April 30, 2021, whose financial report was due by October 31, 2021. Of the 24 municipalities, 18 filed the financial report timely. Of the 18 municipalities required to file an addendum, 8 filed timely. Of the 9 municipalities required to file a certification, 4 filed timely.

This report includes the filing status for 47 cities and 12 villages that filed at least one of the items (financial report, addendum, or certification) in October 2021, after their filing deadline. Of these municipalities, 18 filed an annual financial report, 39 filed an addendum, and 10 filed a certification.

Nicole Galloway, CPA

Missouri State Auditor

Harrison County

Report No. 2021-110

November 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Harrison County

Sheriff's Controls and Procedures	Procedures for receipting, recording, and depositing need improvement. Sheriff's office personnel do not prepare a monthly list of liabilities to reconcile to the available cash balance of the commissary account and bank reconciliations prepared for the commissary account are not adequate as the bank balance is not reconciled to the book balance. The Sheriff does not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release. The Sheriff does not charge or collect sales tax on e-cigarettes and commissary items sold to inmates by the Sheriff's office instead of the commissary vendor, and no sales taxes are remitted to the Department of Revenue.
Ex Officio Recorder of Deeds' Liabilities	The Ex Officio Recorder of Deeds does not maintain an adequate list of liabilities.
Electronic Data Security	The Public Administrator and Sheriff have not established adequate password controls to reduce the risk of unauthorized access to computers and data.
Sunshine Law	The County Commission did not make specific reference to the section of law allowing the closure of County Commission meetings when voting to go into a closed session for 4 of the 9 closed meetings held from January 1, 2020, through September 15, 2021. Minutes of County Commission meetings do not always contain sufficient detail of actions taken.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	11
---	----

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Harrison County

We have audited certain operations of Harrison County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

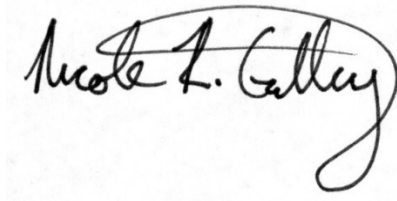

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Harrison County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Harrison County

Management Advisory Report

State Auditor's Findings

1. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected money from inmates, paper service fees, concealed carry weapon permit fees, bonds, and other miscellaneous receipts totaling approximately \$204,000 during the year ended December 31, 2020.

1.1 Receipting, recording, and depositing

Procedures for receipting, recording, and depositing need improvement.

- The method of payment is not always indicated on receipt slips issued for the fee account. As a result, the composition of receipts cannot be reconciled to the composition of deposits. The receipt slips used do not have a designated section to indicate the method of payment. The Sheriff stated these receipt slips were left over from the prior administration, and when ordering new receipt slips, he will ensure a section is added to indicate the method of payment.
- Jail personnel do not use prenumbered bond forms, do not issue receipt slips for bond receipts paid in cash, and do not maintain a copy of the bond form. As a result, the Sheriff's Secretary cannot ensure all bonds received have been transmitted to her and handled properly. The Sheriff said these bond forms were from the prior administration, and when ordering new bond forms he will ensure they are prenumbered.
- Commissary receipts are not always deposited timely. Sheriff's office personnel generally only deposit commissary receipts once a month, and some receipts collected in 2020 were held for almost 2 months before being deposited. The Sheriff indicated office personnel usually prepare the commissary deposit at the same time they are performing other month-end procedures. The Sheriff did not think this issue was a significant risk because the receipts are located in the commissary kiosk, and the kiosk has a double lock.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money could occur and go undetected.

1.2 Commissary account liabilities and bank reconciliations

Sheriff's office personnel do not prepare a monthly list of liabilities to reconcile to the available cash balance of the commissary account and bank reconciliations prepared for the commissary account are not adequate as the bank balance is not reconciled to the book balance.

At our request, a report was obtained from the Sheriff's commissary vendor that identified liabilities totaling \$11,305 as of June 30, 2021. The vendor report identified the amounts owed to the vendor, the amount of net proceeds earned, and other liabilities; however, office personnel have not use this report when completing the monthly bank reconciliation. The Sheriff said office personnel did not know how to obtain the necessary reports from the

Harrison County Management Advisory Report - State Auditor's Findings

commissary vendor's system in order to compare the reconciled bank balance to a list of liabilities.

The June 30, 2021, reconciled bank balance prepared by office personnel totaled \$16,391, exceeding total liabilities by \$5,086. Office personnel contacted the commissary vendor for assistance regarding this difference. The commissary vendor identified the difference as additional outstanding checks that had not been identified on the bank reconciliation. Because the bank balance was not reconciled to the book balance, and a list of liabilities was not maintained and reconciled to the available cash balance, no one identified the error in the bank reconciliation.

Preparing monthly lists of liabilities and reconciling those lists to available cash balances is necessary to ensure money is available to satisfy all liabilities. Performing adequate monthly bank reconciliations helps ensure the accuracy of records and increases the likelihood errors will be identified. Differences identified need to be timely investigated and resolved.

1.3 Inactive inmate account balances

The Sheriff does not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release. As of August 31, 2021, the Sheriff's office was holding \$1,210 for 138 former inmates in the commissary bank account, with the oldest balances dating back to 2013. These inmates were released from the county jail but did not claim their commissary account balance. Inmates who are released generally receive a debit card loaded with their remaining account balance. The Sheriff indicated he did not realize balances for released inmates still existed in the account and needed to be resolved.

Follow up on inactive accounts is necessary to ensure money is appropriately disbursed to the former inmates or as otherwise provided by state law. In addition, establishing procedures to refund an inmate's remaining balance upon release will allow the Sheriff to more adequately safeguard any money being held and reduce the risk of its loss, theft, or misuse.

1.4 Sales tax

The Sheriff does not charge or collect sales tax on e-cigarettes and commissary items sold to inmates by the Sheriff's office instead of the commissary vendor, and no sales taxes are remitted to the Department of Revenue (DOR). The Sheriff indicated he was not aware of this requirement.

Pursuant to 12 Code of State Regulations 10-110.955(3)(B), sales by the state of Missouri and its political subdivisions are subject to tax. Therefore, the Sheriff should be charging and collecting sales tax and remitting tax collections to the DOR.

Harrison County
Management Advisory Report - State Auditor's Findings

Similar conditions
previously reported

A similar condition to section 1.1 was noted in our 2 prior audit reports. In addition, similar conditions to sections 1.2 and 1.3 were noted in our prior audit report.

Recommendations

The Sheriff:

- 1.1 Indicate the method of payment on all receipt slips and reconcile the composition of receipts to the composition of deposits. In addition, issue prenumbered bond forms or receipt slips for all bond receipts, and ensure bond forms are issued, retained, and accounted for properly. Also, ensure all receipts are deposited timely.
- 1.2 Prepare a monthly list of liabilities and reconcile the list to the available cash balance, and ensure adequate monthly bank reconciliations are prepared for the commissary account by reconciling the bank balance to the book balance. Any differences between accounting records and reconciliations should be promptly investigated and resolved.
- 1.3 Refund inmates their remaining balance upon release. In addition, the Sheriff should attempt to return unclaimed balances to the former inmates. If the payee cannot be located, the amount should be disbursed in accordance with state law.
- 1.4 Contact the DOR for guidance on establishing procedures for charging and collecting sales tax on items sold to inmates and ensure future sales tax collections are remitted to DOR.

Auditee's Response

- 1.1 *Entering the method of payment into the ledger book and receipt slips has been put into practice. When payment is received and entered, it is indicated whether it is cash, electronic (credit card) or check with the check number listed. As we move forward and supplies are reordered, an attempt will be made to purchase ledger sheets and receipt slips with a designated section for method of payment. The composition of receipts is now reconciled to the composition of deposits.*

Bond forms currently being used in the jail have been prenumbered by hand. When a bond is posted, the amount received is noted on the bond sheet that serves as the receipt slip for the defendant. When the bond is processed by the Secretary, a copy of the numbered bond sheet is made, retained by the Sheriff's office, and serves as record of the payment. Moving forward, prenumbered bond sheets will be ordered when current supplies run out.

Harrison County
Management Advisory Report - State Auditor's Findings

Sheriff's office personnel now make weekly deposits of the commissary receipts upon the recommendations of the auditors.

- 1.2 *Using the commissary software along with the bank reconciliation on the back of the monthly bank statement, a list of liabilities comparable with the available cash balance is now printed and used to reconcile the commissary bank account. This is performed monthly.*
- 1.3 *As discussed during the field audit, inmates are issued a debit card when released from the jail facility or a paper check when released to another institution. The cost to activate a debit card issued upon release is \$2.99. Upon booking, an inmate has the opportunity to sign a waiver stating that anything under \$5.00 left in their commissary account will be donated to the Inmate Prisoner Detainee Fund upon their release. This office has started the process to attempt to return the balance of \$1,210 to any prior released inmate. Any monies that cannot be returned will be disbursed according to state law.*
- 1.4 *This office has been in contact with the commissary vendor who has created, within the software, the ability to accurately collect sales tax on e-cigarettes. We have started collecting sales tax that will be remitted to the Department of Revenue once an account has been set up.*

2. Ex Officio Recorder of Deeds' Liabilities

The Ex Officio Recorder of Deeds does not maintain an adequate list of liabilities. The office collected approximately \$65,000 for recording documents, such as marriage licenses and deeds, during the year ended December 31, 2020.

The bank reconciliation prepared by the Ex Officio Recorder of Deeds for December 2020 included activity through January 7, 2021. The reconciled bank balance totaled \$957, and included deposits in transit totaling \$876 for receipts collected in January 2021. The difference between the reconciled bank balance and the January 2021 receipts resulted in an unidentified balance (overage) of \$81. The Ex Officio Recorder of Deeds was completing the bank reconciliations through the date she received the bank statement instead of the bank statement ending date; as a result, she was not properly accounting for liabilities occurring after month end and did not realize an unidentified balance existed in the bank account.

Preparing adequate monthly lists of liabilities and reconciling the lists to cash balances is necessary to ensure accounting records are in balance, errors are detected and corrected timely, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences identified need to be

Harrison County
Management Advisory Report - State Auditor's Findings

adequately investigated and resolved. Various statutory provisions provide for the disposition of unidentified money.

Recommendation

The Ex Officio Recorder of Deeds prepare a monthly list of liabilities and reconcile the list to the available cash balance. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, any unidentified money should be disbursed in accordance with state law.

Auditee's Response

Implemented. We are now completing the monthly bank reconciliations to the bank statement ending date and ensuring that liabilities agree to the cash balance prior to any distributions for month end. We have researched and identified the \$81 and will ensure that it is properly disbursed.

3. Electronic Data Security

The Public Administrator and Sheriff have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in these offices are not required to change passwords periodically. The County Commissioners indicated they were not aware these offices did not have this control in place. The Public Administrator and Sheriff said they do not believe having this control would effectively limit access to data files.

Passwords are required to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords in certain offices are not required to be periodically changed there is less assurance passwords are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Changing passwords periodically helps reduce the risk of a compromised password and unauthorized access to and use of computers and data.

A similar condition was noted in our prior audit report.

Recommendation

The County Commission work with other county officials to require passwords to be periodically changed to prevent unauthorized access to the county's computers and data.

Auditee's Response

The County Commission provided the following response:

The County Commission will schedule a meeting with the Sheriff and the Public Administrator to advise them of the importance of password updates.

The Public Administrator provided the following response:

It will be the policy of the Public Administrator's office to establish passwords for each computer in the office and will change them periodically.

Harrison County
Management Advisory Report - State Auditor's Findings

The Sheriff provided the following response:

The Sheriff's office has been working with consulting firms to develop an updated policy and procedure manual for day to day operations. I will ensure that the new manual contains a policy regarding the changing of passwords on a regular basis to protect the integrity of digital information.

4. Sunshine Law

The county's procedures for complying with the Sunshine Law and maintaining minutes of meetings need improvement. The County Commission generally met 2 times a week during the year ended December 31, 2020.

4.1 Closed meetings

The County Commission did not make specific reference to the section of law allowing the closure of County Commission meetings when voting to go into a closed session for 4 of the 9 closed meetings held from January 1, 2020, through September 15, 2021. The County Commission and the County Clerk indicated they were not aware of this requirement.

Section 610.022, RSMo, requires public bodies announce the specific reasons allowed by law for going into a closed session and to enter the reason into the minutes. This section also limits discussion topics and actions in closed meetings to only those specifically announced prior to closure.

4.2 Meeting minutes

Minutes of County Commission meetings do not always contain sufficient detail of actions taken. Minutes reviewed from January 1, 2020, through September 15, 2021, included 31 instances where the County Commission signed contracts, made bid decisions, authorized purchases, authorized employee salary increases, or authorized the hiring of an employee, but the minutes did not indicate any votes taken on these actions. The County Clerk indicated she prepares meeting minutes in the same format as her predecessor.

Section 610.020.7, RSMo, requires minutes of meetings be maintained as a record of business conducted and to provide an official record of actions and decisions, including the date, time, place, members present, members absent, and a record of any votes taken. The minutes need to provide sufficient details of discussions to demonstrate compliance with statutory provisions and support important decisions made.

Recommendations

The County Commission:

- 4.1 Ensure the specific section of law allowing the meeting to be closed is announced publicly and recorded in the minutes when the County Commission holds a vote to close a meeting.
- 4.2 Ensure meeting minutes include all necessary information.

Harrison County
Management Advisory Report - State Auditor's Findings

Auditee's Response

4.1 *Before every meeting of the County Commission, a Notice of Meeting is posted with a tentative agenda; and, if there is a planned closed session, the reason for the closed session (including the statutory reference) is included in the Notice posted for the public to see. However, it is agreed, that although we noted we were entering into closed session in the minutes, we failed to specify the statutory reference in those minutes. Now that the County Commission and the County Clerk are aware of this requirement, we have made this change, and are adhering to the recommendation.*

4.2 *Past format for minutes has simply been to report the approval of the action by the County Commission, but admittedly, the minutes did not include any documentation of who voted yes or no, unless there was a division of the vote. Statements in the minutes that the County Commission approved an action included an assumption that all were in agreement. If they were not in agreement, it would have been so noted as to what the vote count specifically was, although not notating the identity of the members voting for, or against the action.*

This has been corrected per the current recommendation; and, therefore, a specific vote is being taken with identities of the member's vote now being recorded. Further, the template of the minutes has been altered to include that the meetings are held in the Office of the County Commission; whereas, until this recommendation was made, it had been an assumption that was where the meeting was being held, unless otherwise indicated in the minutes.

Harrison County

Organization and Statistical Information

Harrison County is a township-organized, third-class county. The county seat is Bethany.

Harrison County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 34 full-time employees and 4 part-time employees on December 31, 2020. The townships maintain county roads.

In addition, county operations include the Senior Citizens' Services Board, the Law Enforcement Restitution Fund Board, and 911 services.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Jack W. Hodge, Presiding Commissioner	\$	27,832
Rick J. Smith, Associate Commissioner		25,080
Jim Holcomb, Associate Commissioner		25,080
C. Sherece Eivins, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Greta Bottcher, County Clerk		39,140
Johnathan L. Meyer, Prosecuting Attorney		46,350
Trevor Place, Sheriff (2)		34,139
Josh Eckerson, Sheriff (2)		7,524
Zach Wilson, County Coroner		11,000
Kimberly King, Public Administrator		38,000
Cheryl Coleman, County Collector-Treasurer, year ended March 31,	38,000	
Lila Mae Craig, County Assessor, year ended August 31,		38,000

(1) Compensation is paid by the state.

(2) Josh Eckerson served as Sheriff until he passed away on March 5, 2020. Trevor Place was appointed and took office on March 16, 2020.

Nicole Galloway, CPA

Missouri State Auditor

Wayne County

Report No. 2021-109

November 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Wayne County

County Collector's Controls and Procedures	The County Collector has not prepared and filed an annual settlement for the years ended February 29, 2020, and February 28, 2021, in violation of state law. The County Collector has not adequately segregated accounting duties, does not prepare adequate or timely bank reconciliations, does not prepare lists of liabilities for the office's 3 primary bank accounts, does not timely or consistently transfer payments from the credit/debit card and installment accounts to the general operating account, and has not established proper controls and procedures for making refunds. In addition, collections received by the County Collector are not always disbursed timely and the distribution amounts did not always agree with the calculations on the collection reports.
Property Tax System Controls and Procedures	The County Clerk does not maintain an account book or other records summarizing property tax charges, transactions, and changes. The County Clerk does not prepare or verify the accuracy of the current or delinquent tax books.
Sheriff's Controls and Procedures	The Sheriff has not adequately segregated accounting duties and does not perform an adequate supervisory review of detailed accounting and bank records. Office personnel do not prepare a monthly list of liabilities for the Sheriff's fee account or the commissary account. The Sheriff has not established adequate controls and procedures over commissary items sold to inmates. The Sheriff did not transmit \$18,100 in fees and other receipts collected to the County Treasurer during the year ended December 31, 2020. The Sheriff was retaining the money to directly pay for his office's expenses.
Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney has not adequately segregated accounting duties and does not perform a documented supervisory review of detailed accounting records and transmittals and has not established proper procedures for receipting, recording, and transmitting payments received.
Electronic Data Security	The County Assessor, County Collector, and Prosecuting Attorney have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in the County Collector's office also share user identifications and passwords for the property tax system.
Electronic Communication Policies	The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.
---------------------	--

In the areas audited, the overall performance of this entity was **Fair**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

---	----

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Wayne County

We have audited certain operations of Wayne County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

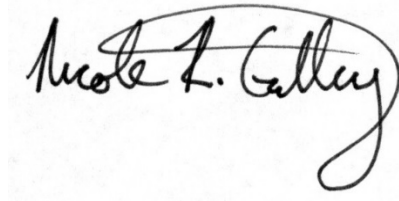

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performed sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Wayne County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Nicole R. Galloway, CPA
State Auditor

Wayne County Management Advisory Report State Auditor's Findings

1. County Collector's Controls and Procedures

Controls and procedures in the County Collector's office need improvement. The office collected approximately \$6.7 million in property taxes and other miscellaneous receipts during the year ended February 28, 2021.

1.1 Annual settlements

The County Collector has not prepared and filed an annual settlement for the years ended February 29, 2020, and February 28, 2021, in violation of state law. The County Collector could not adequately explain why she had not prepared the settlements. Because the County Collector does not file annual settlements, the County Commission cannot verify the County Collector's accounts.

To help ensure the validity of tax book charges, collections, and credits, and for the County Clerk and County Commission to properly verify these amounts, the County Collector must file annual settlements. Section 139.160, RSMo, requires the County Collector to annually settle with the County Commission the accounts of all money received from taxes and other sources. In addition, Section 139.190, RSMo, requires the County Commission to carefully and fully examine the annual settlement of the County Collector and the County Clerk to certify the amounts to the state. Such procedures are intended to establish checks and balances related to the collection of property taxes.

1.2 Segregation of duties

The County Collector has not adequately segregated accounting duties. All employees receive and record payments in the property tax system. The Deputy Collector also reconciles the composition of receipts to the composition recorded on the end of day drawer reports and prepares the deposit. The County Collector does not perform a review of detailed accounting and bank records.

Proper segregation of duties is necessary to ensure all transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, depositing, disbursing payments received; and reconciling bank accounts. If proper segregation cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential that would include comparing daily receipt activity to deposits and disbursements to supporting documentation.

1.3 Bank reconciliations

The County Collector does not prepare adequate or timely bank reconciliations. In addition, the County Collector does not maintain accurate book balances for all bank accounts.

The County Collector maintains 3 primary bank accounts for tax collections. A Cash/Check bank account, which serves as a general operating account, a Credit/Debit bank account for credit/debit card payments, and an Installment

Wayne County Management Advisory Report - State Auditor's Findings

bank account for partial payments of taxes. Credit/debit card payments are transferred monthly from the Credit/Debit bank account to the general operating account. Installment payments are transferred to the general operating account when a taxpayer's payments are sufficient to cover his/her taxes. All disbursements are issued from the general operating account.

We reviewed the bank reconciliations for the office's 3 primary bank accounts for the year ended February 28, 2021, and identified the following concerns:

- The County Collector did not reconcile the general operating bank account timely. Reconciliations were prepared between 24 and 126 days after the bank statement date for 7 of the 12 months and did not always include sufficient detail to identify individual bank reconciliation transactions.

Due to adjustments made by the County Collector, the beginning balances in June, August, and September of 2020 were different (less) than the ending balances from the respective preceding months. In addition, we noted 7 outstanding deposits at February 28, 2021, totaling \$60,000, that had not cleared the bank as of May 31, 2021. These transactions were duplicate entries of deposits that cleared in previous months.

- The County Collector did not reconcile the Credit/Debit bank account timely. Reconciliations were prepared between 19 and 128 days after the bank statement date for 7 of the 12 months and did not include sufficient detail to identify individual bank reconciliation transactions. In addition, the County Collector does not maintain an accurate running book balance. Transactions are recorded from the bank statements and are not reconciled to receipts in the property tax system.
- The County Collector did not reconcile the Installment bank account timely. Reconciliations were prepared between 25 and 176 days after the bank statement date for 11 of the 12 months and did not include sufficient detail to identify individual bank reconciliation transactions. In addition, the County Collector does not maintain an accurate running book balance. Transactions are recorded from the bank statements and are not reconciled to receipts recorded in accounting records.

Maintaining a running book balance and performing adequate and timely monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely.

1.4 Liabilities

The County Collector does not prepare lists of liabilities for the office's 3 primary bank accounts. The County Collector also has 2 banks accounts received from the former County Collector holding unidentified funds

Wayne County Management Advisory Report - State Auditor's Findings

(approximately \$3,400), and consequently, liabilities are not agreed to reconciled bank balances.

We reviewed the February 2021 bank reconciliations and accounts for the 5 bank accounts and identified the following concerns:

- For the general operating account, as of February 28, 2021, the County Collector's records indicate the reconciled book balance was \$71,100. Liabilities identified by audit staff totaled \$216,100, which included undistributed real and personal property taxes, surtax collections, and bank interest, resulting in liabilities exceeding the available cash balance by \$145,000. As noted in section 1.5, the County Collector failed to transfer credit/debit card and installment collections totaling \$112,800 to the operating account, which would have increased the available cash balance to \$183,600, leaving a deficit balance of \$32,500.
- For the Credit/Debit account, the County Collector's records indicate the reconciled book balance was \$143,081, and the liabilities identified by audit staff totaled \$149,465, resulting in a shortage in the account of \$6,384. As previously noted, the County Collector did not reconcile the credit/debit payments receipted in the accounting system to the credit/debit payments deposited to the bank account. As a result, there is less assurance all credit/debit card payments have been received from the credit/debit card companies.
- For the installment account, the County Collector's records indicate the reconciled book balance was \$15,070, and the liabilities identified by audit staff totaled \$13,818, resulting in an unidentified balance of \$1,252.
- The County Collector cannot determine how to disburse the funds in the 2 accounts received from the former County Collector.

Preparing monthly lists of liabilities and reconciling them to the available cash balances is an important control to ensure sufficient cash is available for the payment of amounts due and all money in the bank accounts can be identified. Prompt follow up on discrepancies is necessary to resolve errors and ensure money are properly disbursed. Various statutory provisions provide for the disposition of unidentified money.

1.5 Transfers

The County Collector does not timely or consistently transfer payments from the credit/debit card and installment accounts to the general operating account. In addition, adequate documentation to support all amounts transferred is not maintained. We identified the following concerns:

- The County Collector did not transfer approximately \$102,000 of January 2021 credit/debit card collections into the general operating bank account

Wayne County Management Advisory Report - State Auditor's Findings

until March 2021. Similarly, approximately \$10,800 of January 2021 installment collections were not transferred into the general operating bank account until May 2021. As a result, the general operating bank account's liabilities exceeded the available cash balance for the 4 months ended April 30, 2021.

- The County Collector receives electronic installment payments in the installment account and then electronically transfers these amounts to the general operating account when the balance due is paid. In order to make daily deposits into the general operating account agree to daily transaction reports, the County Collector issues checks from the general operating account and then deposits the checks back in the general operating account. The County Collector did not maintain sufficient documentation to show 9 checks totaling approximately \$14,000 were deposited into the general operating account. Due to the lack of documentation, it is unclear if these checks were accounted for properly.

Timely transfers from supporting accounts to the general operating account will help ensure payments received are properly accounted for and reduce the risk of loss, theft, or misuse going undetected. In addition, maintaining adequate documentation to support transfers is important to ensure disbursements are appropriate.

1.6 Refunds

The County Collector has not established proper controls and procedures for refunding money. Overpayments made by check are refunded by money order and no documentation is maintained to support these refunds. Our review of disbursements during the year ended February 28, 2021, identified 7 payments (totaling approximately \$4,000) recorded as refunds for overpayments of property taxes. Collector's office personnel could not provide documentation supporting these overpayments occurred or that taxpayers received these payments.

Failure to implement adequate refunding procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected.

1.7 Distributions

Collections received by the County Collector are not always disbursed timely and the distribution amounts did not always agree with the calculations on the collection reports. For example, monthly collections from July 2020, December 2020, and January 2021 were each distributed approximately 25 days after the end of the month. Collections for these months totaled approximately \$5.2 million or approximately 78 percent of total collections for the year ended February 28, 2021. In addition, 17 of the 168 disbursements made by the County Collector for the year ended February 28, 2021, did not agree to the collection reports used to calculate distributions to entities. The County Collector could not adequately explain why these errors occurred. The County Collector made corrections to subsequent month's disbursements.

Wayne County Management Advisory Report - State Auditor's Findings

Section 139.210, RSMo, requires all collections to be distributed to the political subdivisions by the fifteenth day of the following month. In addition, timely and proper distribution of property tax collections to the political subdivisions is important because the political subdivisions rely on property tax revenues to fund operations. Also, Section 50.380, RSMo, provides that the County Collector may be subject to penalties for failure to make disbursements to political subdivisions in accordance with the deadlines set by statute.

Recommendations

The County Collector:

- 1.1 Prepare and file annual settlements in accordance with state law.
- 1.2 Segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting and bank records are performed and documented.
- 1.3 Ensure adequate monthly bank reconciliations are prepared timely and reconciled to the book balance, and maintain cumulative book balances for all bank accounts. Any differences between accounting records and reconciliations should be promptly investigated and resolved.
- 1.4 Prepare monthly lists of liabilities and reconcile the lists to the available cash balance. Any differences should be promptly investigated and resolved. Any unidentified money should be disposed of in accordance with state law.
- 1.5 Ensure all transfers are made timely and are adequately documented.
- 1.6 Issue all refunds by check and maintain documentation supporting all refunds made.
- 1.7 Ensure collections are distributed timely in accordance with state law and the disbursements are accurate.

Auditee's Response

- 1.1 *There are no instructions for the annual settlement form and the prior County Collector removed all previous records, which would have provided an example to follow. I have consulted with another County Collector's office to obtain training in the preparation of this form and plan to file the year ended February 29, 2020, and the year ended February 28, 2021, annual settlements soon, and file annual settlements timely in the future.*

Wayne County
Management Advisory Report - State Auditor's Findings

- 1.2 *A daily reconciliation worksheet has been developed to reconcile accounting and bank records. This worksheet is now completed by personnel and reviewed by the County Collector on a daily basis.*
- 1.3 *Bank statements ending dates now coincide with the end of each month and reconciliation procedures have been updated to ensure bank reconciliations are prepared timely and reconciled to the book balance, and cumulative book balances are maintained for all accounts. Differences between accounting records and reconciliations will be promptly investigated and resolved.*
- 1.4 *Monthly lists of liabilities will be prepared and reconciled to the available cash balance. Any differences will be promptly investigated and resolved. We have transferred unidentified balances to the County Treasurer for disposition in accordance with state law.*
- 1.5 *Procedures for transfers between bank accounts have been updated to ensure all transfers are made timely and are adequately documented.*
- 1.6 *Procedures for refunding overpayments have been updated to issue all refunds by check and maintain documentation supporting all refunds made.*
- 1.7 *Distribution reports have been updated to ensure collections are distributed timely in accordance with state law and the disbursements are accurate.*

2. Property Tax System Controls and Procedures

Controls and procedures over the property tax system need improvement.

2.1 Account book

The County Clerk does not maintain an account book or other records summarizing property tax charges, transactions, and changes. As a result, there is an increased risk of loss, theft, or misuse of property tax money going undetected.

Section 51.150.1(2), RSMo, requires the County Clerk to maintain accounts with all persons chargeable with money payable into the county treasury. By maintaining an account book or other records that summarize all taxes charged to the County Collector, monthly collections, delinquent credits, additions and abatements, and protested amounts, the County Clerk can help ensure taxes charged and credited to the County Collector are complete and accurate.

Wayne County Management Advisory Report - State Auditor's Findings

A similar condition was noted in our 2 prior audit reports. In addition, Report No. 2017-017, *Follow-Up Report on Audit Findings - Wayne County*, issued in March 2017, reported the status, at that time, as in progress.

2.2 Tax books

The County Clerk does not prepare or verify the accuracy of the current or delinquent tax books. The county's property tax system programmer prepares the real estate and personal property tax books using assessed valuations entered by the County Assessor and tax levies entered by the County Clerk. In addition, the county's property tax system programmer prepares the delinquent tax books by combining the uncollected taxes from the current tax year and uncollected taxes from all prior years. Key components when reviewing the current and delinquent tax books include verification of individual entries in the current tax books and recalculating tax book totals and charges. Failure to properly prepare and/or review the tax books and test individual tax statement computations may result in errors or irregularities going undetected.

Sections 137.290 and 140.050, RSMo, require the County Clerk to extend the current and delinquent tax books and charge the County Collector with the amount of taxes to be collected. If it is not feasible for the County Clerk to prepare the tax books, at a minimum, verification of the accuracy of the tax books is necessary as well as maintaining documentation showing approval of the tax book amounts charged to the County Collector.

Recommendations

The County Clerk:

- 2.1 Maintain an account book with the County Collector.
- 2.2 Prepare the current and delinquent tax books, or at a minimum, verify the accuracy of the tax books prior to charging the County Collector with the property tax amounts to be collected. Procedures performed should be documented.

Auditee's Response

- 2.1 *Since the audit, we have taken action to implement procedures to maintain an account book that we now reconcile with the County Collector's office on a monthly basis.*
- 2.2 *Action will be taken to implement a process to verify the accuracy of the tax books and maintain documentation.*

3. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The Sheriff operates a jail and provides an in-house commissary for inmates to purchase various snacks and personal items, in addition to handling payments for bonds, civil paper service, drug screening, donations, concealed carry weapon (CCW) permits and other miscellaneous receipts. The office collected approximately \$331,000 during the year ended December 31, 2020.

Wayne County
Management Advisory Report - State Auditor's Findings

3.1 Segregation of duties

The Sheriff has not adequately segregated accounting duties and does not perform an adequate supervisory review of detailed accounting and bank records. The Office Administrator is responsible for receipting payments, making deposits and disbursements, and reconciling the bank accounts. The Sheriff does not review accounting records to ensure payments received have been properly recorded, deposited, and disbursed to the appropriate parties.

Proper segregation of duties is necessary to ensure all transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, depositing, disbursing payments received; and reconciling bank accounts. If proper segregation cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential that would include comparing daily receipt activity to deposits and disbursements to supporting documentation.

3.2 Liabilities

Sheriff's office personnel do not prepare a monthly list of liabilities for the Sheriff's fee account or the commissary account. Consequently, liabilities are not agreed to the reconciled bank balances.

Liabilities for the fee account were \$9,345 at December 31, 2020. The reconciled bank balance was \$19,932, leaving an unidentified balance of \$10,587. Liabilities of inmate account balances for the commissary account were \$3,328 at December 31, 2020. The reconciled bank balance was \$22,491, leaving a balance of \$19,163 likely consisting of undistributed commissary net proceeds.

Regular identification and comparison of liabilities to the available cash balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Prompt follow up on discrepancies is necessary to resolve errors and ensure money is properly disbursed. Various statutory provisions provide for the disposition of unidentified money.

3.3 Commissary inventory

The Sheriff has not established adequate controls and procedures over commissary items sold to inmates. Periodic physical inventory counts are not conducted, and commissary sales are not reconciled to the commissary inventory records.

Loss, theft, or misuse of the commissary items may go undetected without adequate inventory records and procedures. Detailed inventory records that include tracking sales are necessary to adequately account for commissary items. A comparison of a periodic physical inventory to sales and items on hand is necessary to ensure commissary items and related payments collected are properly recorded and handled.

Wayne County
Management Advisory Report - State Auditor's Findings

3.4 Fee bank account

The Sheriff did not transmit \$18,100 in fees and other receipts collected to the County Treasurer during the year ended December 31, 2020, because the Sheriff used the money to directly pay for expenses of the Sheriff's office. State reimbursements totaling \$9,200 were disbursed from the fee account to individuals who assisted deputies with the transport of female prisoners. In addition, \$6,600 of restricted donations, commissions totaling \$1,600 and other fees totaling \$700 were collected and retained in the fee account. The Sheriff indicated he handled the money in this manner to help ensure it was disbursed appropriately. As discussed in section 3.2, the Sheriff's fee bank account had an unidentified balance of \$10,587 at December 31, 2020. In addition, the Sheriff used this account to purchase items including veterinary expenses for the police dog, marketing material, postage, and equipment. While these expenses appear reasonable, expending money outside of the county's normal budgeting and disbursement process increases the risk of misuse or unnecessary purchases.

Section 50.370, RSMo, requires every county official who receives any fees or other remuneration for official services to pay such money monthly to the County Treasurer.

Similar conditions
previously reported

Similar conditions to sections 3.2 and 3.4 were noted in our 2 prior audit reports.

Recommendations

The Sheriff:

- 3.1 Segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting and bank records are performed and documented.
- 3.2 Prepare monthly lists of liabilities and reconcile the list to the available cash balances. Any differences between accounting records and reconciliations should be promptly investigated and resolved. Any unidentified money should be disposed of in accordance with state law.
- 3.3 Periodically reconcile commissary records to inventories purchased and sold.
- 3.4 Disburse the remaining balance of fees and other receipts to the County Treasurer. In addition, discontinue making purchases from the fee account and make all purchases through the normal county process.

Auditee's Response

- 3.1 *We have already implemented this recommendation. Daily deposits are now reviewed by 2 people to ensure deposits are correct and*

Wayne County
Management Advisory Report - State Auditor's Findings

deposits (cash and checks) are compared for accuracy. Bank records are received monthly and documented by signature by the Sheriff. A control sheet is reviewed by either the Sheriff or other office staff for accuracy of disbursements.

3.2 *We are already working on implementation of this recommendation. The monthly control sheets list the liabilities for the month. These totals will be matched to the end of the month bank balance to ensure all money is turned over to the County Treasurer. The commissary account is compared to the Inmate Bank Balance Report. This balance is the amount of inmate funds we are holding. We will turn all money in excess over to the Inmate Security Fund on a monthly basis if necessary.*

3.3 *We are working on implementation of physical inventory of all commissary items. Commissary items are in a secure location with some controls in place such as 2 or 3 people filling commissary orders and double checking all orders. Commissary order phone cards are inventory controlled by assigned numbers and logged with the inmate name who received them. The totals are counted at the end of each commissary and cross referenced to ensure all cards were purchased.*

Going forward we are working to change our commissary sheets to total items sold so we can easily inventory remaining stock to ensure nothing is missing. We hope to do this on a weekly basis and have hired an extra person to help with our commissary tracking. Commissary purchases are recorded in the commissary system by all the office staff. A transaction history is ran after commissary purchases are entered and checked by someone other than who entered the purchases to ensure all sales were correctly entered on the inmates account.

3.4 *This recommendation is partially implemented. Of the \$10,587 unidentified balance, \$7,000 was turned over to the County Treasurer on June 29, 2021, and placed in the account of donations. The balance of \$3,587 is still being researched and at this time we are fairly certain that the amount will be turned over to the County Treasurer to be placed into the General Revenue Fund as an income on our budget.*

4. Prosecuting Attorney's Controls and Procedures

Controls and procedures in the Prosecuting Attorney's office need improvement. The office collected approximately \$80,000 in bad check and court-ordered restitution and fees during the year ended December 31, 2020.

Wayne County
Management Advisory Report - State Auditor's Findings

4.1 Segregation of duties

The Prosecuting Attorney has not adequately segregated accounting duties and does not perform a documented supervisory review of detailed accounting records and transmittals. The secretary is responsible for receipting, recording, and transmitting payments received. The Prosecuting Attorney does not perform documented reviews of accounting records to ensure payments received have been properly recorded and transmitted to the appropriate parties.

Proper segregation of duties is necessary to ensure all transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and transmitting payments received. If proper segregation cannot be achieved, documented independent or supervisory reviews of detailed accounting records and transmittals that include comparing daily receipt activity to transmittals are essential.

4.2 Receipting, recording, and transmitting

The Prosecuting Attorney has not established proper procedures for receipting, recording, and transmitting payments received.

- The secretary does not always issue receipt slips for payments received immediately upon receipt. During our cash count on May 27, 2021, we identified 2 money orders totaling \$200 that were not receipted. In addition, money orders are not restrictively endorsed upon receipt. They are endorsed when the transmittals are prepared.
- The secretary does not transmit administrative handling and Missouri Office of Prosecution Services (MOPS) fees timely to the County Treasurer. We haphazardly selected receipts received in September through October 2020 (7 receipts) to test during the year ended December 31, 2020. Of the 7 receipts tested, 2 receipts dated October 19, 2020, and November 24, 2020, were not transmitted until December 31, 2020. In addition, the September 2020 transmittal included 3 receipts totaling \$120 collected in June 2020. Office personnel indicated the delay was due to the limited amount of money collected.

Failure to implement adequate receipting, recording, and transmitting procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected. Section 50.370, RSMo, requires all county officials who receive fees or any other remuneration for official services to pay such money monthly to the County Treasurer.

A similar condition was noted in our 2 prior audit reports. In addition, report No. 2017-017, *Follow-Up Report on Audit Findings - Wayne County*, issued in March 2017, reported the status, at that time, as not implemented.

Wayne County
Management Advisory Report - State Auditor's Findings

Recommendations

The Prosecuting Attorney:

- 4.1 Segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting records and transmittals are performed and documented.
- 4.2 Issue receipt slips when received, transmit all receipts at least monthly, and restrictively endorse money orders at the time of receipt.

Auditee's Response

As of June 2021, the Prosecuting Attorney's office has been issuing computer generated receipts of all payments. All money orders made out to the Prosecuting Attorney's office are endorsed upon receipt as well. Cross-training is being implemented so all office personnel are familiar with transmitting administrative handling fees and MOPS fees.

5. Electronic Data Security

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

The County Assessor, County Collector, and Prosecuting Attorney have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in these offices are not required to change passwords periodically. Employees in the County Collector's office also share user identifications and passwords for the property tax system. As a result, there is no assurance that the user listed in the system for posting or deleting a transaction was the person who actually posted or deleted the transaction.

Unique user identifications and passwords are necessary to identify activity performed by each individual. The security of a password system is dependent upon keeping them confidential. Since passwords in certain offices are not required to be periodically changed, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Also, allowing certain users to share accounts and passwords, individual accountability for system activity could be lost and unauthorized system access could occur. Without strong user account and password controls, including maintaining the confidentiality of passwords, the likelihood that accounts could be compromised and used by unauthorized individuals to gain access to sensitive information is increased.

Recommendation

The County Commission work with other county officials to require each employee to have a unique user identification and confidential password that is periodically changed.

Wayne County
Management Advisory Report - State Auditor's Findings

Auditee's Response

The County Commission provided the following response:

Action has been taken to require ALL employees to have distinct/individual passwords to access their computer, and to change their passwords periodically.

The Prosecuting Attorney provided the following response:

Beginning August 19, 2021, passwords are being required to be updated every 90 days.

6. Electronic Communication Policies

The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.¹

Development of written policies to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

Auditee's Response

All offices are now required to ensure all electronic data pertaining to duties within the county are properly maintained and accounted for. This includes all work-related correspondence to include any social media, cell phone (texts), personal email or any other electronic correspondence. To comply with potential Sunshine Law requests, a copy must be maintained by each individual office.

¹ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed August 4, 2021.

Wayne County

Organization and Statistical Information

Wayne County is a county-organized, third-class county. The county seat is Greenville.

Wayne County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 48 full-time employees and 17 part-time employees on December 31, 2020.

In addition, county operations include the Law Enforcement Restitution Fund Board and the Senate Bill 40 Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Brian M. Polk, Presiding Commissioner	\$	28,400
Bill Hovis, Associate Commissioner		26,400
Chad Henson, Associate Commissioner		26,400
Cindy Stout, Recorder of Deeds		40,000
Kenton E. Sisco, County Clerk		40,000
Michael J. Anderson, Prosecuting Attorney		47,000
Dean Finch, Sheriff		44,000
Amber Sturgeon, County Treasurer		40,000
Gary Umfleet, County Coroner		12,000
Donna Eads, Public Administrator		40,000
Rhonda Cates, County Collector, year ended February 28,	40,000	
Francis K. Huitt, County Assessor, year ended August 31,		40,000

Other Information

On April 3, 2018, Wayne County voters approved an extension of a countywide sales tax of one-half of one percent for 6 years, to expire on September 30, 2024, and a continuation of a 100 percent reduction of the general revenue property tax.

The seal of the State Auditor of Missouri is circular. It features a central shield with a balance scale and a plow. Above the shield is an eagle with spread wings. The text "SEAL OF THE STATE AUDITOR" is at the top, "JUNIOR WE STAND DIVIDED" is in the middle, and "1820 MISSOURI 1892" is at the bottom.

Missouri State Auditor

Greene County

County Commission

Report No. 2021-108

November 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the Greene County Commission

Professional Services	The County Commission did not solicit requests for qualifications for legal services costing \$34,968, provided by 2 law firms related to a Missouri Ethics Commission (MEC) complaint, and did not document the reasons for waiving procurement requirements. The County Commission did not enter into contracts with a law firm to handle the MEC complaint or with a bond counsel company related to issuance of debt.
Disbursements	Legal expenses and mileage related to a MEC complaint costing \$25,948 did not have adequate supporting documentation to indicate the reason the payments were made and how they related to county purposes. The county also does not have adequate controls and procedures over conflicts of interest to ensure County Commissioners abstain from voting to approve their own transactions. The County Commission does not ensure compliance with the county's purchasing guide regarding requirements for electronic quotes and requisitions for purchases exceeding \$500, and does not always work with the county's Purchasing department to ensure purchase orders are completed when required. The former Presiding Commissioner ordered 500 drink tumblers and 1,000 frisbees, costing \$6,426, during the last 7 months of 2016 with the printed logo "Greene County Works" that were questionable and/or an unnecessary use of county resources.
Electronic Communication Policy and Use of County Email System	The County Commission has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. The county's email system was used to communicate with various county officials and employees about non-county business including the Invest in Greene County Political Action Committee and the passage of the half-cent general sales tax in violation of county policy and legal guidance.

In the areas audited, the overall performance of this entity was **Poor**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
Greene County, Missouri

The State Auditor was requested under Section 50.057, RSMo, to audit Greene County. We have audited certain operations of the Greene County Commission in fulfillment of our duties. The county engaged KPM CPA & Advisors to audit the county's financial statements for the years ended December 31, 2019, and 2018. The scope of our audit included, but was not necessarily limited to, the 3 years ended December 31, 2019. The objectives of our audit were to:

1. Evaluate the County Commission's internal controls over significant management and financial functions.
2. Evaluate the County Commission's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

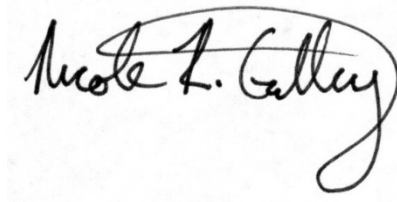

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions using haphazard and judgmental selection, as appropriate, but the results of our test cannot be projected to the population of all transactions of the County Commission. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the County Commission.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Greene County Commission.

Additional reports, No. 2020-050, *Greene County*, and No. 2021-029, *Greene County Sheriff*, were issued in August 2020 and June 2021, respectively.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Nicole R. Galloway, CPA
State Auditor

Greene County County Commission

Management Advisory Report - State Auditor's Findings

1. Professional Services

The County Commission's procedures for selecting legal services related to a Missouri Ethics Commission (MEC) complaint were insufficient. Also, the County Commission did not enter into contracts for some legal services related to the complaint, nor did it enter into contracts for bond counsel services.

The county's purchasing policy provides, "The County Commission may waive the requirement for competitive bids or proposals for professional services which are non-competitive in nature." This policy, however, does not require documentation of reasons for waiving the requirement. Section 432.070, RSMo, requires contracts for political subdivisions to be in writing.

MEC complaints

Various complaints were filed with the MEC related to Greene County and the Invest in Greene County Political Action Committee (PAC).¹ Concerns regarding the PAC included the former Presiding Commissioner's involvement with the PAC. The MEC investigated these complaints and filed 2 Findings of Fact and Conclusions of Law upon the conclusion of its investigation.

One of the Findings of Fact and Conclusions of Law was filed and concluded on April 25, 2018 (MEC v. Greene County, case number 17-0075-I), and addressed issues related to push cards (flyers) purchased by the county to "educate the public on the sales tax ballot issue and the benefits to the community" for the November 7, 2017, election. The push cards were published twice. The second publication disclosure ("Paid for by Greene County Sheriff's Office.") was incorrect and violated Section 130.031.8, RSMo, because the push cards were purchased with a check drawn from the account of Greene County. As a result of this violation, the MEC fined the county \$100.

The other Findings of Fact and Conclusions of Law was filed and concluded on December 17, 2018 (MEC v. Invest in Greene County PAC, Robert Cirtin, and the PAC Treasurer, case numbers 18-0002-I and 18-0004-A). It addressed numerous issues such as Robert Cirtin making expenditures from and depositing contribution checks into PAC accounts when he was not the PAC Treasurer, and the PAC Treasurer failing to timely and accurately file campaign finance disclosure reports.

Many of the concerns identified in the MEC cases involving Greene County, the Invest in Greene County PAC, the PAC Treasurer, and former Presiding Commissioner Cirtin overlap due to the former Presiding Commissioner's

¹ In September 2017, the Invest in Greene County PAC filed a Statement of Committee Organization with the MEC. The PAC was organized to promote a half-cent general sales tax proposed by Greene County to be placed on the ballot in the November 7, 2017, election.

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

involvement with both Greene County and the PAC.² According to county records, legal expenses related to the MEC complaint totaled \$34,698.

Legal services procurement

The County Commission did not solicit requests for qualifications (RFQs) for legal services provided by 2 law firms related to the MEC complaint, and the County Commission's open meeting minutes did not mention waiving the requirements for procurement of these professional services.

The county contracted with one of the law firms to provide "Legal counsel and advice concerning Missouri Ethics Complaint" and all 3 County Commissioners signed the contract dated January 25, 2018. The county paid this law firm \$9,014 in April and May 2018. The county also paid \$25,684 in October 2018, for legal expenses of another law firm related to the MEC complaint, including a \$20,284 check to the law firm and a \$5,400 check to the former Presiding Commissioner for reimbursement of legal fees previously paid by the former Presiding Commissioner to the same law firm.

Soliciting proposals for professional services is a good business practice, helps provide a range of possible choices, and allows the county to make better-informed decisions to ensure necessary services are obtained from the best qualified provider after taking expertise, experience, and cost into consideration. Additionally, without documenting reasons for waiving the requirement, the County Commission has not established that it was reasonable to waive the requirements in these instances.

Legal and bond services
contracts

The County Commission did not enter into contracts with a law firm to handle the MEC complaint or with a bond counsel company related to issuance of debt.

The County Commission paid and reimbursed legal expenses of \$25,684 in October 2018 (mentioned above) to a law firm, but did not enter into a contract with this firm.

The County Commission also did not enter into a contract with a bond counsel company for the issuance of \$64,470,000 in certificates of participation.³ The county paid the bond counsel company \$146,125 during the year ended December 31, 2018.

² The former Presiding Commissioner's activities with the Invest in Greene County PAC were not part of his official duties as Presiding Commissioner, and therefore, any legal expenses incurred related to the PAC would not be an expense of Greene County.

³ Certificates of participation (COPS) are a method of financing a capital project whereby the local government sells interests in the capital project, leases the project back from the investors, and repays the certificates with the lease payments. After the certificates have been repaid, the local government typically has the option to purchase, at a minimal amount, the capital project it has been leasing. COPS are not required to be approved by county voters.

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

It is unclear why the County Commission did not enter into a contract with the law firm and the bond counsel company. It also is not clear why the county made payments and reimbursements for legal expenses to a law firm it had not contracted with when it had already contracted and paid another law firm to provide legal counsel and advice concerning the county's MEC complaint.

Written contracts are necessary to ensure all parties are aware of their duties and responsibilities, no duplication of related services are performed, and to prevent misunderstandings.

Recommendation

The County Commission solicit proposals for professional services and update county policy to require documentation of reasons for waiving the procurement requirement. The County Commission should also enter into written contracts for professional services as required by state law.

Auditee's Response

The exemption from bidding for professional services is derived from the Missouri Supreme Court decision (Hellman v. St. Louis County 302 S.W.2d 911), where the skill and experience of a professional are a vital component to the professional service, such services are not subject to mandatory bidding.

The County Commission will solicit proposals for professional services in the right circumstances and will execute written contracts for the services provided. The County Commission will also update county policy to require documentation of reasons for waiving the procurement requirement.

2. Disbursements

Controls and procedures over disbursements need improvement.

2.1 Legal services and mileage documentation

Legal expenses and mileage related to an MEC complaint did not have adequate supporting documentation to indicate the reasons the payments were made and how they related to county purposes. The county also does not have adequate controls and procedures over conflicts of interest to ensure County Commissioners abstain from voting to approve their own transactions.

On October 23, 2018, 6 months after the conclusion of the MEC's investigation involving the county, Greene County issued a \$20,284 check to the second law firm (see MAR finding number 1) and a \$5,400 check to the former Presiding Commissioner for reimbursement of legal fees previously paid by the former Presiding Commissioner to the same law firm. The following concerns were identified related to these payments and also for a payment to the former Presiding Commissioner for related mileage.

- An invoice dated August 31, 2018, from the law firm was addressed to the former Presiding Commissioner's personal address and not the county's address. This invoice totaled \$25,684, and also indicated the law

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

firm had received \$5,400 of "Payments From Robert Cirtin" resulting in a balance of \$20,284.

In addition, a verification of payments received as of August 31, 2018, document indicated the former Presiding Commissioner had personally made 2 payments to the law firm totaling \$5,400 (\$3,000 and \$2,400). This document also had a handwritten note added to it by Greene County personnel indicating, "Outside Attorney expenses paid by Bob Cirtin and requests to be reimbursed."

- The county did not document the reason for paying an invoice addressed to a personal address or for reimbursing the former Presiding Commissioner for legal costs previously paid.
- The invoice and the verification of payments received document both indicated the former Presiding Commissioner approved the county to pay the invoice addressed to his personal address (payment of \$20,284) and the reimbursement to himself for \$5,400, causing the appearance of a conflict of interest.
- The former Presiding Commissioner was paid \$405 in mileage reimbursements on June 18, 2018. The mileage reimbursement request was signed by the Presiding Commissioner; however, there was no signature indicating the request was approved to be paid. Of the \$405 reimbursed, \$264 pertained to 3 trips to Jefferson City related to MEC legal services. The former Presiding Commissioner's mileage reimbursement form dated February 13, 2018, and the law firm's invoice indicated the former Presiding Commissioner traveled to Jefferson City on January 24, 2018, February 7, 2018, and February 16, 2018, to meet with representatives of this law firm related to a MEC complaint.

The county did not document the reason why, or county purpose for, paying and reimbursing costs for an invoice addressed to the former Presiding Commissioner's personal address. It is also questionable why the former Presiding Commissioner was allowed to approve payments for legal costs from an invoice that was addressed to him personally and sent to his personal address. In addition, it is unclear why the mileage expense reimbursement paid did not have an approval signature. We requested county officials provide an explanation of the MEC cases for which these legal costs pertained, and the County Auditor and former Presiding Commissioner indicated these legal costs related to the MEC v. Greene County, case number 17-0075-I.

To ensure county disbursements and reimbursement requests are reasonable and represent valid disbursements, an independent approval of disbursements should be made, including documenting how payments and reimbursements

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

relate to county purposes for any invoices addressed to a personal address instead of the county.

Elected officials serve in a fiduciary capacity. Personal interest in business matters of the county could create the appearance of conflicts of interest. To avoid the appearance of a conflict of interest, the former Presiding Commissioner should have abstained from approving payments of invoices addressed to himself at his personal address and reimbursements to himself for legal expenses.

2.2 Purchasing procedures

The County Commission does not ensure compliance with the county's purchasing guide regarding requirements for electronic quotes and requisitions for purchases exceeding \$500. Also, the County Commission does not always work with the county's Purchasing department to ensure purchase orders are completed when required by the purchasing guide. We tested 26 payment transactions totaling \$66,708 using judgmental selection from a population of payment transactions totaling approximately \$7.8 million during 2018, 2017, and 2016, primarily related to the County Commission and the Sheriff's office.

For 24 disbursements reviewed (each exceeding \$500), documentation was not provided to indicate requisitions and purchase orders were completed as required for 16 disbursements (67 percent). These disbursements included payments for legal and consulting services, tumblers, frisbees, printing costs of push cards (flyers), legal notices, and Chamber of Commerce membership fees.

For 10 of the 10 disbursements reviewed exceeding \$500 but less than \$6,000, documentation was not provided to indicate electronic quotes had been obtained. These disbursements were for consulting services, tumblers, frisbees, printing costs of push cards (flyers), micro-filming equipment, canopies, and signs.

The purchasing guide for Greene County indicates the Purchasing department is responsible for the centralized coordination of county purchasing; the procurement of supplies, equipment, services; and the construction for all county departments. For purchases that exceed \$500, but are less than \$6,000, 3 electronic quotes are to be obtained and a requisition completed by the county office or department requesting the purchase. The Purchasing department and the County Auditor are required to review the requisition completed by the county office or department requesting the purchase. It is unclear why the County Commission did not follow its policies and procedures related to obtaining electronic quotes, preparing requisitions, and verifying that purchase orders were completed for these transactions.

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

To reduce the risk of loss, theft, or misuse of funds and ensure compliance with county policies, the County Commission should obtain electronic quotes and prepare requisitions when required by the county's purchasing guide, and work with the county's Purchasing department to verify that purchase orders are completed when required.

2.3 Questionable disbursements

The former Presiding Commissioner ordered 500 drink tumblers and 1,000 frisbees, costing \$6,426, during the last 7 months of 2016 with the printed logo "Greene County Works" that were questionable and/or an unnecessary use of county resources. The County Auditor indicated the drink tumblers were sold to county employees and the frisbees were provided to children in the community during County Commission visits to grade schools. However, the County Commission did not account for the number of tumblers sold or the number of frisbees given away and the amount still on hand. In addition, the tumblers were purchased from the General Fund, County Commission department; however, the proceeds from the sale of the tumblers were placed in the County Employee Appreciation Fund and were not tracked.

Public funds should be spent only on items necessary and beneficial to the county. County residents have placed a fiduciary trust in their public officials to spend county revenues in a prudent and necessary manner.

Recommendations

The County Commission:

- 2.1 Ensure adequate supporting documentation is maintained (including documenting how payments and reimbursements relate to county purposes), and avoid potential conflicts of interest by establishing policies and procedures requiring the County Commissioners to abstain from voting to approve their own transactions.
- 2.2 Obtain electronic quotes and prepare requisitions when required by the county's purchasing guide and work with the county's Purchasing department to verify that purchase orders are completed when required.
- 2.3 Ensure all disbursements are necessary and prudent uses of public funds.

Auditee's Response

- 2.1 *The County Commission will insist that adequate supporting documentation is maintained and will provide for abstention where there is a potential conflict of interest.*
- 2.2 *The County Commission will insist that the county's purchasing guide is followed to include electronic quotes and requisitions, as well as verifying that purchase orders are completed when required.*

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

2.3 *The County Commission reassessed in January 2019 what is considered a prudent expenditure of public funds as those spent only on items necessary and beneficial to the county. The County Commission also established a fund in December 2020 under the Community Foundation of the Ozarks to support employee initiatives. Community Foundations are established across the United States as public nonprofit foundations serving the needs of the community. There are seven foundations in Missouri and the Ozarks Foundation serves 58 counties.*

3. Electronic Communication Policy and Use of County Email System

The county's electronic communication policy needs improvement, and the county's email system was used to communicate non-county business and political activities in violation of county policy and legal guidance, with one of the communications demonstrating steps taken to avoid holding an open public meeting.

3.1 Electronic communication policy

The County Commission has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Once an elected official or employee leaves county appointment or employment, the person's email account is deleted from the system and the email messages are not retained in the county's archived email records. In addition, the county has not adopted a policy to address the retention of messages sent by text and other third party platforms, such as personal email accounts and personal devices, when they represent official business of the county as set forth in the guidance.

Section 109.210(5), RSMo, defines a public record as "document, book, paper, photograph, map, sound recording or other material, regardless of physical form or characteristics, made or received pursuant to law or in connection with the transaction of official business." Section 109.270, RSMo, provides that all records made or received by an official in the course of the official's public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

managing electronic communications records can be found on the Secretary of State's website.⁴

To ensure compliance with state law, the County Commission should develop written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

3.2 Use of county email system

The county's email system was used to communicate with various county officials and employees about non-county business including the Invest in Greene County PAC and the passage of the half-cent general sales tax in violation of county policy and legal guidance.

Section 15-6: Use of Computer and Business Equipment, of the county's personnel policy manual states, "All electronic and telephonic communication systems and all communications and information transmitted by, received from, or stored in these systems are the property of Greene County and are used solely for job-related purposes. Sunshine Law requests can also include messages sent via the county's E-mail system. The use of any software and business equipment, including, but not limited to, computers, the county's E-mail system, the Internet, facsimiles and copy machines is for county business only. Commercial messages, employee solicitations, or messages of a religious or political nature are not to be distributed using county E-mail."

In addition, the county's legal counsel provided a legal opinion on September 7, 2017, indicating, "the limitations placed on state employees engaged in political activities should be followed by county employees. . . ." and referenced Section 36.157, RSMo, in the legal opinion. Section 36.157 (1) and (3), RSMo, indicates an employee may not engage in political activity while on duty or by utilizing state resources or facilities.

The former Presiding Commissioner sent emails to county officials and employees that did not comply with county policy or this legal guidance. In addition, one of the emails contained communications demonstrating steps taken to avoid holding an open public meeting. A timeline of these county email communication events are documented below:

- On Friday, September 15, 2017, at 7:25 p.m. the former Presiding Commissioner emailed a group of 25 Greene County elected officials

⁴Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed August 30, 2021.

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

(excluding 1 County Commissioner) and employees using the county's email system indicating, "Friends: If we have a meeting with two or more commissioners present we would have to post it as an open meeting. This would NOT be a good idea because we cannot run the risk of media attending. We can't have our sausage making appear in the News Leader."

This same email also indicated the creation of a PAC committee as follows: "I am creating the PAC committee this weekend. This will allow us to begin raising money. We will ALL be involved in raising money. For those of you who have not done this before, we will teach you how." and "But obviously, as those of us who have been involved in campaigns know, people who are NOT supporting the tax will NOT be on the campaign committee or involved in any way. That's just common sense. Additionally, it is IMPERATIVE that we not share campaign strategy with anyone who is not supporting the tax."

- On Sunday, October 15, 2017, at 7:33 p.m. the former Presiding Commissioner emailed all Greene County employees and juvenile employees using the county's email system to communicate about political activities as follows: "Colleagues: For those of you who want to volunteer for the door-to-door tax campaign please keep the following dates open. We will be leaving literature at specific addresses and don't worry, we will train you on what to do.

Saturday, October 28
Saturday, November 4

Please send me an email indicating your desire to volunteer so I will know how many people we will have working. More details will follow."

- On Friday, October 20, 2017, at 2 p.m., the former Presiding Commissioner again emailed all Greene County employees and juvenile employees using the county email system to communicate about political activities: "Friends: PLEASE DO NOT FEEL COMPELLED TO DO THIS BECAUSE I KNOW IT IS EXTREMELY SHORT NOTICE. This afternoon I am receiving some data on precinct door-to-door walking lists for our tax initiative. I did not realize we would have it this soon. Therefore, for anyone available we will be walking neighborhoods starting tomorrow. We will meet at the parking lot just north of Krispy Kreme Doughnuts on South Campbell tomorrow, (Saturday), at 9:30 a.m. PLEASE do feel pressured to do this because I know that many people already have made weekend plans. If you are able to join us, please reply to this email so I will know how many are coming."
- On Wednesday, October 25, 2017, at 2:51 p.m. the former Presiding Commissioner emailed the former Director of Communications and

Greene County
County Commission
Management Advisory Report - State Auditor's Findings

Public Engagement using the county's email system to communicate about political activities: ". . . Also, can you call the news leader and get a cost of a 1/4 and 1/2 page ad in order to post the actual order for a Sunday edition?" The former Director of Communications and Public Engagement replied at 2:53 p.m., "For the News-Leader ad, is this an ad paid for by Greene County?" The former Presiding Commissioner replied at 5:51:43 p.m., "The ad would be paid for by the PAC." The former Director of Communications and Public Engagement replied at 5:52 p.m., "I cannot work for the PAC in any capacity in my official role as a county employee." The former Presiding Commissioner replied at 6:02:54 p.m., "You can do it on your own time such as lunch break, vacation, etc." The former Director of Communications and Public Engagement replied at 6:15 p.m., "Bob, You're using County resources to give me an order as my boss to work on behalf of the PAC. Is this not a clear violation of the ethical guidelines set forth by the Ethic Commission? I would be calling the newspaper about a specific ad size and date using my name to do so and then an ad on behalf of the PAC will appear at that size and date. I think a news reporter and the Ethics Commission could easily put that together and then my career and reputation would be at risk."

On September 14, 2021, the former Presiding Commissioner indicated he was not aware of the county policy related to use of computer and business equipment. He also indicated he was not aware of the 2017 legal opinion provided by the county's legal counsel at the time, and he did not believe a County Commissioner was an employee in the context of the legal opinion.

These communications demonstrate the inappropriate use of county's email system for non-business related and political activities in violation of county policy and legal guidance.

Recommendations

The County Commission:

- 3.1 Develop written records management and retention policies to address electronic communications management and retention to comply with the Missouri Secretary of State Records Services Division Electronic Communications Guidelines.
- 3.2 Ensure the county's email system is used in compliance with county policy and legal guidance.

Auditee's Response

- 3.1 *The County Commission currently has an electronic communication records management policy that does not address retention. The county will review and update this policy guided by the Secretary of State's guidelines.*
- 3.2 *The County Commission will insist that the email system is used in compliance with county policy.*

Greene County

County Commission

Organization and Statistical Information

Greene County's government is composed of a three-member county commission and separate elected officials performing various tasks.

The county commissioners serve 4-year terms, and mainly have administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. The County Commissioners at December 31, 2019, are identified below.

Bob Dixon, Presiding Commissioner
Harold Bengsch, Associate Commissioner
John Christopher Russell, Associate Commissioner

Bob Dixon replaced Bob Cirtin in January 2019, Rusty MacLachlan replaced Harold Bengsch in January 2021, and John Christopher Russell replaced Lincoln Hough in January 2019.

Other Information

In November 2017, voters approved a 1/2 cent sales tax for the purpose of general revenue. The county issued \$64,470,000 in Certificates of Participation (COPS) in September 2018 to provide funding for several capital projects including an expansion of the Greene County Justice Center, renovations to the Judicial Courts Facility, and a new Operations Center to house the Building Operations and General Services departments. The new sales tax revenues, which are accounted for in the General Revenue II Fund, are used to make the payments on the COPS. The COPS are scheduled to be paid off in 2038. The remaining principal and interest due at December 31, 2019, was \$61,350,000 and \$26,356,875, respectively.

Missouri State Auditor

Sullivan County

Report No. 2021-107

November 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Sullivan County

Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney has not adequately segregated accounting duties or performed documented supervisory reviews of detailed accounting and bank records. The office secretary does not always timely disburse bad check and restitution payments to victims or fees received to the County Treasurer, did not prepare bank reconciliations or maintain a book balance during our audit period, and does not always deposit receipts timely or intact.
Public Administrator's Controls and Procedures	The Public Administrator does not always file annual settlements timely and does not prepare monthly bank reconciliations for ward accounts.
Property Tax System	As noted in our prior audit report, neither the County Clerk nor the County Commission adequately reviews the financial activities of the County Collector, who processed property tax collections of approximately \$7.1 million during the year ended February 28, 2021.
Electronic Data Security	Controls over county computers are not sufficient. Employees in the Recorder of Deeds and Sheriff's offices are not required to change passwords periodically. Employees in the Recorder of Deeds' and Assessor's offices do not have security controls in place to lock computers after a specified number of incorrect logon attempts and/or after a certain period of inactivity. The Public Administrator does not back up computer data on a regular basis and Sheriff's office personnel do not store backup data at an off-site location.
Sunshine Law	The county could not provide minutes for 9 of the 50 open meetings held during 2020. The County Clerk indicated she prepares the minutes at the time of each meeting but may have lost or misfiled some minutes.
Electronic Communication Policy	The county has not developed electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Fair**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Sullivan County

We have audited certain operations of Sullivan County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

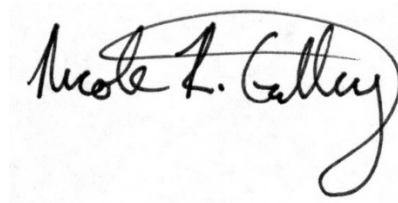

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Sullivan County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Nicole R. Galloway, CPA
State Auditor

Sullivan County Management Advisory Report State Auditor's Findings

1. Prosecuting Attorney's Controls and Procedures

Controls and procedures in the Prosecuting Attorney's office need improvement. The office collected approximately \$14,000 in bad check and court-ordered restitution and fees during the year ended December 31, 2020.

1.1 Segregation of duties

The Prosecuting Attorney has not adequately segregated accounting duties or performed documented supervisory reviews of detailed accounting and bank records. The office secretary is primarily responsible for receiving, recording, and depositing receipts. The Prosecuting Attorney indicated he does not perform supervisory reviews due to his high caseload as a part-time elected official and limited office staffing.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and depositing receipts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting records are essential and should include comparing daily receipt activity to deposits.

1.2 Disbursement procedures

The office secretary does not always timely disburse bad check and restitution payments to victims or fees received to the County Treasurer. For example, a bad check receipt totaling \$345 collected in April 2020 was not disbursed to the victim until September 2020. Administrative cost handling fees totaling \$225 collected from April 2020 through July 2020 were not disbursed to the County Treasurer until September 2020. The Prosecuting Attorney stated that he believed the disbursements were being made timely but was not reviewing accounting records, including bank statements, or performing other verification or oversight procedures.

Timely disbursement of bad check and restitution payments and fees is necessary to ensure victims are compensated, receipts are properly accounted for, and to reduce the risk of loss, theft, or misuse of funds. Section 50.370, RSMo, requires all county officials who receive fees or any other remuneration for official services to pay such money monthly to the County Treasurer. In addition, pursuant to Section 50.380, RSMo, the Prosecuting Attorney may be subject to penalties for failure to timely disburse fees to the County Treasurer.

1.3 Bank reconciliations, liabilities, and outstanding checks

The office secretary did not prepare bank reconciliations or maintain a book balance during our audit period. In addition, monthly lists of liabilities were not prepared to reconcile to the available cash balance and the office secretary has not established procedures to routinely follow-up on outstanding checks.

During audit fieldwork, the office secretary was not able to prepare a year end bank reconciliation or list of liabilities at our request. She indicated subsequent to our fieldwork, prior months bank reconciliations have been

Sullivan County Management Advisory Report - State Auditor's Findings

completed and the reconciliations are now completed monthly. However, none of these reconciliations were provided to us as we requested.

The actual year end bank (cash) balance was approximately \$7,100. As noted in section 1.2, the office secretary does not always timely disburse bad check and restitution payments to victims or fees received to the County Treasurer; therefore, the year-end bank balance likely includes such money, as well as outstanding checks. The office secretary indicated there were a significant number of old outstanding checks with some issued more than 10 years ago that she is working to turn over to the State Treasurer's Unclaimed Property Division, but a list of the checks was not available to provide to us when requested.

The Prosecuting Attorney indicated he does not have adequate staffing in his office to ensure bank reconciliations are performed monthly, reconcile liabilities, or follow up on outstanding checks.

Maintaining a book balance and performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Without regular identification and comparison of liabilities to the reconciled bank balance, there is less likelihood errors will be identified and the ability to both identify liabilities and resolve errors is diminished. In addition, procedures to routinely follow up on outstanding checks are necessary to prevent money from accumulating in the account and ensure it is appropriately disbursed to the payee or as otherwise provided by state law.

1.4 Depositing procedures

The office secretary does not always deposit receipts timely or intact. For example, the office secretary receipted 5 money orders totaling \$327 in January and February 2020 but did not deposit those receipts until March 9, 2020. Those receipts were also not deposited intact since other receipts, totaling \$154, recorded in February 2020 were deposited on February 18, 2020.

The Prosecuting Attorney could not explain why receipts were not always deposited timely and intact. Failure to implement adequate depositing procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected.

Similar conditions previously reported

Similar conditions to sections 1.1, 1.3, and 1.4 were noted in our prior audit report.

Sullivan County
Management Advisory Report - State Auditor's Findings

Recommendations

The Prosecuting Attorney:

- 1.1 Segregate accounting duties or ensure independent or supervisory reviews of detailed accounting and bank records are performed.
- 1.2 Disburse victim restitution timely and transmit fees in accordance with state law.
- 1.3 Ensure monthly bank reconciliations are prepared, maintain a book balance, and prepare monthly lists of liabilities and reconcile the list to the available cash balance. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, establish procedures to routinely investigate outstanding checks. Old outstanding checks should be voided and reissued to payees that can be located. If payees cannot be located, the money should be disposed of in accordance with state law.
- 1.4 Ensure receipts are deposited timely and intact.

Auditee's Response

- 1.1 *Segregation of duties is difficult in an office of two when one of the two is paid as a part-time elected official but, to the extent possible, the Office of the Prosecuting Attorney will attempt to implement the audit recommendation.*
- 1.2 *I have implemented a policy to pay victims and transmit fees the same day or the next day following receipt of funds.*
- 1.3 *Extensive efforts have already been made to remedy the deficiencies described by the auditors. The audit recommendations will be implemented going forward.*
- 1.4 *I have implemented a policy to ensure that receipts are deposited timely and intact.*

2. Public Administrator's Controls and Procedures

Controls and procedures in the Public Administrator's office need improvement. The Public Administrator is the court-appointed personal representative for wards or decedent estates of the Circuit Court, Probate Division. The Public Administrator's office was responsible for the financial activity of 10 wards and estates as of December 31, 2020.¹

¹ Six of the ward cases require an annual or final settlement. The other 4 only require a status report.

Sullivan County
Management Advisory Report - State Auditor's Findings

2.1 Annual settlements

The Public Administrator does not always file annual settlements timely. During our review of the 6 active cases with annual settlements due in 2020, we found the Public Administrator did not file the annual settlements timely for any of them. Settlements filed (or still due) for these cases ranged from 115 to 382 days after the due date as of June 28, 2021. The Public Administrator and the Probate Judge indicated the COVID-19 pandemic contributed to the untimely settlement filings because the Circuit Court and private attorney who prepares the settlements were closed or otherwise unavailable at various times. The Public Administrator indicated she is working to complete the settlements and the Probate Judge has taken a more active role in performing follow-up procedures for settlements not filed.

Sections 473.540 and 475.270, RSMo, require the Public Administrator to file an annual settlement with the court for each ward or estate. Timely filing of annual settlements is necessary for the court to properly oversee the administration of cases and reduce the possibility that errors, loss, theft, or misuse of funds will go undetected.

2.2 Bank reconciliations

The Public Administrator does not prepare monthly bank reconciliations for ward accounts.

The Public Administrator indicated she does not write many checks and has not had problems with them clearing timely. The Public Administrator indicated she verifies the checkbook balance matches the monthly bank statement; however, this is not documented and she does not prepare a formal reconciliation. For the haphazardly² selected ward we reviewed, we noted the Public Administrator did not add 12 months of interest totaling \$849 to the checkbook register balance until the end of the year even though it is paid monthly. Performing monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded.

A similar condition was noted in our prior audit report.

Recommendations

The Public Administrator:

- 2.1 File annual settlements timely.
- 2.2 Perform monthly bank reconciliations for all ward bank accounts and record receipts and disbursements timely in the checkbook register.

Auditee's Response

- 2.1 *I am in the process of purchasing and installing a new computerized case management system. The system includes reminders for annual*

² Due to the nature of the sample, the results cannot be projected to the population.

Sullivan County
Management Advisory Report - State Auditor's Findings

settlements or status reports due that will assist me with ensuring that those reports are filed with the court on time.

- 2.2 *Once the new case management system is in place, receipts and disbursements will be tracked in the system as well as bank reconciliations. The system has various edits in place that will check the annual settlement for accuracy. If anything is missed or out of balance, I will be able to fix it and provide to the courts instead of waiting on an attorney to prepare the annual settlement.*

3. Property Tax System

As noted in our prior audit report, neither the County Clerk nor the County Commission adequately reviews the financial activities of the County Collector, who processed property tax collections of approximately \$7.1 million during the year ended February 28, 2021.

The County Clerk does not maintain an account book or other records summarizing property tax charges, transactions, and changes. Although the County Clerk maintains files of tax charges, additions and abatelements, and the County Collector's monthly settlements, the County Clerk does not use this information to create an account book. In addition, the County Clerk and the County Commission do not perform adequate procedures to verify the accuracy and completeness of the County Collector's annual settlements. As a result, there is an increased risk of loss, theft, or misuse of property tax money going undetected, and less assurance the annual settlements are complete and accurate. The County Clerk indicated she has spoken with other county clerks and obtained examples of account books; however, she has not had time to prepare the account book.

Section 51.150.1(2), RSMo, requires the County Clerk to maintain accounts with all persons chargeable with money payable into the county treasury. An account book or other records that summarize all taxes charged to the County Collector, monthly collections, delinquent credits, additions and abatelements, and protested amounts should be maintained by the County Clerk. Such records would help the County Clerk ensure taxes charged and credited to the County Collector are complete and accurate, and could also be used by the County Clerk and the County Commission to verify the County Collector's annual settlements. In addition, Section 139.190, RSMo, requires the County Commission to carefully and fully examine the annual settlement of the County Collector. Such procedures are intended to establish checks and balances related to the collection of property taxes.

Recommendation

The County Clerk maintain an account book with the County Collector. In addition, the County Clerk and County Commission should use the account book to review the accuracy and completeness of the County Collector's annual settlements.

Sullivan County
Management Advisory Report - State Auditor's Findings

Auditee's Response

The County Clerk will establish an account book with the County Collector. The County Clerk and the Commission will use that book to check the accuracy and completeness of the County Collector's annual settlement.

4. Electronic Data Security

4.1 Passwords

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

Employees in the Recorder of Deeds and Sheriff's offices are not required to change passwords periodically. Both elected officials believed the physical security of the computers in their offices was adequate to protect against unauthorized access.

Passwords are necessary to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords do not have to be periodically changed in these offices, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Passwords should be changed periodically to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

4.2 Security controls

Employees in the Recorder of Deeds' and Assessor's offices do not have security controls in place to lock computers after a specified number of incorrect logon attempts and/or after a certain period of inactivity. The Assessor could not explain why these controls were not in place, and the Recorder of Deeds indicated she did not have the authority or access rights to make these changes.

Logon attempt controls lock the capability to access a computer after a specified number of consecutive invalid logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Without effective security controls, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

4.3 Data backups

The Public Administrator does not back up computer data on a regular basis and Sheriff's office personnel do not store backup data at an off-site location. Neither official could explain why these procedures were not performed.

Backing up computer data periodically and testing restoration of it on a regular basis help prevent loss of information and ensure essential information can be recovered. Failure to store computer backup data at a secure off-site location results in the backup data being susceptible to the same damage as the data on the computer. Storing backup data off-site, will help ensure it is available for recovery if necessary.

Sullivan County
Management Advisory Report - State Auditor's Findings

Similar conditions
previously reported

Similar conditions to sections 4.1 and 4.3 were noted in our prior audit report.

Recommendations

The County Commission work with other county officials to:

- 4.1 Require passwords for each employee to be periodically changed to prevent unauthorized access to county computers and data.
- 4.2 Require county computers to have security controls in place to lock each computer after a specified number of incorrect logon attempts and after a certain period of inactivity.
- 4.3 Ensure computer data is backed up periodically and stored at a secure off-site location.

Auditee's Response

- 4.1 *The County Commission provided the following response:*

The County Commission will adopt a new policy regarding all county staff maintain and update all electronic device information and passwords used in county correspondence. An outside vendor will be hired to facilitate secure and confidential password access to all electronic devices used for county purposes.

The Recorder of Deeds provided the following response:

My employees and I do not have any control over the assignment or changing of passwords. The software vendor has the rights to all of these functions. The software vendor generally only requests a password change if other system changes are made. I will look further into whether the vendor can assist me with implementing the auditor's recommendation.

- 4.2 *The County Commission provided the following response:*

The vendor will be requested to implement a lock function for instances where the computer "times out" or the user has attempted too many failed login attempts to increase security while computers are not in use.

The Recorder of Deeds provided the following response:

As noted in my response to section 4.1, I do not currently have access rights over security controls including locking the computer after a specified number of incorrect logon attempts and/or after a certain period of activity.

Sullivan County
Management Advisory Report - State Auditor's Findings

4.3 *The County Commission will address offsite data storage and routine backup as well in the new policy over data security.*

5. Sunshine Law

The county's procedures for complying with the Sunshine Law and maintaining minutes of meetings need improvement.

The county could not provide minutes for 9 of the 50 open meetings held during 2020. The County Clerk indicated she prepares the minutes at the time of each meeting but may have lost or misfiled some minutes. For the missing meeting minutes, we noted the minutes for the subsequent meeting indicate the County Commission approved the previous meeting minutes. However, these minutes do not include the date of the meeting minutes approved so there is less assurance the missing meeting minutes were prepared as required.

Section 610.020.7, RSMo, requires minutes of meetings to be maintained as a record of business conducted and to provide an official record of actions and decisions, including the date, time, place, members present, member absent, and a record of any votes taken. The minutes should provide sufficient details of discussions to demonstrate compliance with statutory provisions, and retention of records is necessary to support important decisions made.

A similar condition was noted in our prior audit report.

Recommendation

The County Commission ensure minutes are prepared and retained for all meetings.

Auditee's Response

The County Clerk will improve the process of recording and filing of Commission meeting minutes to ensure Sunshine Law compliance.

6. Electronic Communication Policy

The county has not developed electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. County Officials indicated they were not aware of the need for such a policy.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.³

³ Missouri Secretary of State Records Services Division, Electronic Communications Records Guidelines for Missouri Government, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, Accessed June 28, 2021.

Sullivan County
Management Advisory Report - State Auditor's Findings

Development of written policies to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Records Guidelines.

Auditee's Response

The County Commission will establish a policy addressing guidance on electronic communication management and retention schedules as established by the Missouri Secretary of State Records Services Division guidance.

Sullivan County

Organization and Statistical Information

Sullivan County is a county-organized, third-class county. The county seat is Milan.

Sullivan County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 34 full-time employees and 10 part-time employees on December 31, 2020.

In addition, county operations include a Senior Services Board, Sullivan County Memorial Hospital Board, and a Law Enforcement Restitution Fund Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Chris May, Presiding Commissioner	\$	29,347
Mike Hepler, Associate Commissioner		25,189
Randy Huffman, Associate Commissioner		25,189
Susie Gardner, Recorder of Deeds		39,504
Jackie Morris, County Clerk		39,504
Brian Keedy, Prosecuting Attorney		47,625
Roger Smiley, Sheriff		42,407
Robert (Bob) Wyant, County Coroner		10,602
Joan Brummitt, Public Administrator		26,504
Jennifer Russell, County Collector-Treasurer, year ended March 31,	38,166	
Karen LaFaver, County Assessor, year ended August 31,		38,166

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Mercer County, Missouri

The Office of the State Auditor contracted for an audit of Mercer County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name. The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

November 2021
Report No. 2021-106

Nicole Galloway, CPA
Missouri State Auditor

RECOMMENDATION SUMMARY

Recommendations in the contracted audit of Mercer County

Sheriff's Bank Reconciliations	The Sheriff's office implement a process to timely and properly reconcile the balance per bank to a recorded book balance to ensure all activity in the bank is recorded in the register and vice versa. Additionally, we recommend the Sheriff review the bank statements, reconciliations and the checkbook register on a monthly basis.
Investment Policy	The county adopt an investment policy that meets the requirements of state statutes.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Mercer County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Mercer County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Mercer County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Mercer County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Mercer County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated October 11, 2021, on our consideration of Mercer County, Missouri’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Mercer County, Missouri’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County’s internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

MERCER COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Mercer County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eight elected Constitutional Officers: Assessor, Circuit Clerk/Recorder of Deeds, Collector/Treasurer, County Clerk, Coroner, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Mercer County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County, particularly the Collector/Treasurer, as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar years 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 42,512,976	\$ 42,151,575
Personal Property	26,631,965	27,986,288
Railroad and Utilities	11,624,570	11,294,892
Total	<u>\$ 80,769,511</u>	<u>\$ 81,432,755</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.2482	\$ 0.2606
Special Road and Bridge	0.1362	0.1350
Senior Citizens	0.0454	0.0450

Lindley Township, which is managed by Mercer County, also receives property taxes based on the assessed valuation of the tangible taxable property included within the Township's boundaries.

F. Cash Deposits and Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and

long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption. Cash and cash equivalents includes deposits and short-term investments with maturities that are less than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and cash equivalent balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 2,272,587	\$ 2,380,873	\$ 2,380,873
Cash and Cash Equivalents - Fiduciary Funds	4,971,190	3,596,262	491,768

At December 31, 2019, the County had the following cash and cash equivalent balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 1,978,941	\$ 2,023,039	\$ 2,023,039
Cash and Cash Equivalents - Fiduciary Funds	3,474,066	3,489,016	306,651

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2019 and 2020 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. The County has elected not to make contributions on behalf of employees. During 2020 and 2019, the County collected and remitted to CERF employee withholdings of \$42,009 and \$39,779, respectively, for the years then ended.

B. 401(A) Pension Plan

Participation in the plan is mandatory for all employees who have worked over 1,000 hours in a calendar year. The County does not contribute to the plan. Plan participants contribute .7% of earnings to the plan. During 2020 and 2019, the County collected and remitted to the

plan employee withholdings of \$5,312 and \$4,950, respectively, for the years then ended.

C. Deferred 457 Pension Plan

Participation in the plan is voluntary for all full-time employees. Part-time employees are not eligible to participate in the plan. Plan participants can elect to contribute any whole percentage or dollar amount of their earnings to the plan. Fifty cents on the dollar is matched by CERF on the first 6% of an employee's contribution. The County does not contribute to the plan. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 were \$36,367 and \$43,967, respectively.

D. Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 for each of the years ended December 31, 2020 and 2019.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides employees with two full weeks of sick leave upon the anniversary of their hire date. After fifteen years of employment, the employee will receive three full weeks of sick leave. Sick leave may not accrue from year to year. Employees who have worked with the County for one full fiscal year or longer will be reimbursed for unused sick leave at the rate of 50% at the end of every year.

The County provides regular full-time employees who have completed one year of employment with two full weeks of vacation time. After fifteen years of employment, the employee will receive three full weeks of vacation time. Vacation leave must be used in the year it is earned. Upon termination of employment, employees are paid for unused vacation time earned during the year.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. CAPITAL LEASES

The County had the following long-term debt outstanding as of December 31, 2020:

- A. In January 2020, the County entered into a \$128,000, five-year non-cancelable lease agreement for a 2014 CAT road grader with an interest rate of 3.99%, under which the County can purchase the grader at the end of the lease for \$1. The agreement calls for annual payments of \$28,753 beginning on February 1, 2021, through February 1, 2025. The schedule of remaining payments and interest is below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 23,604	\$ 5,149	\$ 28,753
2022	24,588	4,165	28,753
2023	25,569	3,184	28,753
2024	26,589	2,164	28,753
2025	27,650	1,103	28,753
Total	<u>\$ 128,000</u>	<u>\$ 15,765</u>	<u>\$ 143,765</u>

- B. In February 2020, the County entered into an \$112,497, three-year non-cancelable lease agreement for a 2019 John Deere Tractor with an interest rate of 3.99%, under which the County can purchase the tractor at the end of the lease for \$1. The agreement called for a \$50,000 principal payment on February 11, 2020, and annual payments of \$22,495 beginning on February 1, 2021 through February 1, 2023. The schedule of remaining payments and interest is below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 20,063	\$ 2,432	\$ 22,495
2022	20,802	1,693	22,495
2023	21,632	863	22,495
Total	<u>\$ 62,497</u>	<u>\$ 4,988</u>	<u>\$ 67,485</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2020:

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid
2014 CAT Motorgrader	\$ -	\$ 128,000	\$ -	\$ 128,000	\$ -
2019 John Deere Tractor	-	112,497	(50,000)	62,497	-

8. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through October 11, 2021, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS*

To the County Commission and
Officeholders of Mercer County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Mercer County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Mercer County, Missouri's basic financial statements and have issued our report thereon dated October 11, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Mercer County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Mercer County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Mercer County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control described in the accompanying schedule of findings and recommendations as item 2020-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mercer County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters described in the accompanying schedule of findings and recommendations as item 2020-002 that is required to be reported under *Government Auditing Standards*.

Mercer County, Missouri's Responses to Findings

Mercer County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and recommendations. Mercer County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDINGS AND RECOMMENDATIONS

MERCER COUNTY, MISSOURI
FINDINGS AND RECOMMENDATIONS

MATERIAL WEAKNESSES IN INTERNAL CONTROL

None

SIGNIFICANT INTERNAL CONTROL DEFICIENCIES

2020-001: Sheriff's Bank Reconciliations

Criteria: A proper system of internal controls dictates that bank reconciliations be performed on a timely basis, transactions are timely recorded in the check register and the check register is properly maintained.

Condition: The Sheriff's office was not performing adequate reconciliations of the monthly bank statements during 2019 and 2020. Additionally, cash receipts and disbursements were not always timely recorded in the checkbook register, a running ledger balance was not properly recorded, and the monthly bank statement was not reconciled with the checkbook register. Furthermore, there was no indication that the bank statements and register were reviewed by the Sheriff.

Cause: Formal bank reconciliations were not performed under the previous administration.

Effect: Without reconciliations of bank balances to book balances, and the timely recording of transactions, the risk of misstatements due to error or misappropriation is heightened.

Recommendation: We recommend the Sheriff's office implement a process to timely and properly reconcile the balance per bank to a recorded book balance to ensure all activity in the bank is recorded in the register and vice versa. Additionally, we recommend the Sheriff review the bank statements, reconciliations and the checkbook register on a monthly basis.

County Response: Since taking office 1/1/2021, I have personally been reviewing the end of month bank statements. We will attempt to come up with a system to log everything in a timely manner.

Auditor's Response: The response is appropriate to correct the concern.

ITEMS OF NONCOMPLIANCE

2020-002: Investment Policy

Criteria: Section 30.950, RSMo requires political subdivisions that manage public funds to adopt an investment policy that prioritizes safety, liquidity and yield; prohibits derivatives, leveraging, and speculation with public funds; and requires collateralization of deposits.

Condition: The County Commission has not adopted an investment policy as required by state statute.

Cause: The County does not have investments and, therefore, has not adopted an investment policy.

Effect: The County has not adopted a policy to sufficiently address Section 30.950, RSMo.

Recommendation: We recommend the County adopt an investment policy that meets the requirements of state statutes.

County Response: We are reviewing investment policies and will adopt one this year. We do not currently have any investments.

Auditor's Evaluation: The response is appropriate to correct the concern. The Model Investment Policy from the State Treasurer has been provided to the County. The principles in the policy apply even if the County does not currently have any funds invested.

MERCER COUNTY, MISSOURI
FOLLOW-UP ON PRIOR AUDIT FINDINGS FOR AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Mercer County, Missouri, on the applicable findings in the prior audit report issued for the years ended December 31, 2016 and 2015.

16/15-001: The County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following fund had actual expenditures that exceeded the budgeted expenditures in 2015: Jail Commissary Fund. We noted the following fund without a prepared budget for 2016 and 2015: Recorder Trust Fund.

Status: Resolved.

CERTIFIED PUBLIC ACCOUNTANTS

October 11, 2021

To the County Commission
Mercer County, Missouri

We have audited the regulatory basis financial statements of Mercer County, Missouri for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Mercer County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020 or 2019. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Mercer County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC)

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

County Commission
The County of Randolph
Huntsville, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of The County of Randolph, Huntsville, Missouri (the County), which comprise cash and investments for each fund as of December 31, 2020 and 2019, and the related statements of receipts, disbursements, and changes in cash and investment balances – budget and actual for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law as described in Note 1 of the accompanying financial statements. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2020 and 2019, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of each fund of the County as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County’s financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Randolph, Huntsville, Missouri (the County), which is governed by a three-member board of commissioners, was established in 1829 by an Act of the Missouri Territory. In addition to the three Commissioners, there are ten elected Constitutional Officers: Assessor, County Clerk, Collector, Coroner, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Public Administrator, and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, Senate Bill 40 Board, and social and human services.

The financial statements referred to above include only the primary government of the County of Randolph, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The Senate Bill 40 fund is excluded from these financial statements because a separate standalone financial statement audit is performed.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a statement of receipts, disbursements and changes in cash and investment balances – all governmental funds, a comparative statement of receipts, disbursements and changes in cash and investment balances – budget and actual – all governmental funds, and a statement of assets and liabilities arising from cash transactions – agency funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

Fiduciary Fund Types

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similar to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other agency operations.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America.

As a result of using the regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, bonds, and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 of the Missouri Revised Statutes (RSMo), the County adopts a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

7. Budgets are prepared and adopted on the cash basis of accounting.

State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar years 2020 and 2019, for purposes of taxation, was:

	2020	2019
Real Estate	\$ 405,861,686	\$ 403,304,184
Personal Property	111,101,852	109,673,337
Total	<u>\$ 516,963,538</u>	<u>\$ 512,977,521</u>

During 2020 and 2019, the County Commission approved a \$.4086 and \$.4181 tax levy, respectively, per \$100 of assessed valuation of tangible taxable property, for purpose of County taxation, as follows:

	2020	2019
General Revenue Fund	\$ 0.2147	\$ 0.2242
Special Road and Bridge Fund	0.1939	0.1939
Total	<u>\$ 0.4086</u>	<u>\$ 0.4181</u>

F. Cash Deposits and Investments

Deposits and investments are stated at cost. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less, if applicable. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the state of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in the notes to the financial statements.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Interfund Transactions

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

NOTE 2 DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. County investments are nonnegotiable certificates of deposit. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption.

Deposits

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. The total bank balance as of December 31, 2020 and 2019 was insured through the Federal Deposit Insurance Corporation and pledged collateral.

Summary of Carrying Values

The carrying values of cash and investments in governmental and agency funds included in the financial statements at December 31, 2020 and 2019, as follows:

	2020	2019
Governmental Funds:		
Deposits and Cash Equivalents	\$ 5,917,072	\$ 4,311,754
Investments	13,000	13,000
Total Government Funds	<u>\$ 5,930,072</u>	<u>\$ 4,324,754</u>
Agency Funds:		
Deposits	\$ 29,951,835	\$ 29,713,184
Total Agency Funds	<u>\$ 29,951,835</u>	<u>\$ 29,713,184</u>

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3 CERTIFICATES OF PARTICIPATION

In 2004, the County issued \$6,800,000 in Public Facilities Authority Leasehold Revenue Bonds, for the construction of the Justice Center, with scheduled maturity of April 1, 2020 (Series 2004). In February 2013, the County issued \$2,380,000 in Lease Refunding Certificates of Participation, a direct placement, (Series 2013) for the purpose of refunding Series 2004. The certificates of participation bear interest at varying interest rates between 0.85% and 2.10%. The County pays the principal and interest for the long-term debt out of revenues generated from the sales tax approved by the voters in April 2002.

In April 2015, the County authorized the issuance of \$6,910,000 in Lease Certificates of Participation, a direct placement, (Series 2015). Proceeds from Series 2015 were used to finance construction of an administration building. The certificates of participation bear interest at varying interest rates between 0.75% and 3.10% and mature in 2027.

In May 2020, the County issued \$4,280,000 in Certificates of Participation, a direct placement (Series 2020). The proceeds from Series 2020 were used to refund the Series 2015. The Series 2020 Certificates of Participation bear interest at 2.00% and mature in 2027.

The schedule of changes in direct placement COPs and future maturities for the year ending December 31, 2020 are as follows:

	Balance 2019	Additions	Retirement	Balance 2020	Due within One Year
Series 2013	\$ 100,000	\$ -	\$ (100,000)	\$ -	\$ -
Series 2015	4,825,000	-	(4,825,000)	-	-
Series 2020	-	4,280,000	-	4,280,000	580,000
Total	<u>\$ 4,925,000</u>	<u>\$ 4,280,000</u>	<u>\$ (4,925,000)</u>	<u>\$ 4,280,000</u>	<u>\$ 580,000</u>

Year Ending December 31,	Principal Maturities	Interest Maturities	Total
2021	\$ 580,000	\$ 76,208	\$ 656,208
2022	605,000	65,962	670,962
2023	630,000	55,511	685,511
2024	625,000	44,848	669,848
2025	645,000	33,970	678,970
2026-2027	1,195,000	107,921	1,302,921
Total	<u>\$ 4,280,000</u>	<u>\$ 384,420</u>	<u>\$ 4,664,420</u>

NOTE 3 CERTIFICATES OF PARTICIPATION (CONTINUED)

The schedule of changes in direct placement COPs and future maturities for the year ending December 31, 2019 are as follows:

	Balance 2018	Additions	Retirement	Balance 2019	Due within One Year
Series 2013	\$ 495,000	\$ -	\$ (395,000)	\$ 100,000	\$ 100,000
Series 2015	5,375,000	-	(550,000)	4,825,000	540,000
Total	<u>\$ 5,870,000</u>	<u>\$ -</u>	<u>\$ (945,000)</u>	<u>\$ 4,925,000</u>	<u>\$ 640,000</u>

Year Ending December 31,	Principal Maturities	Interest Maturities	Total
2020	\$ 640,000	\$ 74,600	\$ 714,600
2021	560,000	76,208	636,208
2022	575,000	65,962	640,962
2023	600,000	55,511	655,511
2024	600,000	44,848	644,848
2025-2027	1,950,000	141,891	2,091,891
Total	<u>\$ 4,925,000</u>	<u>\$ 459,020</u>	<u>\$ 5,384,020</u>

NOTE 4 CAPITAL LEASES AND OTHER LONG-TERM DEBT

In November 2009, the County entered into a lease purchase agreement with a local banking facility in the amount of \$145,000 for the purpose of installing a computerized temperature control system (Temp Control) at the Randolph County Justice Center building. The rate of interest was 3.95% for ten years with an annual rental payment of \$17,853.

In August 2013, the County entered into a purchase agreement with a business entity in the net amount of \$186,190 for the purchase of a new Caterpillar motor grader after trade-in. The first payment was not due until February 2015. The rate of interest is 2.90%. The lease requires five annual payments and matured on February 27, 2019.

In September 2017, the County entered into loan agreement with the Department of Economic Development – Division of Energy in the amount of \$111,000 for the purpose of installing a computerized temperature control system at the Randolph County Justice Center building (Heat Pump). The rate of interest is 2.50% for ten years with an annual principal and interest payment of \$6,294.

In December 2017, the County entered into a lease purchase agreement with a local banking facility in the amount of \$195,000 for the purpose of purchasing an auxiliary power unit (Auxiliary Power). The lease requires seven annual payments of \$31,302 with an interest rate of 2.96%. The lease matures in December 2024.

HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)

Plan Description

The County of Randolph's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The County of Randolph participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent-multiple employer, statewide public employee pension plan established in 1967 and administered in accordance with Section 70.600-70.755 RSMo. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after five years of credited service. Employees who retire on or after age 60 (55 for police and fire) with five or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

Benefit terms provide for annual postretirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4.0% of their gross pay to the pension plan. Employer contribution rates are 2.7% (General) and 1.9% (Police) of annual covered payroll.

For the years ended December 31, 2020 and 2019, the County paid \$249,836 and \$200,255 to LAGERS, respectively.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in sections 50.1000-50.1300 of RSMo. The board of directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The board of directors has the authority to adopt rules and regulations for administering the system. CERF is a mandatory cost-sharing multi-employer retirement system for each county in the state of Missouri, except counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the LAGERS; and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after eight years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of eight years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

CERF issues audited financial statements. Copies of these statements may be obtained from the board of directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining eight years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During 2020 and 2019, the County collected and remitted to CERF, employee contributions of \$367,049 and \$321,429 for the years then ended December 31, 2020 and 2019, respectively.

In addition, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of real estate and personal property tax declarations.
- Twenty dollars on each merchants and manufacturers license issued.
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded.
- Five-ninths of the fee on delinquent property taxes.
- Interest earned on investment of the above collections prior to remittance to CERF.

The County remitted to CERF \$271,846 and \$204,693, respectively, for the years then ended December 31, 2020 and 2019.

NOTE 9 PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the state of Missouri is responsible for administration of this plan. The County has contributed \$5,135 and \$4,517 for the years ended December 31, 2020 and 2019, respectively.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 10 TAX ABATEMENT

Tax abatements, are agreements between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatement Disclosures* (GASB 77) requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

Enterprise Zone Credits

Enterprise zone credits are available to local businesses. The County grants property tax abatements of business property tax bills for the purpose of attracting or retaining businesses within their jurisdictions. The City's estimated net reduced tax revenue for the year ending December 31, 2020 and 2019 was \$79,364 and \$255,838, respectively.

NOTE 11 CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

B. Compensated Absences

Regular full-time employees who have completed the introductory period are eligible to receive vacation time as follows: 0 to 1 year of service, 5 days; 1 to 5 years of service, 10 days; 5 to 15 years of service, 15 days; and after 15 years of service, 20 days. No more than 10 days of fully earned vacation may be carried over from year to year. Upon termination of employment, an employee will receive equivalent cash reimbursement for any accrued, unused, and fully earned vacation leave. Regular full-time employees earn 1 day of sick leave per complete calendar month. A maximum of 16 hours of sick leave may be used as personal time. Upon termination of employment, no payment will be made for unused sick leave.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial.

**THE COUNTY OF RANDOLPH
HUNTSVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 12 RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a nonprofit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

NOTE 13 UNCERTAINTIES

The World Health Organization has declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.

STATE COMPLIANCE SECTION

4. For the year ended December 31, 2019, no budget was prepared for the Moberly Special Road and Bridge Fund, Local Emergency Planning Committee Fund, Special Election Fund and Ambulance District Fund.

FEDERAL COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

County Commission
Randolph County
Huntsville, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of County of Randolph (the County) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements, and have issued our report thereon dated October 30, 2021. We expressed an adverse opinion on the financial statements because the financial statements are prepared on the basis of financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with regulatory reporting requirements established by the state of Missouri.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

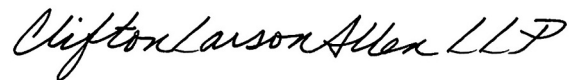

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

County Commission
The County of Randolph
Huntsville, Missouri

Report on Compliance for Each Major Federal Program

We have audited the County of Randolph's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the years ended December 31, 2020 and 2019. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the County as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County of Randolph's basic financial statements. We issued our report thereon dated October 30, 2021, which contained an adverse opinion on those financial statements due to the financial statements not being in accordance with accounting principles generally accepted in the United States of America, and an unmodified opinion on those regulatory basis financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1 to the financial statements.

THE COUNTY OF RANDOLPH
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Randolph (the County) under programs of the federal government for the years ended December 31, 2020 and 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position or changes in net position of the County.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles in the Uniform Guidance, with the exception of CFDA 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principles certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 INDIRECT COST RATE

The County has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION II – FINANCIAL STATEMENT FINDINGS

No financial statement findings reported under *Government Auditing Standards*.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2020-001 **Federal Grantor:** US Department of Treasury, Election Assistance Commission

Pass-Through Grantor: Missouri State Treasurer, Missouri Secretary of State

Federal CFDA Number: 21.019 and 90.404

Program Title: Coronavirus Relief Fund, Help America Vote Act

Award Year: 2020

Type of Finding: Significant Deficiency in Internal Controls over Compliance

Criteria: Title 2 U.S. Code of Federal Regulations Part 200, requires auditees to prepare an accurate SEFA containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of the pass-through entity.

Condition: When performing a reconciliation of the draft Schedule of Expenditures of Federal Awards (SEFA) provided by the County to the actual expenditures for 2019 and 2020, it was noted that the draft schedule of federal expenditures contained an error that initially reported the incorrect federal expenditures for CFDA numbers 21.019 and 90.404.

Effect: Federal expenditures on the SEFA were incorrect.

Questioned Costs: None.

Cause: Management mistakenly omitted federal expenditures for CFDA numbers 21.019 and 90.404.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured.

Views of Responsible Officials: There is no disagreement with the audit finding.

THE COUNTY OF RANDOLPH CORRECTIVE ACTION PLAN YEARS ENDED DECEMBER 31, 2019, AND 2020

The County of Randolph respectfully submits the following corrective action plan for the year ended December 31, 2020.

Audit period: 1/1/2019 – 12/31/2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

No financial statement findings reported under Government Auditing Standards.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

Election Assistance Commission US Department of Treasury

2020-001 Coronavirus Relief Fund, Help America Vote Act – CFDA No. 21.019 and 90.404

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Management will reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures will also be reported rather than budgeted amounts or cash received.

Name(s) of the contact person(s) responsible for corrective action: Will Ellis

Planned completion date for corrective action plan: December 31, 2021.

If there are any questions regarding this plan, please call Will Ellis at (844)277-6555.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Stoddard County, Missouri

The Office of the State Auditor contracted for an audit of Stoddard County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CliftonLarsonAllen, LLP, is attached.

Report No. 2021-104

Nicole Galloway, CPA
Missouri State Auditor

RECOMMENDATION SUMMARY

Recommendations in the contracted audit of Stoddard County

2020-001	The county ensure the proper general ledger accounts are created to allow an individual to post transfers to the correct accounts. In addition, we recommend management train staff members on how to properly record interfund transfers. A review process should also monitor for errors in recording transfers.
2020-002	Management reconcile the Schedule of Expenditures of Federal Awards (SEFA) with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

INDEPENDENT AUDITORS' REPORT

County Commission
County of Stoddard
Bloomfield, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Stoddard (the County), Missouri, which comprise cash and investments for each fund as of December 31, 2020 and 2019, and the related statements of cash receipts, disbursements, changes in cash and investment balances—budget and actual, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law as described in Note 1 of the accompanying financial statements. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2020 and 2019, or changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of each fund of the County as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Stoddard, Missouri (the County) is governed by a three-member board of Commissioner. There are nine elected Constitutional Officers: County Clerk, Treasurer and ex officio Collector, Circuit Clerk, Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, and social and recreation services.

The financial statements referred to above include only the County of Stoddard, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The Senate Bill 40 fund is excluded from these financial statements because a separate standalone financial statement audit is performed.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri law, which include a statement of receipts, disbursements and changes in cash and investment balances – all governmental funds, a comparative statement of receipts, disbursements and changes in cash and investment balances – budget and actual – all governmental funds, and a statement of assets and liabilities arising from cash transactions – agency funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Fiduciary Fund Types

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similarly to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 of the Missouri Revised Statutes (RSMo), the County adopts a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
7. Budgets are prepared and adopted on the cash basis of accounting. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation, was:

	<u>2020</u>	<u>2019</u>
Real Estate	\$ 288,297,817	\$ 280,463,547
Personal Property	140,891,960	135,657,600
Railroad and Utilities	<u>58,187,812</u>	<u>53,630,808</u>
Total	<u>\$ 487,377,589</u>	<u>\$ 469,751,955</u>

During 2020 and 2019, the County Commission approved a \$0.0806 and \$0.0806 tax levy, respectively, per \$100 of assessed valuation of tangible taxable property, for the County's Drainage District Fund.

F. Cash and Investments

Deposits and investments are stated at cost. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balances. Cash equivalents include repurchase agreements and any other instruments with an original maturity of 90 days or less, if applicable. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in the notes to the financial statements.

G. Interfund Transactions

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. County investments are nonnegotiable certificates of deposit. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption.

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. The total bank balances as of December 31, 2020 and 2019 were insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

Summary of Carrying Values

The carrying values of deposits and investments for the years ended December 31, 2020 and 2019 are as follows:

	<u>2020</u>	<u>2019</u>
Cash and Investments for Governmental Funds:		
Cash	\$ 9,196,741	\$ 5,264,852
Investments	<u>3,000,159</u>	<u>3,000,000</u>
Total Governmental Funds	<u><u>\$ 12,196,900</u></u>	<u><u>\$ 8,264,852</u></u>
 Cash and Investments for Agency Funds:		
Cash	<u>\$ 17,490,964</u>	<u>\$ 17,122,234</u>
Total Agency Funds	<u><u>\$ 17,490,964</u></u>	<u><u>\$ 17,122,234</u></u>

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3 LONG-TERM DEBT

On February 5, 2018 the County entered into a direct borrowing agreement to borrow \$57,300 through the U.S. Department of Agriculture to purchase two SUV's and equipment for Law Enforcement. The agreement calls for five annual payments of \$12,602 with an interest rate of 3.25%.

On October 29, 2018, the County entered into a direct borrowing agreement to borrow \$41,400 through the U.S. Department of Agriculture to purchase two SUV's for the Juvenile Officer and Assessor. The agreement calls for five annual payments of \$9,267 with an interest rate of 3.875%.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 3 LONG-TERM DEBT (CONTINUED)

On March 26, 2020, the County entered into a lease purchase agreement (direct borrowing) with First Midwest Bank of Dexter. Proceeds will be used to help finance construction of a new jail. The loan amount of \$9,000,000 matures on April 15, 2060 and carries an interest rate of 3.99%. As of December 31, 2020, the County has drawn down \$3,835,675. The funds drawn down were paid directly to vendors and did not flow through the County's accounts.

The following is a schedule in changes of long-term direct borrowings for the years ended December 31, 2020 and 2019.

	Balance 2019	Additions	Retirement	Balance 2020	Interest Paid
County Jail	\$ -	\$ 3,835,675	\$ -	\$ 3,835,675	\$ 50,775
USDA Loan 2	33,712	-	(33,712)	-	329
Total	<u>\$ 33,712</u>	<u>\$ 3,835,675</u>	<u>\$ (33,712)</u>	<u>\$ 3,835,675</u>	<u>\$ 51,104</u>

	Balance 2018	Additions	Retirement	Balance 2019	Interest Paid
USDA Loan 1	\$ 57,300	\$ -	\$ (57,300)	\$ -	\$ 1,956
USDA Loan 2	41,400	-	(7,688)	33,712	1,579
Total	<u>\$ 98,700</u>	<u>\$ -</u>	<u>\$ (64,988)</u>	<u>\$ 33,712</u>	<u>\$ 3,535</u>

The following is a schedule of future maturities for the years ending December 31, 2020 and 2019:

<u>Year Ending December 31,</u>	<u>Principal Maturities</u>	<u>Interest Maturities</u>	<u>Total</u>
2021	\$ -	\$ 227,882	\$ 227,882
2022	110,962	138,822	249,784
2023	153,201	145,835	299,036
2024	159,427	139,609	299,036
2025	165,906	133,130	299,036
2026-2030	936,310	558,870	1,495,179
2031-2035	1,142,661	352,518	1,495,179
2036-2040	1,167,208	103,695	1,270,903
Total	<u>\$ 3,835,675</u>	<u>\$ 1,800,360</u>	<u>\$ 5,636,035</u>

<u>Year Ending December 31,</u>	<u>Principal Maturities</u>	<u>Interest Maturities</u>	<u>Total</u>
2020	\$ 33,712	\$ 329	\$ 34,041

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 OPERATING LEASES

The County entered into an operating lease with First Baptist Church of Bloomfield for a parking lot in the amount of \$48,000 dated September 1, 2020. The agreement calls for 60 monthly payments and the operating lease matures in February 2025. Future minimum operating lease payments as of December 31, 2020 are as follows:

Year Ending December 31	Amount
2021	\$ 9,600.00
2022	9,600.00
2023	9,600.00
2024	9,600.00
2025	5,600.00
	<u>\$ 44,000.00</u>

NOTE 5 INTERFUND TRANSFERS

Transfers between funds for the years ended December 31, 2020 and 2019 are as follows:

	2020		2019	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue Fund	\$ 109,387	\$ 1,988,020	\$ 32,910	\$ 1,050,896
Capital Improvement Fund	1,115,000	-	115,000	-
Special Road and Bridge Fund	-	58,204	-	54,200
Archives Fund	15,000	-	15,500	-
Prosecuting Attorney Retirement Fund	11,628	-	11,628	-
Sheriff Operations Fund	701,773	8,578	930,058	-
Building Maintenance Fund	48,563	-	-	-
COVID-19 Fund	53,451	-	-	-
Total	<u>\$ 2,054,802</u>	<u>\$ 2,054,802</u>	<u>\$ 1,105,096</u>	<u>\$ 1,105,096</u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 6 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)

Plan Description

The County's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. Stoddard County participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with Section 70.600-70.755 of the RSMo. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after five years of credited service. Employees who retire on or after age 60 (55 for police and fire) with five or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of five years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance. The LAGERS Board of Trustees establishes the benefit plans and provisions that are available for adoption. The political subdivision's governing body adopts all benefits of the plan.

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 6.9% (General) and 6.1% (Police) of annual covered payroll for 2020.

For the years ended December 31, 2020 and 2019, the County paid \$165,520 and \$134,894 to LAGERS.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in sections 50.1000-50.1300 of the RSMo. The board of directors consists of 11 members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The board of directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple employer retirement system for each county in the state of Missouri, except any city not within a county (which excludes the City of St. Louis) and counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, noncharter county which is not participating in the LAGERS; and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system.

CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after eight years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of eight years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55. Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement.

Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system. The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the board of directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (CONTINUED)

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining eight years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 4% contribution on behalf of employees. Total contributions remitted to CERF for the years ended December 31, 2020 and 2019 were \$81,432 and \$69,954, respectively.

In addition, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of real estate and personal property tax declarations.
- Twenty dollars on each merchants and manufacturers license issued.
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded.
- Five-ninths of the fee on delinquent property taxes.
- Interest earned on investment of the above collections prior to remittance to CERF.

The County remitted to CERF \$376,250 and \$353,652, respectively, for the years ended December 31, 2020 and 2019.

NOTE 8 PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$12,410 and \$11,628, respectively, for the years ended December 31, 2020 and 2019.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 9 CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

B. Compensated Absences

The County provides employees with up to four weeks of paid vacation based upon the number of years of continuous service. Employees receive one week of vacation after the first year of service, two weeks of vacation per year after two years of employment, three weeks of vacation per year after 10 years of employment, and four weeks of vacation per year after 20 years of employment. Vacation days do not carry forward if they are unused. Upon termination, an employee is reimbursed for any unused vacation days. Employees accrue one sick day per month. The County allows employees to have a maximum of 35 days. However, upon termination, employees do not get reimbursed for sick leave.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 10 RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. Insurance is obtained from commercial insurance companies. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a nonprofit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

NOTE 11 UNCERTAINTIES

The World Health Organization has declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.

STATE COMPLIANCE SECTION

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
SCHEDULE OF STATE FINDINGS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SCHEDULE OF STATE FINDINGS

- A. For the year ended December 31, 2020, expenditures exceeded those budgeted in the COVID-19 Fund.

FEDERAL COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

County Commission
County of Stoddard
Bloomfield, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of County of Stoddard (the County) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements, and have issued our report thereon dated September 30, 2021. We expressed an adverse opinion on the financial statements because the financial statements are prepared on the basis of financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with regulatory reporting requirements established by the State of Missouri.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Responses to Findings

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

St. Louis, Missouri

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

County Commission
County of Stoddard
Ste. Genevieve, Missouri

Report on Compliance for Each Major Federal Program

We have audited County of Stoddard's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020 and 2019. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

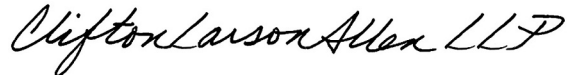

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-002, that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the County of Stoddard as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise County of Stoddard's basic financial statements. We issued our report thereon dated September 30, 2021, which contained an adverse opinion on those financial statements due to the financial statements not being in accordance with accounting principles generally accepted in the United States of America, and an unmodified opinion on those regulatory basis financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1 to the financial statements.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
DECEMBER 31, 2020 AND 2019**

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Stoddard County (the County) under programs of the federal government for the years ended December 31, 2020 and 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position or changes in net position as of the County.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles in the Uniform Guidance, with the exception of CFDA 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principals certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 INDIRECT COST RATE

The County has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

BLOOMFIELD, MISSOURI
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION II – FINANCIAL STATEMENT FINDINGS

2020-001 **Type of Finding:** Material Weakness in Internal Controls Over Financial Reporting.

Criteria: GASB requires interfund transfers to be separately presented in the County's financial statements and properly disclosed so the user of the financial statement can understand transfer of government resources between funds.

Condition: Interfund transfers were not recorded to the correct general ledger accounts. Under the regulatory basis of accounting described in Note 1, interfund transfers are accounted for as current period disbursements, separately presented in the statement of receipts and disbursements and disclosed in the notes to the financial statements. The County had separate general ledger accounts for interfund transactions. However, transfers were not recorded to these accounts. As a result, interfund transfers were comingled with general disbursements and not properly segregated.

Context: Material audit adjustments were required to properly present and disclose interfund transfers. Transfers recorded incorrectly totaled \$633,628.

Effect: Inaccurate and material errors in internal and external financial statements could potentially mislead users.

Cause: The County's internal controls over financial reporting were not designed to properly segregate interfund transfers.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the County ensure the proper general ledger accounts are created to allow an individual to post transfers to the correct accounts. In addition, we recommend management train staff members on how to properly record interfund transfers. A review process should also monitor for errors in recording transfers.

Views of Responsible Officials and Planned Corrective Actions: The County agrees and is developing a process to ensure interfund transfers are recorded properly.

**COUNTY OF STODDARD
BLOOMFIELD, MISSOURI
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION III – FEDERAL AWARD FINDINGS

2020-002 **Federal Grantor:** Department of Interior, Department of Health and Human Services, Department of Transportation

Pass-Through Grantor: Highway and Transportation Commission and Missouri Department of Health and Human Services

Federal CFDA Number: 15.659, 93.563, 20.205

Program Title: National Wildlife Refuge Fund, Child Support Enforcement, Highway Planning and Construction

Award Years: 2020 and 2019

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200, requires auditees to prepare an accurate SEFA containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of the pass-through entity.

Condition: The Schedule of Expenditures of Federal Awards (SEFA) contained errors and incorrectly reported federal expenditures for 15.659, 93.563, and 20.205.

Effect: Federal expenditures on the SEFA were incorrect.

Questioned Costs: None.

Cause: Management mistakenly omitted certain federal expenditures and reported revenue rather than actual expenditures.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Views of Responsible Officials: There is no disagreement with the audit finding.

INDEPENDENT AUDITORS' REPORT

County Commission
County of Pike
Bowling Green, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Pike (the County), Missouri, which comprise cash and investments for each fund as of December 31, 2020 and 2019, and the related statements of cash receipts, and disbursements and disbursements-budget and actual for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law as described in Note 1 of the accompanying financial statements. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2020 and 2019, or changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of each fund of the County as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County’s financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Pike, Missouri (the County), which is governed by a three-member board of commissioners, was established in 1818 by an Act of the Missouri Territory. In addition to the three Commissioners, there are eleven elected Constitutional Officers: Assessor, County Clerk, Collector of Revenue, Coroner, Circuit Clerk, Prosecuting Attorney, Public Administrator, Recorder of Deeds, Sheriff, Surveyor, and Treasurer.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of the County of Pike, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The Senate Bill 40 fund is excluded from these financial statements because a separate standalone financial statement audit is performed.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a statement of receipts, disbursements and changes in cash and investment balances – all governmental funds, a comparative statement of receipts, disbursements and changes in cash and investment balances – budget and actual – all governmental funds, and a statement of assets and liabilities arising from cash transactions – agency funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

Fiduciary Fund Types

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similarly to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other agency operations.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, bonds, and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 of the Missouri Revised Statutes (RSMo), the County adopts a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
7. Budgets are prepared and adopted on the cash basis of accounting. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation, was:

	2020	2019
Real Estate	\$ 156,021,390	\$ 153,098,560
Personal Property	65,698,698	64,992,629
Railroad and Utilities	74,720,978	73,252,666
Total	<u>\$ 296,441,066</u>	<u>\$ 291,343,855</u>

During 2020 and 2019, the County Commission approved a \$0.8367 and \$0.8367 tax levy, respectively, per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	2020	2019
General Revenue Fund	\$ 0.2927	\$ 0.2927
Hospital Fund	0.2200	0.2200
Special Road and Bridge Fund	0.3240	0.3240
Total	<u>\$ 0.8367</u>	<u>\$ 0.8367</u>

F. Cash Deposits and Investments

Deposits and investments are stated at cost. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balances. Cash equivalents include repurchase agreements and any other instruments with an original maturity of 90 days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in the notes to the financial statements.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Interfund Transactions

Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

NOTE 2 DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. County investments are nonnegotiable certificates of deposit. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption.

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. As of December 31, 2020 and 2019, the County's collateral was below the amount of uninsured deposits.

Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the financial statements at December 31, 2020 and 2019 as follows:

	<u>2020</u>	<u>2019</u>
Cash and Investments for Governmental Funds:		
Cash	\$ 511,788	\$ 348,750
Investments	3,514,930	3,034,354
Total Governmental Funds	<u>\$ 4,026,718</u>	<u>\$ 3,383,104</u>
	<u>2020</u>	<u>2019</u>
Cash and Investments for Agency Funds:		
Cash	\$ 13,954,517	\$ 13,968,408
Investments	-	-
Total Agency Funds	<u>\$ 13,954,517</u>	<u>\$ 13,968,408</u>

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3 LONG-TERM DEBT

On August 16, 2012, the County issued a \$3,655,000 refunding certificate of participation Series 2012 with Bank of Nevada, a direct placement. The refunding certificate of participation calls for annual principal and semiannual interest payments starting on December 1, 2012, with a maturity date of December 1, 2021. The refunding certificate of participation calls for interest of 2.870%.

The following is a schedule of payments made under the agreement in 2020.

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid	Amounts Due Within One Year
Series 2012	\$ 805,000	\$ -	\$ (405,000)	\$ 400,000	\$ 23,104	\$ 400,000
Total	\$ 805,000	\$ -	\$ (405,000)	\$ 400,000	\$ 23,104	\$ 400,000

The future payments for the loan as of December 31, 2020 are as follows:

Year Ending December 31,	Interest	Principal	Total
2021	\$ 11,480	\$ 400,000	411,480
Total	\$ 11,480	\$ 400,000	\$ 411,480

The following is a schedule of payments made under the agreement as of December 31, 2019:

Description	Balance 12/31/2018	Additions	Payments	Balance 12/31/2019	Interest Paid	Amounts Due Within One Year
Series 2012	\$ 1,200,000	\$ -	\$ (395,000)	\$ 805,000	\$ 34,440	\$ 405,000
Total	\$ 1,200,000	\$ -	\$ (395,000)	\$ 805,000	\$ 34,440	\$ 405,000

The future payments for the certificate of participation direct placement as of December 31, 2019 are as follows:

Year Ending December 31,	Interest	Principal	Total
2020	\$ 23,104	\$ 405,000	\$ 428,104
2021	11,480	400,000	411,480
Total	\$ 34,584	\$ 805,000	\$ 839,584

NOTE 4 INTERFUND TRANSFERS

Transfers between funds for the years ended December 31, 2020 and 2019 are as follows:

	2020		2019	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue Fund	\$ 116,628	\$ 466,450	\$ -	\$ 433,755
Payroll Fund	-	108,789	108,789	-
Law Enforcement Sales Tax Fund	395,017	-	235,539	-
Special Road and Bridge Fund	22,146	73,000	73,000	22,146
Assessment Fund	54,448	-	35,573	-
Special Election Fund	60,000	-	2,000	-
Law Enforcement Training Fund	-	-	1,000	-
Total	<u>\$ 648,239</u>	<u>\$ 648,239</u>	<u>\$ 455,901</u>	<u>\$ 455,901</u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 5 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)

Plan Description

The County of Pike's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The County of Pike participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with Section 70.600-70.755 RSMo. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after five years of credited service. Employees who retire on or after age 60 (55 for police and fire) with five or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of five years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 5 LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS) (CONTINUED)

Benefits Provided (Continued)

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 9.6% (General) and 9.7% (Police) of annual covered payroll.

For the years ended December 31, 2020 and 2019, the County paid \$279,498 and \$238,400 to LAGERS, respectively.

BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 6 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in sections 50.1000-50.1300 of RSMo. The board of directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The board of directors has the authority to adopt rules and regulations for administering the system. CERF is a mandatory cost-sharing multi-employer retirement system for each county in the state of Missouri, except counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the LAGERS; and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after eight years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of eight years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

CERF issues audited financial statements. Copies of these statements may be obtained from the board of directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 6 COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining eight years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During December 31, 2020 and 2019 the County collected and remitted to CERF, employee contributions of \$14,129 and \$72,525, respectively, for the years then ended December 31, 2020 and 2019.

In addition, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of real estate and personal property tax declarations.
- Twenty dollars on each merchants and manufacturers license issued.
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded.
- Five-ninths of the fee on delinquent property taxes.
- Interest earned on investment of the above collections prior to remittance to CERF.

The County remitted to CERF \$121,468 and \$125,642, respectively, for the years then ended December 31, 2020 and 2019.

NOTE 7 PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the state of Missouri is responsible for administration of this plan. The County has contributed \$11,628 and \$11,628, respectively, for the years ended December 31, 2020 and 2019.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 8 CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

B. Compensated Absences

Full-time regular employees of the County accrue between 3 to 7 hours of vacation leave per pay period based on the numbers of years of service. As of January 1, 2014, the maximum number of hours of vacation leave an employee may carry or accrue at any time shall be 200 hours. Upon termination from county employment, an employee shall be compensated for unused vacation. Full-time regular employees accrue 4 hours of sick leave per pay period up to a maximum of 960 hours of sick leave. Employees may use up to 24 hours of sick leave each year as personal leave. Upon termination from county employment, the employee shall be compensated for unused sick leave.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 9 RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool, which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

NOTE 10 UNCERTAINTIES

The World Health Organization has declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.

STATE COMPLIANCE SECTION

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
SCHEDULE OF STATE FINDINGS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SCHEDULE OF STATE FINDINGS

- D. For the year ended December 31, 2019, actual expenditures exceeded budgeted for the Law Enforcement Training Fund, Hospital Fund and Domestic Violence Fund.
- F. For the year ended December 31, 2020 and 2019, Pike County was under collateralized by \$3,727,358 and \$1,945,063, respectively.

FEDERAL COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

County Commission
County of Pike
St. Louis, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of County of Pike (the County) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County's financial statements, and have issued our report thereon dated September 30, 2021. We expressed an adverse opinion on the financial statements because the financial statements are prepared on the basis of financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with regulatory reporting requirements established by the State of Missouri.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Responses to Findings

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

County Commission
County of Pike
St. Louis, Missouri

Report on Compliance for Each Major Federal Program

We have audited the County of Pike's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020 and 2019. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

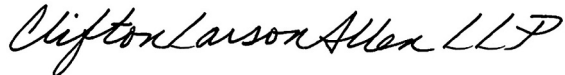

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-002, that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the County as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the County of Pike's basic financial statements. We issued our report thereon dated September 30, 2021, which contained an adverse opinion on those financial statements due to the financial statements not being in accordance with accounting principles generally accepted in the United States of America, and an unmodified opinion on those regulatory basis financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1 to the financial statements.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Pike (the County) under programs of the federal government for the years ended December 31, 2020 and 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position or changes in net position of the County.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles in the Uniform Guidance, with the exception of CFDA 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principals, certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 INDIRECT COST RATE

The County has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION II – FINANCIAL STATEMENT FINDING

2020-001 **Type of Finding:** Material Weakness in Internal Controls Over Financial Reporting.

Criteria: GASB and the regulatory basis of accounting require interfund transfers to be separately presented in the County's financial statements and properly disclosed so the user of the financial statements can understand transfer of government resources between funds.

Condition: Interfund transfers were not to the proper general ledger accounts. Under the regulatory basis of accounting described in Note 1, interfund transfers are accounted for as current period disbursements, but were instead recorded as a current liability. As a result, interfund transfers required material audit adjustment to properly record and disclose interfund transfers.

Context: Transfers recorded improperly totaled \$317,000.

Effect: Inaccurate and material errors in internal and external financial statements could potentially mislead users.

Cause: The County's internal controls over financial reporting were not designed to properly segregate interfund transfers.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the County ensure the proper general ledger accounts are created to allow an individual to post transfers to the correct accounts. In addition, we recommend management train other staff members on how to properly record interfund transfers. A review process should also monitor for error in recording transfers.

Views of Responsible Officials and Planned Corrective Actions: The County agrees and is developing a process to ensure interfund transfers are recorded properly.

**COUNTY OF PIKE
BOWLING GREEN, MISSOURI
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

SECTION III – FEDERAL AWARD FINDING

2020-002 **Federal Grantor:** US Department of Treasury, US Department of Homeland Security,
US Department of Interior

Pass-Through Grantor: Missouri State Treasurer, Missouri Department of Public Safety

Federal CFDA Number: 21.019, 15.226 and 97.036

Program Title: Coronavirus Relief Fund, Payment in Lieu of Taxes, Disaster Grants

Award Years: 2020 and 2019

Type of Finding: Significant Deficiency in Internal control over Compliance

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200, requires auditees to prepare an accurate SEFA containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of the pass-through entity.

Condition: When performing a reconciliation of the draft Schedule of Expenditures of Federal Awards (SEFA) provided by the County to the actual expenditures for 2019 and 2020, it was noted that the draft schedule of federal expenditures contained an error that initially reported the incorrect federal expenditures for CFDA numbers 21.019 and 97.036. In addition, the SEFA prepared by management did not include expenditures from the US Department of Interior.

Effect: Federal Expenditures on the SEFA were incorrect.

Questioned Costs: None.

Cause: Management mistakenly carried over a number from the prior year for Disaster Assistance and revenues were used rather than costs for the Coronavirus Relief Funds. There is no process to verify the SEFA reconciles to actual expenditures. In addition, management failed to identify expenditures on the SEFA from the Department of interior.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Views of Responsible Officials: There is no disagreement with the audit finding.

COUNTY OF PIKE CORRECTIVE ACTION PLAN YEARS ENDED DECEMBER 31, 2019 AND 2020

County of Pike respectfully submits the following corrective action plan for the year ended December 31, 2020 and 2019.

Audit period: 1/1/2019 – 12/31/2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

MATERIAL WEAKNESS

2020-001 Financial Reporting

Recommendation: We recommend that the County ensure the proper general ledger accounts are created to allow an individual to post transfers to the correct accounts. In addition, we recommend management train other staff members on how to properly record interfund transfers. A review process should also monitor for error in recording transfers.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The County agrees and is developing a process to ensure interfund transfers are recorded to the correct general ledger accounts.

Name(s) of the contact person(s) responsible for corrective action: Laura Stumbaugh

Planned completion date for corrective action plan: December 31, 2021

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

US Department of Treasury, US Department of Homeland Security

2020-00 Coronavirus Relief Fund, Disaster Grants – CFDA No. 21.019 and 97.036

Recommendation: We recommend management reconcile the SEFA with the general ledger at year end to ensure that all costs are captured. Actual expenditures should also be reported rather than revenue.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Management will reconcile the SEFA with the general ledger at year end and reporting actual expenditures.

Name(s) of the contact person(s) responsible for corrective action: Laura Stumbaugh

Planned completion date for corrective action plan: December 31, 2021

If there are any questions regarding this plan, please call Laura Stumbaugh at (573)324-2412.

Nicole Galloway, CPA

Missouri State Auditor

Maries County

Report No. 2021-102

October 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Maries County

Sheriff's Controls and Procedures	Procedures for preparing bank reconciliations and liabilities listings need improvement. Sheriff's office personnel do not use prenumbered bond forms or immediately issue receipt slips for bonds and civil receipts (civil process, concealed carry weapons permits, and other fees). The Sheriff's office does not charge or collect sales taxes on commissary sales, and does not remit sales taxes to the Department of Revenue. The Sheriff has not entered into written agreements with the surrounding counties or cities for the boarding of prisoners.
Property Tax System	As noted in at least our 6 prior audit reports, neither the County Clerk nor the County Commission adequately reviews the financial activities of the County Collector.
Sunshine Law	The county has not adopted a written policy regarding public access to county records as required by state law, and the county did not always comply with the requirements of the Sunshine Law for closed session meetings.
Electronic Communication Policy	The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Information	

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Maries County

We have audited certain operations of Maries County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

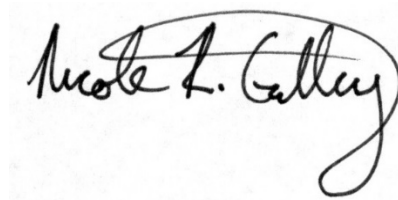

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Maries County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

	Misty Bowen, MSED, CFE
	Syed Umar Ali, MAcc

Maries County Management Advisory Report State Auditor's Findings

1. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected payments for civil fees, concealed carry weapon permits, bonds, and other miscellaneous receipts totaling approximately \$54,000 during the year ended December 31, 2020. In addition, the Sheriff's office had commissary sales of approximately \$40,000 during the year ended December 31, 2020.

1.1 Bank Reconciliations and Liabilities

Procedures for preparing bank reconciliations and liabilities listings need improvement.

Bank reconciliations

Sheriff's office personnel do not always prepare adequate bank reconciliations for the bond bank account. The Sheriff indicated he reviews the bank statements and reconciliations; however, his reviews are not always sufficient to detect or correct errors. For example, the bank reconciliation for December 31, 2020, did not include 2 outstanding checks totaling \$1,100. In addition, the checkbook register balance for December 31, 2020, was overstated due to 3 checks issued in December totaling \$900 not being recorded in the checkbook register until after entries dated January 14, 2021. Consequently, the reconciled bank balance, \$1,100, did not agree to the checkbook register balance, \$900, and neither amount reflected the actual account balance, \$0, at December 31, 2020.

Liabilities

Sheriff's office personnel did not prepare a monthly list of liabilities for the civil or the inmate commissary bank accounts, and consequently, liabilities were not compared to the reconciled bank balance. Issues noted include:

- We identified liabilities totaling \$3,216 at December 31, 2020 for the civil bank account, consisting of undistributed November and December collections. The reconciled bank balance was \$6,819, leaving an unidentified balance of \$3,603 at December 31, 2020. The Deputy County Clerk, who prepares the bank account reconciliations for the Sheriff's office, indicated she was not aware of the need to prepare a liabilities list or how to resolve the unidentified balance.
- Sheriff's office personnel do not track commissary profits or reconcile inmate balances to the reconciled bank balance of the inmate commissary bank account. The Deputy Sheriff indicated he determines, monthly, the total inmate balances by totaling the individual inmate balances from the commissary system and remits the excess of the account balance over the total inmate balances less a reserve of approximately \$200 to the County Inmate Prisoner Detainee Security Fund (IPDSF). However, he does not maintain documentation of his calculations, track commissary profits, or reconcile his calculations to the reconciled bank balance. For example, on November 30, 2020, the reconciled bank balance was \$5,920. In December, the Sheriff's office remitted \$3,400 to the IPDSF for November commissary profits, but no documentation was maintained of inmate balances, the profit calculation, or a reconciliation of the various

Maries County Management Advisory Report - State Auditor's Findings

amounts to the account balance. The Deputy Sheriff indicated the commissary software cannot produce suitable reports of inmate balances, and he was unaware of the need to reconcile inmate balances to the available cash balance and maintain documentation of the reconciliation.

Conclusion

Performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the available cash balance and investigation of any differences is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Various statutory provisions provide for the disposition of unidentified money. In addition, Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining funds (net proceeds) into the county IPDSF held by the County Treasurer.

1.2 Receipting

Sheriff's office personnel do not use prenumbered bond forms or immediately issue receipt slips for bonds and civil receipts (civil process, concealed carry weapons permits, and other fees). Sheriff's deputies collect bonds and record those bonds on un-numbered bond forms and place the forms and cash into a locked drop box. Sheriff's office dispatchers also place the civil receipts they receive in the drop box along with any accompanying documents. The bond and civil receipts are subsequently recorded on receipt slips by the Deputy Sheriff and Deputy County Clerk, respectively when those individuals prepare weekly bank deposits. Sheriff's office personnel were unaware of the need to issue pre-numbered bond forms and receipt slips immediately upon receipt.

Failure to use prenumbered bond forms and receipt slips, account for the numerical sequence of the documents, and reconcile the amounts on the documents to the amounts deposited, increases the risk that loss, theft, or misuse of money received will occur and go undetected.

1.3 Sales tax

The Sheriff's office does not charge or collect sales taxes on commissary sales, and does not remit sales taxes to the Department of Revenue (DOR). The Sheriff indicated he forgot to address this issue after receiving a similar audit finding in the prior audit.

Pursuant to 12 Code of State Regulations 10-110.955(3)(B), sales by the state of Missouri and its political subdivisions are subject to tax. Therefore, the Sheriff needs to charge and collect sales tax and remit the tax collections to the DOR.

Maries County
Management Advisory Report - State Auditor's Findings

1.4 Prisoner boarding

The Sheriff has not entered into written agreements with the surrounding counties or cities for the boarding of prisoners detailing the housing rate to be paid, the services to be provided, or any required notification for emergency or non-routine situations. The Sheriff stated he notifies other entities of the rates he charges, which are generally equal to the rates each entity charges Maries County. The county collected approximately \$25,000 for the boarding of prisoners during the year ended December 31, 2020. The Sheriff indicated he forgot to address this issue after receiving a similar audit finding in the prior audit.

Section 432.070, RSMo, requires contracts for political subdivisions to be in writing. Written agreements, signed by the parties involved, typically specify the services to be rendered and the manner and amount of compensation to be paid. Written contracts are necessary to ensure all parties are aware of their duties and responsibilities and to prevent misunderstandings.

Similar conditions
previously reported

A similar condition to section 1.1 was noted in at least our last six prior audit reports. Conditions similar to sections 1.3 and 1.4 were noted in our prior audit report.

Recommendations

The Sheriff:

- 1.1 Ensure adequate monthly bank reconciliations are prepared for all bank accounts. In addition, the Sheriff should ensure monthly lists of liabilities are prepared and reconciled to the available cash balance. Any differences between accounting records and reconciliations should be promptly investigated and resolved. Any unidentified money should be disposed of in accordance with state law.
- 1.2 Issue prenumbered receipt slips for civil collections immediately upon receipt, and for bonds, use prenumbered bond forms and/or issue prenumbered receipt slips immediately upon receipt. In addition, the Sheriff should account for the numerical sequence of the receipts/forms and reconcile the amounts on the documents to the amounts deposited.
- 1.3 Contact the DOR for guidance on establishing procedures for charging and collecting sales tax on commissary sales and ensure future sales tax collections are remitted to the DOR.
- 1.4 Work with the County Commission to obtain written agreements with counties and cities for the boarding of prisoners.

Maries County
Management Advisory Report - State Auditor's Findings

Auditee's Response

The Sheriff provided the following responses:

- 1.1 New procedures have already been put into place to accommodate these suggestions.*
- 1.2 I do not plan on issuing prenumbered bond forms because there are 3 separate verifications of the bond receipts; and another verification by the agency receiving the bonds. The other suggestions have already been implemented.*
- 1.3 We have begun implementing this recommendation.*
- 1.4 We are in the process of drafting contracts.*

The County Commission provided the following response:

- 1.4 We will work with the Sheriff to obtain written agreements with counties and cities for the boarding of prisoners.*

Auditor's Comment

The Sheriff's response to recommendation 1.2 indicates that other verifications of bond receipts occur that mitigate the need for prenumbered bond forms; however, using prenumbered bond forms and routinely accounting for the numerical sequence of the forms issued is necessary to properly ensure that bond records are complete and bond receipts are properly handled.

2. Property Tax System

As noted in at least our 6 prior audit reports, neither the County Clerk nor the County Commission adequately reviews the financial activities of the County Collector, who processed property tax collections of approximately \$7.5 million during the year ended February 28, 2021.

The County Clerk does not maintain an account book or other records summarizing property tax charges, transactions, and changes. In addition, the County Clerk and the County Commission do not perform adequate procedures to verify the accuracy and completeness of the County Collector's annual settlements. As a result there is an increased risk of loss, theft, or misuse of property tax collections going undetected. The County Clerk indicated she attempted to maintain an account book after receiving a similar finding in our prior audit, but she did not know how to properly implement the recommendation and soon discontinued the process.

Section 51.150.1(2), RSMo, requires the County Clerk to maintain accounts with all persons chargeable with money payable into the county treasury. In addition, Section 139.190, RSMo, requires the County Commission to carefully and fully examine the annual settlement of the County Collector.

Maries County
Management Advisory Report - State Auditor's Findings

Maintaining an account book or other records that summarize all taxes charged to the County Collector, monthly collections, delinquent credits, additions and abatements, and protested amounts would help the County Clerk ensure taxes charged and credited to the County Collector are complete and accurate and could also be used by the County Clerk and the County Commission to verify the County Collector's annual settlements. Such procedures are intended to establish checks and balances related to the collection of property taxes.

Recommendation

The County Clerk maintain an account book with the County Collector. In addition, the County Clerk and the County Commission should use the account book to review the accuracy and completeness of the County Collector's annual settlements.

Auditee's Response

We are in the process of implementing this recommendation. The County Clerk has created a spreadsheet to maintain an account book with the County Collector. The County Commission will review the spreadsheet and compare it with the County Collector's annual settlement.

3. Sunshine Law

The county's procedures for complying with Sunshine Law need improvement.

3.1 Public access policy

The county has not adopted a written policy regarding public access to county records as required by state law. A written policy regarding public access to county records would establish guidelines for the county to make records available to the public. Such policies typically identify a person to contact, provide an address to mail such request, and establish fees that may be assessed for providing copies of public records. County officials believed a policy was unnecessary.

Section 610.023, RSMo, lists requirements for making records available to the public. Section 610.026, RSMo, allows the county to charge fees for providing access to and/or copies of public records and provides requirements related to fees. Section 610.028, RSMo, requires a written policy regarding release of information under the Sunshine Law.

3.2 Closed meetings

The county did not always comply with the requirements of the Sunshine Law for closed session meetings. The County Commission held 14 closed sessions from January 2020 through April 2021.

The County Commission did not make specific reference to the section of law allowing the closure of meetings when voting to go into a closed session for any of the 14 closed meetings held. In addition, some topics discussed in closed meeting were not allowable under the Sunshine Law. For example, in closed meetings the County Commission discussed cross training an employee and how to handle the federal Coronavirus relief funding received.

Maries County
Management Advisory Report - State Auditor's Findings

Section 610.022, RSMo, requires public bodies announce the specific reasons allowed by law for going into a closed session and to enter the reason into the meeting minutes. Additionally, Section 610.021, RSMo, lists the topics that may be discussed in closed meetings, and Section 610.022.3, RSMo, requires that the discussion topics and actions in closed meetings must be limited to only those specifically allowed by law as announced in the justification for closing the meeting. County officials said they were unaware of these requirements.

Recommendations

The County Commission:

- 3.1 Develop a written public access policy.
- 3.2 Ensure the specific section of law allowing the meeting to be closed is announced publicly and recorded in the meeting minutes when the county commission holds a vote to close a meeting, and discussions are limited to the specific reasons cited for closing the meeting.

Auditee's Response

- 3.1 *We will develop a written policy regarding public access to county records.*
- 3.2 *We have implemented this recommendation. The County Commission has ensured the specific section of law allowing the meeting to be closed has been announced publicly and begun recording that information in the meeting minutes when the County Commission holds a vote to close a meeting, and discussions are now limited to the specific reasons cited for closing the meeting.*

4. Electronic Communication Policy

The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.¹ County officials said they were unaware a policy was needed.

¹ Missouri Secretary of State Records Services Division, Electronic Communications Records Guidelines for Missouri Government, May 14, 2019, is available at <https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>, accessed June 8, 2021.

Maries County
Management Advisory Report - State Auditor's Findings

The County Commission can help ensure compliance with state law by developing written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Auditee's Response

The County Commission will work with other county officials to develop written records management and retention policies to address electronic communications management and retention.

Maries County

Organization and Statistical Information

Maries County is a county-organized, third-class county. The county seat is Vienna.

Maries County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 28 full-time employees and 17 part-time employees on December 31, 2020.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Vic Stratman, Presiding Commissioner	\$	29,252
Douglas Drewel, Associate Commissioner		27,192
Ed Fagre, Associate Commissioner		27,192
Mark Buschmann, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Rhonda Rodgers, County Clerk		41,200
Anthony Skouby, Prosecuting Attorney		48,410
Harold Chris Heitman, Sheriff		45,320
Rhonda Slone, County Treasurer		41,200
David H. Martin, County Coroner		12,360
Carol Jo Schulte, Public Administrator		15,450
Jayne Williams, County Collector (2), year ended February 28,	42,720	
Dana Simmons, County Assessor, year ended August 31,		41,200

(1) Compensation is paid by the state.

(2) Includes \$1,348 of commissions earned for collecting city property taxes.

Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the Greene County Collector and Property Tax System

Personal Property Tax Statements Controls

The county implemented a new personal property assessment system without fully developing and testing the compatibility with the property tax billing and collection system used by the County Clerk and County Collector's office prior to the deadline for issuing the 2020 personal property tax statements.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	6
---	---

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
County Collector
Greene County, Missouri

We have audited the County Collector and Property Tax System of Greene County. Section 52.150, RSMo, requires the State Auditor to audit the office of the County Collector after being notified of a vacancy in that office. On February 28, 2021, a vacancy occurred in the office of the County Collector of Greene County. A successor was appointed and sworn into office effective March 1, 2021. The scope of our audit included, but was not necessarily limited to, the year ended February 28, 2021. The objectives of our audit were to:

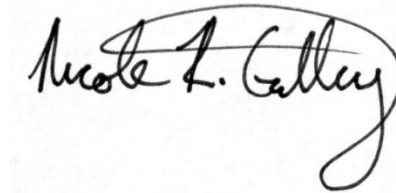

1. Evaluate the county's internal controls over significant property tax functions.
2. Evaluate the county's compliance with certain legal provisions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We reviewed receipt and disbursement transactions, addition and abatement activity, commissions, and the annual settlement; and performed sample testing of some of these areas using haphazard and judgmental selection, as appropriate. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the County Collector and county management and was not subjected to the procedures applied in our audit of the County Collector and Property Tax System.

Section 52.150, RSMo, requires the County Commission to accept the State Auditor's report and, if necessary, to take certain specific actions if the State Auditor finds any funds owed to the county or the former County Collector. For the areas audited, we identified (1) deficiencies in internal controls and (2) noncompliance with legal provisions. The accompanying Management Advisory Report presents our finding arising from our audit of the County Collector and Property Tax System of Greene County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

Audit Staff:	Misty Bowen, MSED, CFE

Greene County Collector and Property Tax System

Management Advisory Report

State Auditor's Findings

Personal Property Tax Statements Controls

The Greene County Collector and Property Tax System did not have adequate controls and procedures over the timely preparation of accurate personal property tax statements following the implementation of a new personal property assessment system in January 2020. The County Collector was charged with collecting approximately \$55 million in personal property taxes for the year ended February 28, 2021.

County officials could not prepare accurate personal property tax statements to mail to taxpayers by November 30, 2020. A new personal property assessment system implemented in the County Assessor's office could not initially correctly transfer assessed valuations for personal property to the property tax billing and collection system used by the County Clerk and County Collector's offices. County officials worked with the personal property assessment system's vendor to correct this issue and in December 2020 the assessed valuation information accurately transferred to that system. County officials then prepared and mailed the majority of the statements in December 2020 and extended the personal property tax payment deadline from December 31, 2020, to January 31, 2021.

County officials also continued to correct other known assessment errors that occurred following implementation of the new personal property assessment system. In addition, some taxpayers notified the County Collector about receiving inaccurate statements or not receiving statements. County officials corrected these issues and mailed new statements to affected taxpayers in January 2021 and extended the deadline for payment for all taxpayers to February 28, 2021.

As a result, the county did not assess and collect interest of 2 percent and the 9 percent penalties on unpaid personal property tax payments totaling approximately \$38 million received for the 2020 tax year between January 1, 2021, and February 28, 2021. The County Collector reported approximately \$197,000 less in interest and \$390,000 less in penalties on the annual settlement for the year ended February 28, 2021, than for the year ended February 29, 2020.

It is essential the County Collector and the county establish controls and procedures to prepare and mail accurate and timely personal property tax statements as required by state law. Section 52.230, RSMo, requires County Collectors to mail to all resident taxpayers, at least 30 days prior to the delinquent date, a statement of all personal property taxes due. Section 52.240.5, RSMo, establishes the delinquent date as December 31 for the payment of personal property taxes.

Recommendation

The County Collector work with the County Commission, County Assessor, and County Clerk to ensure accurate personal property tax statements are prepared and mailed in compliance with statutory requirements.

Greene County Collector and Property Tax System Management Advisory Report - State Auditor's Findings

Auditee's Response

The County Collector now has controls and procedures in place to prepare accurate property tax statements. Due to the challenges of the new personal property assessment system and the assessed valuation data derived from the County Assessor to the County Clerk to the County Collector, we found the need to begin meeting periodically beginning in 2020. The meeting process continued in 2021 to include the County Commission, the Information Technology department and the County Auditor, along with the new County Collector and new County Assessor. This will ensure that statements are prepared and mailed in compliance with statutory requirements.

Greene County Collector and Property Tax System

Organization and Statistical Information

The County Collector bills and collects property taxes for the county and most local governments. Pursuant to Section 52.015, RSMo, the term for which collectors are elected expires on the first Monday in March of the year in which they are required to make their last final settlement for the tax book collected by them. Annual settlements are to be filed with the county commission for the fiscal year ended February 28 (29).

Leah Betts served as County Collector until February 28, 2021. Allen Icet was appointed the Greene County Collector and sworn into office on March 1, 2021.

During the year ended February 28, 2021, the County Collector received compensation of \$82,569. Compensation was in accordance with statutory provisions.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 53 political subdivisions required to file a financial report by September 30, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in September 2021, after their filing deadline. The filing status for these 30 entities is presented in summary on page 3 and by individual entity in Appendix B-E.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name of the State Auditor.

Monthly Report on Political Subdivision Filings

September 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 53 political subdivisions, other than cities, towns, and villages, with a fiscal year end of March 31, 2021. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 53 political subdivisions, 42 filed an annual financial report timely.

This report also includes the filing status for 30 political subdivisions, other than cities, towns, and villages, that filed their financial report in September 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by September 30, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 51 cities and 25 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in September 2021, after their filing deadline. The filing status for these 27 cities and 11 villages is presented in summary on page 3-4 and by individual entity in Appendixes B to E.

Nicole R. Galloway, CPA
State Auditor

Monthly Report on Municipal Court and Revenue Filings

September 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 51 cities and 25 villages with a fiscal year end of March 31, 2021, whose financial report was due by September 30, 2021. Of the 76 municipalities, 58 filed the financial report timely. Of the 55 municipalities required to file an addendum, 28 filed timely. Of the 28 municipalities required to file a certification, 20 filed timely.

This report includes the filing status for 27 cities and 11 villages that filed at least one of the items (financial report, addendum, or certification) in September 2021, after their filing deadline. Of these municipalities, 18 filed an annual financial report, 16 filed an addendum, and 8 filed a certification.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Melissa Goodson, Chairperson
and
Board of Directors
Coronado Drive Transportation Development District
Blue Springs, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On January 8, 2021, the Board of Directors of the Coronado Drive Transportation Development District approved a resolution with its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution.

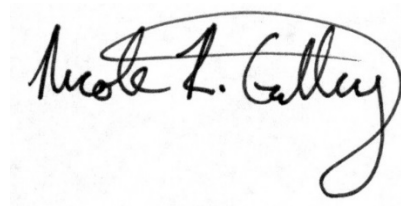

The scope of our audit included, but was not necessarily limited to, the fiscal year ended September 30, 2020, and the period from October 1, 2020, through December 31, 2020. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; and interviewing various personnel of the district, as well as certain external parties. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Coronado Drive Transportation Development District.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

	Thomas R. Johnson, MAcc.

Coronado Drive Transportation Development District Management Advisory Report - State Auditor's Findings

Financial Status

Our audit of the Coronado Drive Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Coronado Drive TDD is located in Jackson County, in the City of Blue Springs. The district was organized in July 2009 by petition of the property owners within the boundaries of the proposed district. The members of the Board of Directors and officers are representatives of the developer and the City of Blue Springs. The district has a fiscal year end of September 30.

In July 2009, the Board of Directors of the district passed a resolution formally approving the imposition of the sales tax after qualified voter approval of the sales tax. In July 2009, the qualified voters of the district¹ approved a one-half (0.50%) percent sales tax on all taxable transactions within the boundaries of the district for a period not to exceed 10 years. The sales tax became effective on January 1, 2010. For the entirety of its life, from 2009 through 2020, the Coronado Drive TDD received \$4,955,000 in sales taxes.

The Coronado Drive TDD was formed for the reconstruction of Coronado Drive east of Adams Dairy Parkway, improvements to the Adams Dairy Parkway and I-70 east bound and I-70 west bound ramp intersections, construction improvements of the Home Depot and Wal-Mart west entrances, and improvements to the Adams Dairy Parkway and RD Mize Road. The project was included as part of a larger redevelopment project which included multiple political subdivisions.² The City of Blue Springs is the public entity with jurisdiction over the local portion of the project and serves as the Local Transportation Authority. The Missouri Highways and Transportation Commission (MHTC) serves as the entity with jurisdiction over the state portion of the project. The project was completed, and the City of Blue Springs subsequently accepted dedication of the project.

The Coronado Drive TDD did not issue bonds or debt instruments to fund the project. Instead, district sales tax revenues were pledged to service bonds issued by the City of Blue Springs as part of a larger redevelopment project. As part of the agreement with the city, the district agreed to give the city all sales tax revenue received for the life of the district.

In January 2021, the Board of Directors approved a resolution formalizing their intent to dissolve the district. The Coronado Drive TDD sales tax expired effective July 31, 2019. The Coronado Drive TDD's legal counsel advised the State Auditor's Office (SAO) of the districts intent to dissolve the district and

¹ The only qualified voter in the district was Walmart Stores East, LP.

² Political subdivisions involved in the Adams Farms redevelopment plan included the Adams Farms Tax Increment Financing Plan Projects A, B and C, Adams Farms TDD, I-70 and Adams Dairy Parkway TDD, and the Coronado Drive TDD.

Coronado Drive Transportation Development District
Management Advisory Report State Auditor's Findings

requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo.

The SAO has performed an audit of the Coronado Drive TDD as required by Section 238.275, RSMo. That statute requires the State Auditor to audit the TDD to determine its financial status, and determine whether it may be abolished pursuant to law. That law also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it, if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balance of the Coronado Drive TDD for the period from October 1, 2009, through September 30, 2019; the year ended September 30, 2020; and the period from October 1, 2020, through December 31, 2020.

	Period October 1, 2020 to December 31, 2020	Year Ended September 30, 2020	Period October 1, 2009 to September 30, 2019
RECEIPTS			
Sales Tax	\$ 0	1,415	4,953,585
Interest	0	105	1,125
Transfers from Adams Farm TIF	0	4,285	0
Total Receipts	0	5,805	4,954,710

Debt Service to the City of Blue Springs	0	0	4,774,352
Professional Fees	13,387	3,822	111,044
Administrative Fees	0	2,092	54,314
Transfers to Adams Farm TIF	0	1,504	0
Total Disbursements	13,387	7,418	4,939,710
RECEIPTS OVER (UNDER) DISBURSEMENTS	(13,387)	(1,613)	15,000
BEGINNING CASH	13,387	15,000	0
ENDING CASH	\$ 0	13,387	15,000

Source: Compiled by the SAO using the TDD's bank statements, transaction register, and audited financial statements.

Coronado Drive Transportation Development District Management Advisory Report State Auditor's Findings

Based on our audit, the cash balance of the Coronado Drive TDD as of September 30, 2020, was \$13,387 and the cash balance as of December 31, 2020, was \$0. The Coronado Drive TDD's legal counsel indicated the district had no outstanding liabilities as of January 22, 2021 for billed and unbilled legal services and expenses and no further legal expenses were anticipated.

Based on our audit, the Board of Directors may proceed with the abolishment of the Coronado Drive TDD in accordance with Section 238.275, RSMo.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

This report was compiled using local government and court audit reports issued by my office between July 2020 and June 2021 (report numbers 2020-037 through 2020-131 and 2021-001 through 2021-036). The objective of this report was to summarize recent information security control issues and recommendations.

The recommendations address a variety of topics including user access management, user authentication, security controls, backup and recovery, and data management and integrity. The Appendix lists the 11 reports with findings covering these topics.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name of the State Auditor.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Director of Audits:	Robert E. Showers, CPA, CGAP
Audit Manager:	Alex R. Prenger, M.S.Acct., CPA, CISA, CFE, CGAP
Audit Staff:	Zachery Harris

Summary of Local Government and Court Audit Findings

Information Security Controls

Audit Issues

1. User Access Management

1.1 Access rights and privileges

Access to certain systems is not adequately restricted. Access rights and privileges are used to determine what a user can do after being allowed into a system, such as read or write to a certain file. Unrestricted system access allows the capability to make unauthorized changes to records or to delete or void transactions after the transactions have been entered in the system. In addition, adequate supervisory reviews of users are not performed. System access is typically restricted based on user needs and job responsibilities.

Without adequate user access restrictions, there is an increased risk of unauthorized changes to data and records and of the loss, theft, or misuse of funds.

Recommendation

Ensure user access rights are limited to only what is necessary to perform job duties and responsibilities.

Report Source

2020-040 (Valley R-VI School District Attendance Procedures)
2020-118 (Thirty-Second Judicial Circuit Cape Girardeau County)

1.2 Terminated employees

The user access of former employees is not disabled timely.

Without effective procedures to remove access upon termination, former employees could continue to have access to critical or sensitive data and records, which increases the risk of the unauthorized use, modification, or destruction of data and information.

Recommendation

Ensure user access is promptly deleted following termination of employment to prevent unauthorized access to computer systems and data.

Report Source

2020-115 (New Madrid County)
2021-001 (Jackson County Departmental and Other County Policies and Procedures)

2. User Authentication

2.1 Passwords not changed

Passwords are not required to be changed on a periodic basis. As a result, there is less assurance passwords are effectively limiting access to computer systems and data files to only those individuals who need access to perform their job responsibilities. Changing passwords periodically helps to reduce the risk of unauthorized access to and use of systems and data.

Summary of Local Government and Court Audit Findings
Information Security Controls
Audit Issues

Without requiring passwords to be periodically changed, the likelihood that accounts could be compromised and used by unauthorized individuals to gain access to sensitive information is increased.

Recommendation

Ensure passwords are periodically changed to prevent unauthorized access to computers and data.

Report Source

2020-049 (Warren County)
2020-052 (Monroe County)
2020-100 (Madison County)
2020-101 (Dunklin County)
2020-115 (New Madrid County)
2021-012 (City of Forsyth)

2.2 Sharing passwords

User accounts and passwords for accessing computers and various systems are shared by users. The security of a password system is dependent upon keeping passwords confidential. By allowing users to share accounts and passwords, individual accountability for system activity could be lost and unauthorized system activity could occur.

Without strong user account and password controls, including maintaining the confidentiality of passwords, the likelihood that accounts could be compromised and used by unauthorized individuals to gain access to sensitive information is increased.

Recommendation

Ensure unique user accounts and passwords are required to access computers and data. In addition, ensure users understand the importance of maintaining the confidentiality of passwords.

Report Source

2020-038 (City of Parma)
2020-052 (Monroe County)
2020-115 (New Madrid County)
2021-012 (City of Forsyth)
2021-033 (Jefferson County Collector and Property Tax System)

2.3 Password complexity

Passwords are not required to contain a minimum number of characters. Strong passwords are often the first line of defense into a computer or system. As a result, establishing an appropriate minimum character length makes it more difficult for passwords to easily be guessed or identified using password-cracking mechanisms.

Without enforcing password complexity by requiring a minimum number of characters, there is an increased risk that passwords can be more easily guessed, allowing unauthorized access to data and systems.

Summary of Local Government and Court Audit Findings
Information Security Controls
Audit Issues

Recommendation

Ensure passwords contain a minimum number of characters so they cannot be easily guessed.

Report Source

2020-052 (Monroe County)
2020-100 (Madison County)
2020-115 (New Madrid County)

3. Security Controls

3.1 Inactivity control

Inactivity controls have not been implemented to lock a computer or system after a certain period of inactivity. Having users log off computers when unattended and implementing an inactivity control to lock a computer or terminate a user session after a certain period of inactivity will help reduce the risk of unauthorized individuals accessing an unattended computer and having potentially unrestricted access to programs and data file.

Without an inactivity control, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

Recommendation

Ensure an inactivity control is implemented to lock a computer or system after a certain period of inactivity.

Report Source

2020-052 (Monroe County)
2020-100 (Madison County)
2021-012 (City of Forsyth)

3.2 Unsuccessful logon attempts

Security controls have not been implemented to lock access to a computer or system after a specified number of unsuccessful logon attempts. Logon attempt controls lock the capability to access a computer or system after a specified number of consecutive unsuccessful logon attempts, and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer or system by guessing passwords.

Without effective controls to limit the number of consecutive unsuccessful logon attempts, there is less assurance sensitive data is effectively protected from unauthorized access.

Recommendation

Ensure a security control is implemented to lock access to a computer or system after multiple unsuccessful logon attempts.

Report Source

2020-052 (Monroe County)
2020-100 (Madison County)
2020-101 (Dunklin County)

4. Backup and Recovery

4.1 Off-site storage

Data backups are not stored at a secure off-site location. Data backups are performed; however, the backup files are stored at the same location as the original data leaving the files susceptible to the same damage as that data.

Without storing backup data at a secure off-site location, critical data may not be available for restoring systems following a disaster or other disruptive incident.

Recommendation

Ensure backup data is stored in a secure off-site location.

Report Source

2020-038 (City of Parma)
2020-101 (Dunklin County)
2021-012 (City of Forsyth)

4.2 Periodic testing

Periodic testing of backup data is not performed. Such testing is necessary to ensure the backup process is functioning properly and to ensure all essential data can be recovered.

Without testing the full backup process, management cannot be assured the entire system can be restored when necessary.

Recommendation

Ensure backup data is tested on a regular, predefined basis.

Report Source

2020-101 (Dunklin County)

4.3 Contingency plan

Management has not developed a formal contingency plan to ensure business operations and computer systems can be promptly restored in the event of a disaster or other disruptive incident. A comprehensive written contingency plan typically includes plans for a variety of disaster situations and specify detailed recovery actions required to reestablish critical business, computer, and network operations. Once a contingency plan has been developed and approved, periodic testing and review is necessary.

Without an up-to-date and tested contingency plan, management has limited assurance the organization's business and computer operations can be promptly restored after a disruptive incident.

Recommendation

Develop a formal contingency plan and periodically test and evaluate the plan.

Report Source

2020-038 (City of Parma)

5. Data Management and Integrity

5.1 Student attendance data

The attendance system does not limit the time frame during which changes can be made and there is no review by officials to ensure changes made to current school year records are appropriate. In addition, an audit trail report of changes made is not generated and reviewed to ensure all changes made to attendance records are appropriate and accurate.

Without limiting the time frame during which changes can be made or reviewing changes made, data is subject to erroneous changes that may significantly affect the reliability of official attendance reports.

Recommendation

Ensure student attendance data is accurately recorded and reported, including restricting the time frame during which changes can be made and ensure an audit trail of changes made to attendance data be prepared and reviewed for accuracy.

Report Source

2020-040 (Valley R-VI School District Attendance Procedures)

5.2 Network access logs

The network access logs were not maintained or monitored for a period of time, because the logging function had been disabled.

Without an effective method to identify, log and monitor significant security-relevant events, there is an increased risk that unauthorized or inappropriate system activity may not be detected.

Recommendation

Ensure network access logs are maintained and monitored.

Report Source

2021-001 (Jackson County Departmental and Other County Policies and Procedures)

NICOLE GALLOWAY, CPA

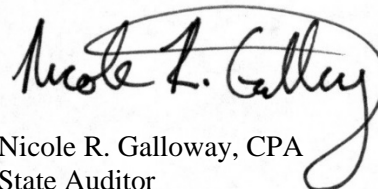

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of August 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In August, the state spent \$119.8 million from federal COVID-19 assistance (Appendix A). Through the end of August, the state has received \$4.77 billion and spent \$4.44 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.17 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

Staff Auditor:	Kristin A. Clink, MBA, CISA, CFE

Federal Funding for COVID-19 Response

August 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of August 31, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
August 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of August 31, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
August 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
August 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
August 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

Under the CARES Act, the state has also been awarded as of August 31, 2021, approximately \$3.82 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of August 31, 2021, approximately \$2.83 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of August 31, 2021, approximately \$10.53 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
August 2021
Executive Summary

In August, the state spent \$119.8 million from federal COVID-19 assistance (Appendix A). Through the end of August, the state has received \$4.77 billion and spent \$4.44 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.17 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2021. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

³ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA

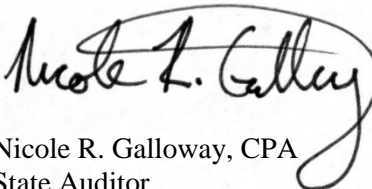

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of July 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In July, the state spent \$127.8 million from federal COVID-19 assistance (Appendix A). Through the end of July, the state has received \$4.66 billion and spent \$4.32 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.113 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

Federal Funding for COVID-19 Response

July 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of July 31, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
July 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of July 31, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
July 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
July 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
July 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

Under the CARES Act, the state has also been awarded as of July 31, 2021, approximately \$3.66 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of July 31, 2021, approximately \$2.82 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of July 31, 2021, approximately \$10.48 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
July 2021
Executive Summary

In July, the state spent \$127.8 million from federal COVID-19 assistance (Appendix A). Through the end of July, the state has received \$4.66 billion and spent \$4.32 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.113 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022 as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2021. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² Statewide Accounting System (SAM II) adjustments between July 1, 2021, and July 31, 2021, have retroactively changed this appropriation's total expenditures for the fiscal year ended June 30, 2021, since the previous report. In the future, it is possible that additional retroactive adjustments impacting that fiscal year could occur for this appropriation and for other ones.

³ Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

⁴ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance from the American Rescue Plan (ARP) Act in the month of August 2021 for the Coronavirus Disease 2019 (COVID-19) recovery and the cumulative financial activity since the state began receiving funding in May 2021.

In March 2021, Congress passed the ARP Act signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities for the COVID-19 recovery. The funding received by or made available to Missouri state government agencies will help pay for the state's recovery from the COVID-19 pandemic and provides (1) state and local recovery aid, (2) temporary additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs when the state implements Medicaid expansion, (3) funding for elementary and secondary schools and institutions of higher education, and (4) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. A large part of the funding authorized in this legislation will be sent directly to local government entities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In August, the state spent \$208.4 million from federal ARP Act assistance (Appendix A). Through the end of August, the state has received \$1.7 billion and spent \$222.2 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

Federal ARP Act Funding for COVID-19 Recovery

August 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the American Rescue Plan (ARP) Act of 2021 (Public Law 117-2, H.R.1319) signed into law in March 2021. Under the act, the state has also been awarded as of August 31, 2021, approximately \$10.53 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. The following sections discuss the amount and funding purpose of significant award sources.

State and local fiscal recovery funding

Of the awarded amounts, \$2.69 billion is for state fiscal recovery funding and \$2.473 billion is for local fiscal recovery funding. The local government recovery funding is \$1.192 billion for counties, \$831 million for cities with a population generally of 50,000 or more, and \$450 million for other local jurisdictions with populations generally below 50,000. The award also includes \$196.7 million from the Coronavirus Capital Projects Fund for the state.

These funds may be used to cover eligible costs incurred during the period that begins on March 3, 2021, and ends on December 31, 2024, as long as the award funds for the obligations incurred by December 31, 2024, are expended by December 31, 2026. Costs for projects incurred prior to March 3, 2021, are not eligible.

This funding can be used for the following purposes:

- Respond to the COVID-19 emergency and address its economic effects, including through aid to households, small businesses, nonprofit organizations, and industries such as tourism and hospitality. For example household assistance could be for rent, mortgage, or utility costs incurred by the household prior to March 3, 2021, provided that state did not incur the cost of providing such assistance prior to March 3, 2021. Funds may be used for vaccine incentive and back to work incentive programs.
- Provide premium pay to essential employees or grants to their employers. Premium pay cannot exceed \$13 per hour or \$25,000 per worker. Federal interim rules emphasize the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150 percent of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers. Recipients may provide premium pay retrospectively for work performed at any time since the start of the COVID-19 public health emergency. Such premium pay must be "in addition to" wages and remuneration already received and the obligation

Federal ARP Act Funding for COVID-19 Recovery
August 2021
Executive Summary

to provide such pay must not have been incurred by the recipient prior to March 3, 2021.

- Provide government services affected by a revenue reduction resulting from COVID-19. The federal government gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. The calculation of lost revenue begins with the recipient's revenue in the last full fiscal year prior to the COVID-19 public health emergency and includes the 12-month period ending December 31, 2020, but use of funds for government services must be forward looking for costs incurred by the recipient after March 3, 2021.
- Make investments in water, sewer, and broadband infrastructure. Recipients may use awarded funds to cover costs incurred for eligible projects planned or started prior to March 3, 2021, provided that the project costs covered by the funds were incurred after March 3, 2021.

Counties and cities with populations primarily greater than 50,000 will receive their funding directly from the federal government. Other jurisdictions with populations primarily less than 50,000 will receive their funding distribution through the state and cannot receive more than 75 percent of their budget as of January 27, 2020. The state will have to distribute funds within 30 days of receiving them, subject to possible approved extensions. States that miss the deadline and any extensions would have to return any undistributed funds.

The funds will primarily be distributed in two distributions, with half delivered no later than 60 days after the date on which the state or local government receiving funding directly from the federal government submits the required certification form, and the remainder no earlier than a year later.

State and local governments cannot use the funds towards pensions or to offset revenue resulting from a tax cut enacted since March 3, 2021. They can transfer funds to private nonprofit groups, public benefit corporations involved in passenger or cargo transportation, and special-purpose units of state or local governments.

The state and cities and counties with populations of more than 250,000 residents have to file a Recovery Plan Performance Report by August 31, 2021, with the federal government and annually thereafter by the end of July. Each Recovery Plan Performance Report must be posted on the public-facing website of the recipient by the same date the recipient submits the report to the Department of the Treasury.

By January 31, 2022, the state and cities and counties receiving funding directly from the federal government also have to file a Project and Expenditure Report and then thereafter 30 days after the end of each quarter.

Other jurisdictions receiving their distribution from the state must file that report by April 30, 2022, but only annually thereafter.

Medicaid (MO HealthNet) funding

For Medicaid Federal Medical Assistance Percentage (FMAP) ¹ funding the act:

- Provides a temporary (for 2 years after implementation) 5 percent FMAP increase for states that enact the Affordable Care Act's Medicaid expansion. Missouri's voter-enacted Medicaid expansion is scheduled to begin accepting applications in October 2021.
- Increases the federal FMAP by 10 percent for state expenditures on home and community based services for 4 fiscal quarters if certain requirements are met. In September, the state received approval from the federal government for its projected spending plan to enhance, expand, and strengthen home and community-based services related to the increased FMAP.
- Provides an 85 percent FMAP for the first 3 years that a state covers mobile crisis intervention services for mental health or substance use disorders, expiring after 5 years.

The act also eliminates the cap on the rebate amount manufacturers are required to pay Medicaid on covered drugs, starting in 2024.

Education funding

The Department of Elementary and Secondary Education will receive \$1.96 billion from the act. At least 90 percent of that funding must be distributed to local school districts. The districts must reserve at least 20 percent of that funding to address learning loss. The department will also receive \$68.6 million for distribution to non-public schools. The funding will remain available through September 30, 2023.

Public and private institutions of higher education will receive \$627 million from the act. At least 50 percent of the allocated funding received must be spent on emergency financial aid for students. The funding will remain available through September 30, 2023.

¹ Another federal act in early 2020 provides Missouri a 6.2 percent FMAP increase beginning January 1, 2020, for MO HealthNet and other applicable programs. That increase remains available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. The state had an FMAP percentage of approximately 66 percent prior to that act. The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to the 2020 increase.

¹ This fund is used by the Department of Economic Development (DED) to support the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief for Renters and Landlords Program in Missouri). It was established in fiscal year 2021 primarily for spending federal COVID-19 assistance from another federal act; however, in June 2021 the DED made a one-time use of the fund to receipt \$107,860,096 in ARP Act awards due to grant drawdown and budgetary timing challenges. All receipts were fully disbursed in August 2021.
